 This Wall Street Journal bestseller, USA Today bestseller and Canadian Book Club Awards winner is filled with true stories about how one small deed can make a world of difference. "Elegant and wise" (Deepak Chopra), "The most uplifting and life-affirming book in years." (Forbes) Brad Aronson's life changed in an instant when

his wife, Mia, was diagnosed with leukemia. After her diagnosis, Brad spent most of the next two and a half years either by her side as she received treatment or trying to shield their five-year-old son, Jack, from the worst of Mia's illness. Amid the stress and despair of waiting for the treatment to work, Brad and Mia were met by an outpouring of kindness from friends, family and even complete strangers. Inspired by the many demonstrations of "humankindness" that supported their family through Mia's recovery, Brad began writing about the people who rescued his family from that dark time, often with the smallest of gestures. But he didn't stop there. Knowing that simple acts of kindness transform lives across the globe every day, he sought out these stories and shares some of the best ones here. In

HumanKind, you'll meet the mentor who changed a child's life with a single lesson in shoe tying, the six-year-old who launched a global kindness movement, the band of seamstress grandmothers who mend clothes for homeless people, and many other heroes. Brad also provides dozens of ways you can make a difference through the simplest words and deeds. You'll discover how buying someone a meal or sharing a little encouragement at the right time can change someone's world, as well as your own. The resource section at the back of the book provides guidance and organizations that will help you channel and amplify your own acts of kindness. Here you'll discover: How you can fund a surgery to cure someone's blindness with a donation of less than \$200. Organizations through which you can provide a birthday gift for a child who

otherwise wouldn't receive one. Multiple places where you can send letters of encouragement to support hospitalized kids, lonely seniors, refugees, veterans and others in need. And over fifty more ways you can change a life. *HumanKind* will leave you grateful for what you have and provide a refuge from the negativity that surrounds us. This feel-good book will touch your heart. You'll laugh, you'll cry and you'll be reminded of what really matters. All author royalties go to Big Brothers Big Sisters.

As the category of women's spirituality continues to grow, *The Buddha's Wife* offers to a broad audience for the first time the intimate and profound story of Princess Yasodhara, the wife Buddha left behind, and her alternative journey to spiritual enlightenment. What do we know of the wife and child the Buddha abandoned when he went off to seek his enlightenment? *The Buddha's Wife* brings this rarely told story to the forefront, offering a nuanced portrait of this compelling and compassionate figure while also examining the practical applications her teachings have on our modern lives. Princess Yasodhara's journey is one full of loss, grief, and suffering. But through it, she discovered her own enlightenment within the deep bonds of community and "ordinary" relationships. While traditional Buddhism emphasizes solitary meditation, Yasodhara's experience speaks of "The Path of Right Relation," of achieving awareness not alone but together with others. *The Buddha's Wife* is comprised of two parts: the first part is a historical narrative of Yasodhara's fascinating story, and the second part is a "how-to" reader's companion filled with life lessons, practices, and reflections for the modern seeker. Her story provides a relational path, one which speaks directly to our everyday lives and offers a doorway to profound spiritual maturation, awakening, and wisdom beyond the solitary, heroic journey.

A sympathetic illustrated guide to learning to live with your mind--even when it tries to trick you. Most of us spend our lives trailing after our minds, allowing our brains to take us in directions that are safe and secure, controlled and conformed. Your mind doesn't want you to take that new job, sign up for that pottery class, or ask someone out. It wants you to stay unemployed, unfulfilled, and single because it enjoys routine and is resistant to change, no matter how positive the

change may be. But more often than not, that's not what you want. *Whose Mind Is It Anyway?* will help you learn how to separate what you want from what your brain wants and how to do less when your mind is trying to trick you into doing more. In a colorful, funny, and nonthreatening way, it answers the difficult question of how we can take control of our self-defeating behaviors. Filled with charming illustrations, this book will be the friendly voice in your head to counter your negative thoughts, and it will teach you how to finally be at peace with all that you are.

In 1897 only two years after the invention of film the first feature film about Jesus appeared. This and other films about Jesus became examples for and an inspiration for films on other important religious figures like Rama, Buddha and Muhammad. Although religious leaders did not always approve of these films, they did find a ready audience among believers. This book explores these films and looks at how these films dealt with the fundamental question of portraying an individual thought to have either divine status or a very special and unique status among human beings. This book will thus benefit not only students of religious film but also those studying the portrayal of central religious figures in the contemporary world.

Hermann Hesse, the author, has narrated a lot about Siddhartha and his spiritual journey. A lot has been discussed about Siddhartha. He is loved by everyone. He is a source of joy for everybody, but he, Siddhartha, is not a source of joy for himself, he finds no delight in himself. Siddhartha has started to nurse discontent in himself, he has started to feel that the love of his father and his mother, and love of his friend, will not bring him joy forever and ever, will not nurse him, freed him, satisfy him. Siddhartha has many queries in his mind like as, "Do the sacrifices give a happy fortune?", "What about the Gods?", "Was it really Prajapati who had created the world?" "Was it not the Atman, the singular one?" Siddhartha meets his father and says, "With your permission, my father, I have come to tell you that it is my longing to leave your house tomorrow and go to ascetics. My desire is to become a Samara." His father says-"You will go into the go forest and be a Samara , when you will find blissfulness in the forest, come back and teach me to be blissful." This is just an excerpt, the whole book consists of spiritualistic way of narration, thus becomes interesting one. Once you start reading can't resist to leave the book in the mid.

A Los Angeles Times Bestseller "Raises timely and important questions about what religious freedom in America truly means." —Ruth Ozeki "A must-read for anyone interested in the implacable quest for civil liberties, social and racial justice, religious freedom, and American belonging." —George Takei On December 7, 1941, as the bombs fell on Pearl Harbor, the first person detained was the leader of the Nishi Hongwanji Buddhist sect in Hawai'i. Nearly all Japanese Americans were subject to accusations of disloyalty, but Buddhists aroused particular suspicion. From the White House to the local town council, many believed that Buddhism was incompatible with American values. Intelligence agencies targeted the Buddhist community, and Buddhist priests were deemed a threat to national security. In this pathbreaking account, based on

personal accounts and extensive research in untapped archives, Duncan Ryūken Williams reveals how, even as they were stripped of their homes and imprisoned in camps, Japanese American Buddhists launched one of the most inspiring defenses of religious freedom in our nation's history, insisting that they could be both Buddhist and American. "A searingly instructive story...from which all Americans might learn." —Smithsonian "Williams' moving account shows how Japanese Americans transformed Buddhism into an American religion, and, through that struggle, changed the United States for the better." —Viet Thanh Nguyen, author of *The Sympathizer* "Reading this book, one cannot help but think of the current racial and religious tensions that have gripped this nation—and shudder." —Reza Aslan, author of *Zealot*

If you have ever loved or cared for an animal, then Little Buddha Dog will touch your heart! Written through the voice of Countess, a little dog whose heart is full of joy, she recounts the wonderful blessings of unconditional love shared with her Mum, and their last day together. Ready to pass through the veils from earth to heaven, their final goodbye is both touching and sweet as they honor each other in this final act of surrender. This little book is really a gift from Countess to all animal lovers who have lost their beloved pet, or for anyone considering end of life care and their pets final needs as they approach their last days of life. Faced with the decision of how to love them best during their final passage from life to death and eternity is never easy. Little Buddha Dog offers a beautiful and comforting short love story of how their last day and final moments of life together were shared with grace, honor, respect and unconditional love. Sometimes love is also about letting go...even when we feel our hearts are breaking in the process. Sometimes the greatest love we can extend to our beloved pet is the final act of caring enough to say goodbye. To release them from their suffering and knowing when to say goodbye is an act of love. This is not about us. . . this is about the precious life of an animal we cared for and loved so deeply. We must find the courage within ourselves to accept this final act as a gift of love, knowing in our hearts that Grace is fully present in these final moments of surrender. As they are letting go of life, we learn how to let go of them. Their eyes and hearts tell us everything we need to know. They are ready when they are ready and we must

know that, lovingly. If we are the ones bestowed with the honor of being their caretaker during their life, then we too must be worthy of such devotion at the end of their lives. To gently ease their way out of pain and suffering is our final, courageous act of love.
