Kerry Powell examines Wilde's plays in relation to popular theatre of the 1890s, both in England and on the Continent. Along with revealing insights into the sexual and moral politics of the era, Powell provides an indispensable basis for understanding Wilde's achievement as a playwright. At his best, Wilde reconstitutes the dramatic fashions of the era, and partly as a result his plays have prevailed over the works, many now forgotten, that they simultaneously imitate and undermine. Through his analysis, Powell looks at the plays of, among others, Arthur Shirley, Lady Violet Greville, Sydney Grundy and W. Lestocq as well as the impact of Ibsen on Wilde. The book contains production photographs from plays by Wilde and by little-known playwrights and an appendix of biographies. Oscar Wilde and the Theatre of the 1890s will be of interest to students and specialists of drama, theatre history and English literature.

(Applause Books). Martin Sherman's worldwide hit play *Bent* took London by storm in 1979 when it was first performed by the Royal Court Theatre, with Ian McKellen as Max (a character written with the actor in mind). The play itself caused an uproar. "It educated the world," Sherman explains. "People knew about how the Third Reich treated Jews and, to some extent, gypsies and political prisoners. But very little had come out about their treatment of homosexuals." Gays were arrested and interned at work camps prior to the genocide of Jews, gypsies, and handicapped, and continued to be imprisoned even after the fall of the Third Reich and liberation of the camps. Portsmouth's historic Music Hall has welcomed the best from Victorian superstars Buffalo Bill, Tom Thumb, and Mark Twain to today's top musicians, comics, authors, and performers. Built in 1878, expanded by Frank Jones in 1901, the theater's spacious stage and phenomenal acoustics have made it one of the finest venues in New England. Within these brick walls generations have

seen America evolve from minstrel shows and silent films to jaw-dropping musicals and Hollywood blockbusters, from animal acts to symphony orchestras, and from vaudeville slapstick to provocative Ted talks. Behind the scenes, the Music Hall story is a wild ride from thriving to barely surviving and back. Fully researched, artfully written, and richly illustrated, this volume is a must-read for anyone who cherishes the performing arts. Shattered and decaying during World War II, New Hampshire's vintage venue went on the auction block in 1945. Recast as the Civic, it served as a movie house for the next four decades. Following two failed revivals in the 1980s, the century-old structure came close to being turned into condominiums. Saved from demolition by a grassroots team of volunteers, the nonprofit Friends of the Music Hall launched an unprecedented \$13.5 million capital campaign. Signature programs like the "Telluride by the Sea" film festival and "Writers on a New England Stage" have put New Hampshire's historic theater on the national map. Today the restored Music Hall delivers hundreds of diverse cultural events annually, both in the historic 900-seat hall and in its modern new Loft stage nearby. Digging even deeper, this book traces the development of the performing arts in Portsmouth from the arrival of its first settlers. We glimpse the city's colonial gentry partying at the Assembly House, hear the shrill sounds of

early church singers, and wander the "lewd amusements" of a post-Revolutionary seaport. We watch as an acre of forest land is transformed from an almshouse and prison to a church, a temperance hall, a public lyceum and a theater. And we discover how that beloved theater--called "the beating heart of cultural Portsmouth"--has shaped the city that built and preserved it.
