Seven Churches of Revelation One World  
Scores of competent Bible instructors have contributed experiences and observations for the pages of this long awaited handbook of counsel and instruction in the art of giving Bible readings. The personal and spiritual requirements for Bible teaching, the problems that confront every

Bible instructor, the psychology of approach, the various methods of cooperating with evangelistic efforts, sample outline studies--all form a part of the contents of this volume. It will prove not only a handbook of procedure for beginners but also a real inspiration to seasoned workers in the field of evangelism. Every pastor and evangelist as well as their Bible assistants and lay workers, will find it useful.

Some 300 articles, letters, and committee reports regarding the founding of Loma Linda as a training center for health workers is included in this unabridged edition of the original compilation by Elder John A. Burden. He originally named it "LOMA LINDA MESSAGES Divine Instruction the 'Blue Print' Thru [sic] the Inspired Pen of Ellen G. White." The original, and this present edition, consists of about two-thirds (by word count), of articles, sermons, and letters by E. G. White. But, unlike the Ellen G. White CD-

ROM, and some printed editions, the original and this present edition contain another one-third by word count of letters by some twenty different authors and various committee discussions and reports. This compilation by Elder Burden is an interesting record of the counsels given and of the struggles that leaders had, on all levels of the organization, as to how to implement the instructions sent them by God. This is a thrilling saga of faith challenged and faith rewarded. *Meditative Prayer* Rowman & Littlefield

The purpose of this book is to present a critically informed contemporary Pentecostal hermeneutic rooted in Pentecostal identity, in its stories, beliefs and practices. As Pentecostals began entering academic communities of higher learning, their interpretive methods became both mainstream and modernistic as they adapted the historical critical methods, or the so-called scientific hermeneutic. The proposed hermeneutic contained in this book desires to move beyond the impasse created by Modernity, instead pushing Pentecostals into the contemporary context by critically re-appropriating early Pentecostal ethos and

interpretive practices for a contemporary Pentecostal community. The Pentecostal hermeneutic is a three-way interaction for theological meaning between the Holy Spirit, the Pentecostal community and sacred Scripture.

written to inspire readers to use modern tools to tell their organizations unique story about their faith. At the end of the day, live streaming is a storytelling tool helping organizations reach those who may need guidance, education, or simply a nudge in the right direction. Social media has become a medium for empowering individuals to like and share the things they believe in. We live in a world that is more connected than ever before. Understanding that everyone on earth is connected in some way, within six degrees of separation, will be an important stepping stone in our thinking about social media. Your church now has the power to reach people in large connected networks which include groups of family members and friends. These are the people that are most important and most influential in lives of your church's current members and their extended online network. One of the main reasons why western religion has succeeded so greatly to this day is because it has always taken advantage of emerging technologies... The medium isn't the message; it's the medium that you use to communicate the message. In the 1500s, we saw the printing press emerge,

and bibles were being printed for the first time in history. We saw an explosion of what was being made available in written form, with new translations that were suddenly available all over the world... Over the past one hundred years, we have churches moving on to the radio with the early evangelical churches that have now moved into TV and televangelism... and now today we are moving into a new form of communication, where you can distribute your message on digital platforms using social media. The churches that are the most successful and most resonate with people are the ones delivering their message in the places that people are listening. Those who are producing content in a form that is consumable and makes sense in the day and age that we live in, we be to prosper from the fruits of new communication pathways.

The world is full of secular mysteries that cannot be explained or solved, yet people spend hours and hours researching, studying, and asking questions in an effort to find the answer to life's greatest secrets. Sadly, the mysteries of the Bible, which can be solved through study and prayer, are often ignored. *Secrets and Mysteries of the Lost Ark* walks you through a study of the ark of the covenant and the sanctuary, two important components of our Christian faith. Designed for individual use or as a group Bible study or church seminar, the twelve lessons in this study guide will prompt you to dive into the Word of God and uncover the truths that Jesus has placed within its pages. "Pastor James Hoffer is to be commended for writing about the sanctuary through this unique study method. This book unfolds the importance of the sanctuary message. I recommend this study to every Seventh-day Adventist." Norman R. Gulley, Ph.D., research professor in systematic theology, Southern Adventist University "Secrets and Mysteries of the Lost Ark is excellent for new church members and serves as a

wakeup-call for those who may have neglected the message that God has given to His last day church." Richard W. O'Ffill, revivalist and author "Many Adventists know so little about the sanctuary and our doctrines about it or their meanings. This could start a revival in those who read and study it." Carol Zarska, director, Mountain Refuge Family Ministries, and speaker on the subjects of the sanctuary and prayer "This is a creative, clear, concise study that shows how our fundamental beliefs can be traced back to the sanctuary. A heart-warming and inspiring journey to be sure." Dave Turner, participant in the first public seminar for this book

Using Multimedia in Worship The Path to the Throne of God  
2009 Catholic Press Association Award Winner! A decade after the untimely death of renowned Scripture scholar Father Raymond E. Brown, SS, he continues to inspire and inform scholars and preachers, students and pastoral ministers, lay and

ordained. It was only days after Father Brown's death that his final book was published by Liturgical Press. That book, *Christ in the Gospels of the Ordinary Sundays*, completed his six-volume series on preaching the Scriptures, a series that had begun in the mid-1970s with the publication of his popular *An Adult Christ at Christmas*. Those six volumes are collected here in one convenient commemorative edition to mark the tenth anniversary of Brown's death. Brown's work is left largely untouched, and readers will find that his wisdom is lasting. Yet Brown, being a scholar's scholar, would recognize the need for some enhancement in a work being republished some thirty years after the first volume appeared. Appropriately, then, this edition contains introductory essays by Brown's colleagues and friends John R. Donahue, SJ, and Ronald D. Witherup, SS, as well as useful indexes and a bibliography of resources for preaching the word of God in the context of the lectionary. As Witherup notes in his preface, Brown had the rare capacity to simplify complex biblical studies in a manner that did not 'dumb down' the material but allowed it to be

understood by a wide audience. . . . He did this in a fashion that was both inspiring and educational. That very broad audience 'those who grew up with Brown, so to speak, as well as a whole new generation of readers and preachers of the word' will find this book to be a source of inspiration and knowledge that they will turn to again and again. Raymond E. Brown, S.S., (1928-1998) was the Auburn Distinguished Professor of Biblical Studies at Union Theological Seminary in New York City. He was author of some forty books on the Bible and past president of three of the most important biblical societies in the world. By appointment of two popes (Pal VI in 1972, John Paul II in 1996) Brown was a member of the Roman Pontifical Biblical Commission. Time magazine called him probably the premier Catholic Scripture scholar of the U.S.

Beginning with the destruction of Jerusalem and continuing through the persecutions of Christians in the Roman Empire, the apostasy of the Dark Ages, the shining light of the Reformation, and the worldwide religious awakening of the

nineteenth century, this volume traces the conflict into the future, to the Second Coming of Jesus and the glories of the earth made new. In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and His truth.

This book explores how Seventh-day Adventists, like other Christians, can benefit from generating their own version of *communio ecclesiology*. It starts by offering a critical analysis of the status quo of the existing Adventist portrayal of church as remnant, and suggests potential ways of moving this tradition forward. To articulate a more rounded and comprehensive vision of the church's rich and multifaceted relational nature, this book draws on the mainstream Christian *koinonia*-based framework. Consequently, it provides possible solutions to some of the most divisive ecclesial issues that Christian communities face today regarding church structure, ministry, mission, communal interpretation, and reform. As it sets on a new footing the

conversation between Adventism and other mainstream Christian traditions, the methodology of this book serves as a pathway for any Christian community to use when revisiting and enhancing its own current theologies of the church.

Thomas Scirghi, SJ, has trained priests,

deacons, and lay ecclesial ministers in the art and theology of preaching for decades. In *Longing to See Your Face*, he makes his insights and experience accessible to a much wider audience. Scirghi begins with a discussion of the purpose of preaching and offers a theological sounding on proclamation, taking up several descriptions of the role of the preacher in relation to the congregation. He also addresses current theological issues for the contemporary preacher. The second part of the book discusses the practical matter of preparing to preach and proposes a method of preparation by following a pattern of reflection, research, writing, and rehearsing. The third part focuses on two specific sacramental celebrations: funeral and weddings.

Our culture has undergone a major shift: younger generations have less and less interest in the printed word as they become predominantly image oriented. In response, as congregations increasingly learn to be more sophisticated in using newer electronic technologies, they are finding themselves at different places in

the quest to understand, acquire, manage, and benefit from the technology boom. Worship leaders in congregations already using some electronic media are realizing that they could be doing more with it, and are seeking new ideas. Congregational leaders scrambling to catch up with a worship committee that has decided it's time for a change aren't sure of the next steps. Or maybe there's been a gift to the congregation to be spent on electronics, and no one is quite sure how best to use the money. Michael Bausch's book grows out of several years' of conversation, personal experimentation, and experience with multimedia worship in one modest-sized, small-town church, while also drawing on the experiences and work of other churches learning to use electronic media in worship. Bausch balances concern for practical issues, such as finances and architecture, with attention to theological integrity and the challenges of sustaining media-enhanced worship. He skillfully shows how the artistic resources of the world around us can enhance our awareness of God's presence in worship. The Return of Cassandra Todd Pearson Education

The critically acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.
