New York Times Bestseller Award-winning and New York Times bestselling author Laura Lippman's Tess Monaghan—first introduced in the classic Baltimore Blues—becomes involved in a complicated investigation that will force her to question her loyalties. “Chilling, insightful, and edge-of-your seat exciting.”—USA Today For Tess Monaghan, the unsolved murder of a young federal prosecutor is nothing more than a theoretical problem, one of several cases to be deconstructed in her new gig as a consultant to the local newspaper. But it becomes all too tangible when her boyfriend, Crow, brings home a young street kid who's a juvenile con artist and who doesn't even realize he holds an important key to the sensational homicide. Tess agrees to protect the boy's identity no matter what, especially when one of his friends is killed in what appears to be a case of mistaken identity. But as she soon discovers, her ethical decision to protect him has dire consequences. And with federal agents determined to learn the boy's name at any cost, Tess finds out just how far even official authorities will go to get what they want. It isn't long before Tess finds herself facing felony charges. To make matters worse, Crow has gone into hiding with his young protégé. So Tess can't deliver the kid to investigators even if she wants to. Now her only recourse is to get to the heart of the sordid and deadly affair while they're all still free...and still breathing.

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time

Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. The seventh book in the Osho Life Essentials series.The old, simplistic categorization of human behaviors into moral categories of "right and wrong" as regulated by the Ten Commandments or other rules of "good and bad" behavior strike many people today as either hopelessly outdated or completely irrelevant. In a global world, we are in search of universal values - values based on a contemporary understanding that unifies us as human beings beyond the divisions of religions, nations, and race.In this volume, Osho speaks directly to this contemporary search as he introduces us to a new and higher level in our quest for values that make sense in the world we live in - a level that goes far beyond moral codes of behavior. His vision is of a transformed human being who is nothing less than the next step in evolution. In Osho's vision the validation of right and wrong does not come from the outside through laws and commandments, but through an inner connectivity and oneness with existence.

Praise for Robust Portfolio Optimization and Management "In the half century since Harry Markowitz introduced his elegant theory for selecting portfolios, investors and scholars have extended and refined its application to a wide range of real-world problems, culminating in the contents of this masterful book. Fabozzi, Kolm, Pachamanova, and Focardi deserve high praise for producing a technically rigorous yet remarkably accessible guide to the latest advances in portfolio construction." --Mark Kritzman, President and CEO, Windham Capital Management, LLC "The topic of robust optimization (RO) has become 'hot' over the past several years, especially in real-world financial applications. This interest has been sparked, in part, by practitioners who implemented classical portfolio models for asset allocation without considering estimation and model robustness a part of their overall allocation methodology, and experienced poor performance. Anyone interested in these developments ought to own a copy of this book. The authors cover the recent developments of the RO area in an intuitive, easy-to-read manner, provide numerous examples, and discuss practical considerations. I highly recommend this book to finance professionals and students alike." --John M. Mulvey, Professor of Operations Research and Financial Engineering, Princeton University

Fueled by media reports of gender bias in the schools, the debate over single sex education has been recently renewed. "Voices of Hope" asks for a reconsideration of the framing of that debate. For whom is single sex education better? For the attainment of which goals? What do girls gain by being schooled with male peers? What is lost? In this longitudinal study of more than fifty high school girls at four New England independent schools, Carole B. Shmurak follows their development from ninth grade through the first year of college. Case studies capture the girls' own voices as they describe their hopes for their futures and the events that subsequently affect those futures.

In the far future, Earth is about to be swallowed by a black hole in this sweeping SF epic from one of the masters of the genre. In a time so far from our own that we cannot comprehend it, humanity has spread amongst the stars and changed in more ways than we can count. But they have never forgotten their birthplace - Earth. But now Earth stands on the brink of catastrophe, at risk of being swallowed by a black hole. One man, Hanosz Prime, ruler of his world, is determined to visit Earth before it is destroyed. His abdication from his throne and his wanderlust are to prove the beginning of a much longer journey - one that will see him fall in love, meet the Oracles of Earth and perhaps, if he is very lucky, provide a means to save the cradle of humanity. Originally started by Robert Silverberg more than 20 years ago but never completed, Hanosz's story is taken up by Alvaro Zinos-Amaro. Silverberg hand-picked Zinos-Amaro to complete the book, and provided notes and guidance. The result is a remarkable collaboration between one of the masters of SF and one of the most exciting new voices in the genre.

A richly imagined, remarkably written story of the woman who created Little Women—and how love changed her in ways she never expected. Countless readers have fallen in love with Little Women. But how could the author—who never had a romance—write so convincingly of love and heartbreak without experiencing it herself? Deftly mixing fact and fiction, Kelly O'Connor McNees returns to the summer of 1855, when vivacious Louisa is twenty-two and bursting with a desire to free herself from family and societal constraints so she can do what she loves most. Stuck in small-town New Hampshire, she meets Joseph Singer, and as she opens her heart, Louisa finds herself torn between a love that takes her by surprise and her dream of independence as a writer in Boston. The choice she must make comes with a steep price that she will pay for the rest of her life.
