How to Use the Power of Prayer National Geographic Books

Jack Canfield is a master motivator, world-renowned teacher, and bestselling author of *The Success Principles*. In his latest book, *Success Affirmations*, he helps readers break through to new levels of passion, purpose, and prosperity with 52 affirmations and time-tested wisdom. In our 24/7 world, where we move at warp speed, sometimes we let life happen to us instead of taking control of our direction. Other times, we suffer from information overload, and we fail to consciously control our positive thoughts, and we allow negativity to take over. For those who want to rise above, to get unstuck, or to catapult to a new level success, Jack Canfield will show you how positive affirmations can transform your life in extraordinary ways. Canfield, with the help of esteemed coauthors Kelly Johnson and Ram Ganglani, explains what positive affirmations are (and what they are not), why they are so effective, and how to effortlessly integrate their practice into your life. Pulling the most effective tenets from his bestselling book *The Success Principles*, Canfield covers all areas of life, from financial prosperity and creative pursuits to your career and positive relationships. *Success Affirmations* reveals: How to avoid letting life just happen to you, and how to proactively go after your dreams How to use the power of deliberate thought to create the reality you want How to identify your true passions and purpose to direct your affirmations to concrete goals, not nebulous ideas or someone else's vision How to harness positive energy to attract what you want in your life through the Law of Attraction How to unplug from technology and plug into your true source of energy And much more!

Speak Those Things: 52 Affirmations To Build a Life You Love is somewhat of a mix between a personal diary and a love letter of encouragement to my friends and loved ones. *Speak those things that aren't as if they were* is one of my all-time favorite biblical principles. It challenges us to have a blind bold faith in both ourselves and God. For me, affirmations are the tangible application of the very intangible act of choosing faith over fear. We are our first line of defense. *Speak life into the vision you have for your life. Speak life into your dreams. Our words and thoughts create our world*

and reality. Xoxo -Chels
