The Renaissance, Poetry, Pavilion Without Walls Berrett-Koehler Publishers
 Excerpt: It is now known that "Inner-Conscious" ideas, impressions and thoughts play a most important part in the thought-world of every individual. Beyond every outer-conscious action there may be found a vast inner-conscious background. It is held that of our entire mental processes, less than ten per cent are performed in the field of outer-consciousness. As a well-known writer has so well expressed it: "Our self is greater than we know; it has peaks above and lowlands below the plateau of our conscious experience." Prof. Elmer Gates has forcibly put it; "At least ninety per cent

of our mental life is sub-conscious. If you will analyze your mental operations you will find that conscious thinking is never a continuous line of consciousness, but a series of conscious data with great intervals of sub-consciousness. We sit and try to solve a problem and fail. We walk around, try again and fail. Suddenly an idea dawns that leads to a solution of the problem. The sub-conscious processes were at work. We do not volitionally create our own thinking. It takes place in us. We are more or less passive recipients. We cannot change the nature of a thought, or of a truth, but we can, as it were, guide the ship by a moving of the helm." But, perhaps, the most beautiful expression of this underlying truth, is that of Sir Oliver Lodge, who says in his consideration of the subject: "Imagine an iceberg glorying in its crisp solidity, and sparkling pinnacles,

resenting attention paid to its submerged self, or supporting region, or to the saline liquid out of which it arose, and into which in due course it will someday return. Or, reversing the metaphor, we may liken our present state to that of the hull of a ship submerged in a dim ocean among strange monsters, propelled in a blind manner through space; proud perhaps of accumulating many barnacles of decoration; only recognizing our destination by bumping against the dock-wall; and with no cognizance of the deck and cabins above us, or the spars and sails-no thought of the sextant, and the compass, and the captain-no perception of the look-out on the mast-of the distant horizon. With no vision of objects far ahead-dangers to be avoided-destinations to be reached-other ships to be spoken to by means other than by bodily contact-a

region of sunshine and cloud, of space, or perception, and of intelligence utterly inaccessible below the waterline."

"Never has the world needed strong and wise American leadership more than it does now. Abramsky's eminently readable description of Obama's personal gifts makes it clear that he is remarkably suited to be the president the moment requires." -Former New York Governor Mario M.

Cuomo From the moment he burst onto the national political scene, Barack Obama has fascinated people more than any politician in decades. Many biographers have already retold his story, but no previous book truly explains how his mind works, what passions drive him, or what makes him such an effective leader. This concise profile explores the ideas, inspirations, and experiences that have shaped the president. It quotes a wide network of sources, including many who broke long-standing vows of silence to offer their candid and surprising observations. Award-winning journalist Sasha Abramsky interviewed close to one hundred of Obama's current and former friends, colleagues, classmates, teachers, staff, mentors, basketball buddies, fellow Chicago activists, media consultants, editors, and even his next-door neighbors from Hyde Park. These people each know a part of Obama's life and career, which the author blends the pieces into a uniquely detailed analysis. Abramsky explains the origins of Obama's extraordinary poise, focus, and self-confidence; his powerful storytelling and speaking skills; and his empathetic listening style. He shows why Obama's experiences as a community organizer are widely misunderstood and more influential than many people realize. And he explores

how Obama found a unique way to bridge America's racial divides. No previous book has delved so deeply into the events and people that helped make Barack Obama the man he is today.

A "powerful and original" (The Times) historical saga that follows the quest for identity, redemption and home in the wake of World War II. One night in autumn 1944, a gunshot echoes through the alleyways of a small town in occupied Poland. An SS officer is shot dead by a young Polish Jew, Margarita Ejzenstain. In retaliation, his commander orders the execution of thirty-seven Poles—one for every year of the dead man's life. First hidden by a sympathetic German couple, Margarita must then flee the brutal advance of the Soviet army with her newborn baby. So begins a thrilling panorama of intermingled destinies and events that reverberate from that single act of defiance. *Kingdom of Twilight* follows the lives of Jewish refugees and a German family resettled from Bukovina, as well as a former SS officer, chronicling the geographical and psychological dislocation generated by war. A quest for identity and truth takes them from refugee camps to Lübeck, Berlin, Tel Aviv, and New York, as they try to make sense of a changed world, and of their place in it. Hypnotically lyrical and intensely moving, Steven Uhly's epic novel is a finely nuanced yet shattering exploration of universal themes: love, hatred, doubt, survival, guilt, humanity, and redemption.

from the bestselling author of *The Circle* and the Crosscomes Caiseal Mor's best novel yet Ranging from the lush beauty of twelfth-century Ireland to the dangerous secrets of a desert fortress, this magnificent new novel set in the time of the Crusades will attract even more readers to this very special author. Caiseal's previous novels have brilliantly blended elements of history, adventure, legend and magic. In *The Tilecutter's Penny* all these elements are again strikingly in evidence, in a remarkable story that combines the ancient legends of the Holy Grail with a story of courage, love and intrigue. It is the time when the Normans ruled Ireland. In the Holy Land far to the east, the city of Jerusalem is fought over by Crusaders and Saracens. Among the Crusaders are the holy orders of the mysterious Templar Knights and their rivals, the Knights of St John the Hospitaller. These knights not only wish to keep Jerusalem from the hands of the infidel, they also wish to unlock the secrets of the fabled treasures within Jerusalem's Holy Sepulchre -- the most revered site in Christendom. In a small Irish village, the chieftain lies dying. Mathuin is an old man now, but he once travelled to the Holy Land with his Norman lord, William Fitz William, and fought for Jerusalem. Now his heart is broken: Jerusalem has fallen. In the Holy Land Mathuin and William had become acquainted with the Templar Knights. William had been admitted as a postulant to the order, and when his old friend Mathuin dies, he decides it is time to devote his life to prayer and contemplation. The running of his estate he leaves to his son Robert, a pious young man. His other son, Rufus, is a disappointment to him: a young man concerned with little but his own ambition and pleasures -- and little thought for those who get in his way. It is not long after William's retirement to the seclusion of the abbey that Robert decides he, too, must leave his home and fight in the Holy Land as his father did before him. And he convinces Mathuin's son Donal to accompany him. A tilecutter from the East has been employed by William to create beautiful mosaics depicting the Holy Land in his chapel. Although Donal is reluctant to leave his home and his wife Elish to go

on a Crusade, he is fascinated by the tilecutter's stories. Before Donal leaves, the tilecutter cuts a penny in half and gives one piece to Donal, and one to Elish. The penny will be Donal's messenger: if Elish receives his half, she will know that he is dead. Not long after Donal and William's first bloody battle in the Holy Land in the army of Richard the Lion Heart, they become trapped in the desert fortress of Mont Salvat. The fortress belongs to the Knights Templar. But all is not as it seems, and they soon discover that the young Geoffrey d'Acre is also a prisoner. Geoffrey has undergone the Templars' terrifying initiation, but the knights believe that he is withholding information from them of the most precious kind: the location of sacred treasures from the Holy Sepulchre. Meanwhile in Ireland, Rufus takes to the role of lord with gusto. He begins to hatch a plan that will maintain his present power despite his brother -- and despite his father's wishes. In Donal's absence, Elish becomes more involved in the running of the village and the estate, and it is with concern that she sees a Culdee -- a follower of old ways -- persecuted and hunted. But she must also deal with Rufus's ambitions, which include his ambition to make her his own ... Before the two halves of the tilecutter's penny can be rejoined, both Donal and Elish must summon all their courage and daring to survive. *The Tilecutter's Penny* is a rich and gripping story of action and adventure, love and betrayal, and legendary treasures which some will risk anything to obtain.

There's nothing easy about apology. The news is filled with examples of leaders apologizing, needing to apologize, or failing miserably at the attempt. And certainly we all have occasion to apologize ourselves—maybe more often than we realize. But we don't need more apologies, says John Kador—we need better ones. Too many people just go through the

motions, missing out on the power of apology to restore strained relationships, create possibilities for growth, and generate better outcomes for all. Effective Apology challenges you to think about the fundamental value and importance of apology as it delivers detailed advice for making an apology that truly heals and renews. Kador explores the Five Rs of apology: Recognize the wrong and the person harmed; accept moral Responsibility for your actions; express Remorse; provide meaningful Restitution; and offer assurance that the offense will not be Repeated. Making apology work in the real world—when and how to apologize, in what medium, and how to make it stick—is made clear through over seventy examples of good and bad apologies drawn from the news, popular culture, and the experiences of Kador, his clients, and his friends. The willingness to apologize signals strength, character, and integrity. Effective leadership is impossible without effective apology. John Kador shows how to craft and deliver a confident apology that will defuse resentment, reduce litigation, create goodwill, and transform a relationship ruptured by mistrust and disappointment into something stronger and more durable than it ever was before.
