The Subconscious Mind and the Chalice Penguin
 The bestselling and revolutionary book that serves as a “landmark in our understanding of the mind-body connection” (Deepak Chopra, MD). Why do we feel the way we feel? How do our thoughts and emotions affect our health? In her groundbreaking book *Molecules of Emotion*, Candace Pert—an extraordinary neuroscientist who played a pivotal role in the discovery of the opiate receptor—provides startling and decisive answers to these and other challenging questions that scientists and philosophers have pondered for centuries. Pert's pioneering research on how the chemicals inside our bodies form a dynamic information network, linking mind and body, is not only provocative, it is revolutionary. By establishing the biomolecular basis for our emotions and explaining these scientific developments in a clear and accessible way, Pert empowers us to understand ourselves, our feelings, and the connection between our minds and our bodies—or bodyminds—in ways we could never possibly have imagined before. From explaining the scientific basis of popular wisdom about phenomena such as “gut feelings” to making comprehensible recent breakthroughs in cancer and AIDS research, Pert provides us with an intellectual adventure of the highest order. *Molecules of Emotion* is a landmark work, full of insight and wisdom and possessing that rare power to change the way we see the world and ourselves.

Complete acceptance of our identity is central to our way of life, given every interaction emerges from our authentic self. The Dalai Lama said it puzzled him why so many people in the West suffer from low self-esteem and lack of acceptance. Our personal needs are met when we honor our authentic self. The media's influence portrays a fictitious world that doesn't meet our needs. We are inundated with information to convince us of a news story we can't live without. Yet, we are no better off because we avoid realizing our own authenticity. 'Awaken Your Authentic Self' is a book to reconnect you with the core of your essential self. It is a move away from whom you should be espoused by popular culture. The book invites you to reconnect with the deepest part of your being which knows who you are and how you should live. We are encoded with the DNA to thrive. Yet, through cultural conditioning and paradigms, we lose our place to the pull of our external environment. We subscribe to ideologies and beliefs regarding who we should be because we want to be accepted. This comes at a cost to our self-worth since we give up an aspect of ourselves and lose our authenticity. However, standing out has become a rite of passage insofar as the clothes one wears, hair color, body piercings and decorations. It may be viewed as a show of defiance instead of a proclamation of distinction. You have more power than you realize. More genius than you can imagine. More wisdom and knowledge than you can ever access. This is not a patronizing statement to seduce you into a false belief. You have unlimited power, and accessing that power is the basis to 'Awaken Your Authentic Self.' When you let go of the false belief that you are lacking or inadequate, in that moment you arouse your potential. Who you are today results from your beliefs, thoughts, and ideas of the world. Unless you challenge the status quo, you remain one of the masses. One has only look to mainstream culture to see the effects the media and marketing hype have on our society. We are drawn into a fictitious way of life at the expense of our sanity and earned dollars.

The Power of Your Subconscious Mind Subliminal Program Good Press

Excerpt: Unlimited Possibilities The mind of man is conscious and subconscious, objective and subjective, external and internal. The conscious mind acts, the subconscious reacts; the conscious mind produces the impression, the subconscious produces the expression; the conscious mind determines what is to be done,

the subconscious supplies the mental material and the necessary power. The subconscious mind is the great within - an inner mental world from which all things proceed that appear in the being of man. The conscious mind is the mind of action, the subconscious mind is the mind of reaction, but every subconscious reaction is invariably the direct result of a corresponding conscious action. Every conscious action produces an impression upon the subconscious and every subconscious reaction produces an expression in the personality. Everything that is expressed through the personality was first impressed upon the subconscious, and since the conscious mind may impress anything upon the subconscious, any desired expression may be secured, because the subconscious will invariably do what it is directed and impressed to do. The subconscious mind is a rich mental field; every conscious impression is a seed sown in this field, and will bear fruit after its kind, be the seed good or otherwise. All thoughts of conviction and all deeply felt desires will impress themselves upon the subconscious and will reproduce their kind, to be later expressed in the personal being of man. Every desire for power, ability, wisdom, harmony, joy, health, purity, life, greatness, will impress itself upon the subconscious, and will cause the thing desired to be produced in the great within, the quality and the quantity depending upon the depth of the desire and the conscious realization of the true idea conveyed by the desire. What is produced in the within will invariably come forth into expression in the personality; therefore, by knowing how to impress the subconscious, man may give his personal self any quality desired, and in any quantity desired. Personal power, physical health, mental brilliancy, remarkable ability, extraordinary talent, rare genius - these are attainments that the subconscious of every mind can readily produce and bring forth when properly directed and impressed. The subconscious mind obeys absolutely the desires of the conscious mind, and since the subconscious is limitless, it can do for man whatever he may desire to have done. What man may desire to become, that he can become, and the art of directing and impressing the subconscious is the secret. Unlimited possibilities do exist in the subconscious of every mind, and since these possibilities can all be developed, there is no end to the attainments and achievements of man.
