After the terrorist attacks on the Pentagon and the World Trade Center, American flags appeared everywhere. Is patriotism a good response at a time of national crisis? What does it mean for us to think of ourselves as a nation first? With our connections to the world growing stronger and more vital than ever, Martha C. Nussbaum argues that we should distrust conventional patriotism as parochial and instead see ourselves first of all as "citizens of the world." Sixteen prominent writers and thinkers respond, including Benjamin R. Barber, Sissela Bok, Nathan Glazer, Robert Pinsky, Elaine Scarry, Amartya Sen, and Michael Walzer. NEW DEMOCRACY FORUM A series of short paperback originals exploring creative solutions to our most urgent national concerns. The series editors (for Boston Review), Joshua Cohen and Joel Rogers, aim to foster politically engaged, intellectually honest, and morally serious debate about fundamental issues-both on and off the agenda of conventional politics.

A celebration of the extraordinary courage, dedication, and sacrifice of this generation of American veterans on the battlefield and their equally valuable contributions on the home front.

Because so few of us now serve in the military, our men and women in uniform have become strangers to us. We stand up at athletic events to honor them, but we hardly know their true measure.

Here, Starbucks CEO and longtime veterans' advocate Howard Schultz and National Book Award finalist Rajiv Chandrasekaran of The Washington Post offer an enlightening, inspiring corrective. The authors honor acts of uncommon valor in Iraq and Afghanistan, including an Army sergeant who repeatedly runs through a storm of gunfire to save the lives of his wounded comrades; two Marines who sacrifice their lives to halt an oncoming truck bomb and protect thirty-three of their brothers in arms; a sixty-year-old doctor who joins the Navy to honor his fallen son. We also see how veterans make vital contributions once they return home, drawing on their leadership skills and commitment to service: former

soldiers who aid residents in rebuilding after natural disasters; a former infantry officer who trades in a Pentagon job to teach in an inner-city neighborhood; a retired general leading efforts to improve treatments for brain-injured troops; the spouse of a severely injured soldier assisting families in similar positions. These powerful, unforgettable stories demonstrate just how indebted we are to those who protect us and what they have to offer our nation when their military service is done.

Friendship, a newcomer - and romance ... from the author of THE VILLAGE GREEN AFFAIR. When Seb joins Barleybridge, the last thing on his mind is romance. Keen to settle into his first real job and make a good impression he embraces the working life of a country vet. He has almost forgotten his high maintenance ex-girlfriend Carly and concentrates on settling down to a job he really loves. Seb is to find that his expertise with animals and their owners leads to a friendship with the upper-class Jilly and rather more than that with Maggie whose family is heartbroken when he diagnoses their alpacas with TB. But when a surprise meeting in the Practice itself turns his world upside down...

The Pocket Book of Patriotism

PublicAffairs

A timely and moving collection from the renowned inaugural poet on issues facing our country and people—immigration, gun violence, racism, LGBTQ issues, and more. Through an oracular yet intimate and accessible voice, Richard Blanco addresses the complexities and contradictions of our nationhood and the unresolved sociopolitical matters that

affect us all. Blanco digs deep into the very marrow of our nation through poems that interrogate our past and present, grieve our injustices, and note our flaws, but also remember to celebrate our ideals and cling to our hopes. Charged with the utopian idea that no single narrative is more important than another, this book asserts that America could and ought someday to be a country where all narratives converge into one, a country we can all be proud to love and where we can all truly thrive. The poems form a mosaic of seemingly varied topics: the Pulse nightclub massacre; an unexpected encounter on a visit to Cuba; the forced exile of 8,500 Navajos in 1868; a lynching in Alabama; the arrival of a young Chinese woman at Angel Island in 1938; the incarceration of a gifted writer; and the poet's abiding love for his partner, who he is finally allowed to wed as a gay man. But despite each poem's unique concern or occasion, all are fundamentally struggling with the overwhelming question of how to love this country.

Thousands of black cowpunchers drove cattle up the Chisholm Trail after the Civil War, but only Nat Love wrote about his experiences. Born to slaves in Davidson County, Tennessee, the newly freed Love struck out for Kansas after the war. He was fifteen and already endowed with a reckless and romantic readiness. In wide-open Dodge City he joined up with an outfit from the Texas Panhandle to begin a career riding the range and fighting Indians, outlaws, and the elements. Years later he would say, "I had an unusually adventurous life". That was rare understatement. More characteristic was Love's claim: "I carry the marks of fourteen bullet wounds on

different parts of my body, most any one of which would be sufficient to kill an ordinary man, but I am not even crippled". In 1876 a virtuoso rodeo performance in Deadwood, Dakota Territory, won him the moniker of Deadwood Dick. He became known as DD all over the West, entering into dime novels as a mysteriously dark and heroic presence. This vivid autobiography includes encounters with Bat Masterson and Billy the Kid, a soon-after view of the Custer battlefield, and a successful courtship. Love left the range in 1890, the year of the official closing of the frontier. Then, as a Pullman train conductor he traveled his old trails, and those good times bring his story to a satisfying end.

Feeling Global Univ of California Press Amitai Etzioni has made his reputation by transcending unwieldy, and even dangerous, binaries such as left/right or globalism/nativism. In his new book, Etzioni calls for nothing less than a social transformation—led by a new social movement—to save our world’s democracies, currently under threat in today’s volatile and profoundly divided political environments. The United States, along with scores of other nations, has seen disturbing challenges to the norms and institutions of our democratic society, particularly in the rise of exclusive forms of nationalism and populism. Focusing on nations as the core elements of global communities, Etzioni envisions here a patriotic movement that rebuilds rather than splits communities and nations. Beginning with moral dialogues that seek to find common ground in our values and policies, Etzioni sets out a path toward cultivating a "good" form of nationalism based on this shared understanding of the common good.

Working to broaden civic awareness and participation, this approach seeks to suppress neither identity politics nor special interests in its efforts to lead us to work productively with others.

Reclaiming Patriotism offers a hopeful and pragmatic solution to our current crisis in democracy—a patriotic movement that could have a transformative, positive impact on our foreign policy, the world order, and the future of capitalism.

A rediscovery of patriotism as a virtue in line with the core values of democracy in an extremist age The concept of patriotism has fallen on hard times.

What was once a value that united Americans has become so politicized by both the left and the right that it threatens to rip apart the social fabric.

On the right, patriotism has become synonymous with nationalism and an “us versus them” worldview, while on the left it is seen as an impediment to

acknowledging important ethnic, religious, or racial identities and a threat to cosmopolitan globalism. Steven B.

Smith reclaims patriotism from these extremist positions and advocates for a patriotism that is broad enough to balance loyalty to country against other loyalties. Describing how it is a matter of both the head and the heart, Smith shows how patriotism can bring the

country together around the highest ideals of equality and is a central and ennobling disposition that democratic societies cannot afford to do without.

Love Your Enemies Sarabande Books
Why are poor Americans so patriotic? They have significantly worse social benefits compared to other Western nations, and studies show that the American Dream of upward mobility is, for them, largely a myth. So why do these people love their country? Why have they not risen up to demand more from a system that is failing them? In *Broke and Patriotic*, Francesco Duina contends that the best way to answer these questions is to speak directly to America's most impoverished. Spending time in bus stations, Laundromats, senior citizen centers, homeless shelters, public libraries, and fast food restaurants, Duina conducted over sixty revealing interviews in which his participants explain how they view themselves and their country. He masterfully weaves their words into three narratives. First, America's poor still see their country as the "last hope" for themselves and the world: America offers its people a sense of dignity, closeness to God, and answers to most of humanity's problems. Second, America is still the "land of milk and honey:" a very rich and generous country where those who work hard can succeed. Third, America is the freest country on earth where self-determination is still possible. This book offers a stirring portrait of the people left behind by their country and left out of the national conversation. By giving them a voice, Duina sheds new light on a sector of American society that we are only beginning to recognize as a powerful force in shaping the country's future.

—Elizabeth Acevedo, *New York Times* bestselling author of *The Poet X*
From the acclaimed poet featured on *Forbes Africa's* "30 Under 30" list, this powerful novel-in-verse captures one girl, caught between cultures, on an unexpected journey to face the ephemeral girl she might have been. Woven through with moments of lyrical beauty, this is a tender meditation on family, belonging, and home. my mother meant to name me for her favorite flower its sweetness garlands made for pretty girls i imagine her yasmeeen bright & alive & i ache to have been born her instead Nima wishes she were someone else. She doesn't feel understood by her mother, who grew up in a different land. She doesn't feel accepted in her suburban town; yet somehow, she isn't different enough to belong elsewhere. Her best friend, Haitham, is the only person with whom she can truly be herself. Until she can't, and suddenly her only refuge is gone. As the ground is pulled out from under her, Nima must grapple with the phantom of a life not chosen—the name her parents meant to give her at birth—Yasmeeen. But that other name, that other girl, might be more real than Nima knows. And the life Nima wishes were someone else's. . . is one she will need to fight for with a fierceness she never knew she possessed.

An Irish Country Love Story is the eleventh heartwarming installment in New York Times and Globe and Mail bestselling author Patrick Taylor's beloved Irish Country series. It's the winter of 1967 and snow is on the ground in the colorful Irish village of Ballybucklebo, but the chilly weather can't stop love from warming hearts all over the county. Not just the love between a man and woman, as with young doctor, Barry Laverty, and his fiancée Sue Nolan, who are making plans to start a new life together, but also the love of an ailing pensioner for a faithful dog that's gone missing, the love of the local gentry for the great estate they are on verge of losing, or Doctor Fingal Flahertie O'Reilly's deep and abiding love for his long-time home and practice. For decades, ever since the war, Number One Main Street, Ballybucklebo, has housed O'Reilly and his practice. In recent years, it has also opened its doors to O'Reilly's wife, Barry Laverty, and a new addition to the practice, Doctor Nonie Stevens, a sultry and occasionally prickly young woman who may not be fitting in as well as she should. It is to Number One that patients young and old come when they need a doctor's care, for everything from the measles to a rare and baffling blood disease. An unexpected turn of events threatens to drive O'Reilly from his home for good, unless the entire village can rally behind their doctor and prove that love really can conquer all. In *Reenactments*, poet Hai-Dang Phan explores the history, memory, and legacy of the Vietnam War from his vantage point as a second-generation Vietnamese American. Woven throughout the poems is a narrative of his family's exodus from Vietnam that beautifully elucidates the American record of immigration, dislocation, inheritance, and ultimately hope. The poems are persuasively varied in their approach. The past and present, the remembered and imagined, all intersect at shifting angles, providing bold new perspectives. And, in a fresh move, Phan widens the lens, interspersing translations of several other contemporary Vietnamese poems to the mix. This subtle and moving debut is an important addition to the literature of immigration.

Reclaiming Patriotism in an Age of Extremes HarperCollins

In 2001, Captain James "Yusuf" Yee was commissioned as one of the first Muslim chaplains in the United States Army. After the tragic attacks of September 11, 2001, he became a frequent government spokesman, helping to educate soldiers about Islam and build understanding throughout the military. Subsequently, Chaplain Yee was selected to serve as the Muslim Chaplain at Guantanamo Bay, where nearly 700 detainees captured in the war on terror were being held as "unlawful combatants." In

September 2003, after serving at Guantanamo for ten months in a role that gave him unrestricted access to the detainees -- and after receiving numerous awards for his service there -- Chaplain Yee was secretly arrested on his way to meet his wife and daughter for a routine two-week leave. He was locked away in a navy prison, subject to much of the same treatment that had been imposed on the Guantanamo detainees. Wrongfully accused of spying, and aiding the Taliban and Al Qaeda, Yee spent 76 excruciating days in solitary confinement and was threatened with the death penalty. After the U.S. government determined it had made a grave mistake in its original allegations, it vindictively charged him with adultery and computer pornography. In the end all criminal charges were dropped and Chaplain Yee's record wiped clean. But his reputation was tarnished, and what has been a promising military career was left in ruins. Depicting a journey of faith and service, Chaplain Yee's *For God and Country* is the story of a pioneering officer in the U.S. Army, who became a victim of the post-September 11 paranoia that gripped a starkly fearful nation. And it poses a fundamental question: If our country cannot be loyal to even the most patriotic Americans, can it remain loyal to itself?

The volume, stemming from the long-term cooperation of scholars working on East Central European intellectual history, discusses the patterns of patriotic and national identification in the light of the multiplicity of levels of ethnic, cultural and political allegiances characterizing this region in the early modern period.

The Love of Country Beacon Press
NATIONAL BESTSELLER To get ahead today, you have to be a jerk, right? Divisive politicians. Screaming heads on television. Angry campus activists. Twitter trolls. Today in America, there is an "outrage industrial complex" that prospers by setting American against American, creating a "culture of contempt"—the habit of seeing people who disagree with us not as merely incorrect, but as worthless and defective. Maybe, like more than nine out of ten Americans, you dislike it. But hey, either you play along, or you'll be left behind, right? Wrong. In *Love Your Enemies*, social scientist and author of the #1 New York Times bestseller *From Strength to Strength* Arthur C. Brooks shows that abuse and outrage are not the right formula for lasting success. Brooks blends cutting-edge behavioral research, ancient wisdom, and a decade of experience leading one of America's top policy think tanks in a work that offers a better way to lead based on bridging divides and mending relationships. Brooks' prescriptions are unconventional. To bring America together, we shouldn't try to agree more. There is no need for mushy moderation, because disagreement is the secret to excellence. Civility and tolerance shouldn't be our goals, because they are hopelessly low standards. And our feelings toward our foes are irrelevant; what matters is how we choose to act. *Love Your Enemies* offers a clear strategy for victory for a new generation of leaders. It is a rallying cry for people hoping for a new era of American progress. Most of all, it is a roadmap to arrive at the happiness that comes when we choose to love one another, despite our differences.
