Canadians are peaceable, friendly, unassuming, and adorable. They're also secretly in control of nearly every aspect of life in the Southernmost Canadian territory known as the United States. This hilarious illustrated compendium of real facts and wild assertions traces a vast, maple-leaf conspiracy that plays up Canada's self-effacing second fiddle image to the U.S. while it creates and clandestinely controls nearly everything Americans hold dear, from Superman to basketball to William Shatner to macaroni and cheese. With everyday life in the U.S. already as much as 70% Canadian, and our music, movies, and TV shows filled with subliminal pro-Canadian messages, the authors of So, You Want to Be Canadian reveal that

in actuality, you already are.

A witch who cannot curse cannot heal. The Red Edition has more curses, and even lists of oils and what you can use them for, also a few recipes to make these oils as well! With over 80 different types of curses and hexes, this manual was written for beginner and advanced Black Magick users. Curses and harmful spells are often the first thing which spring to the minds of the uninitiated on hearing the terms witchcraft, voodoo or hoodoo, yet few practitioners are willing to discuss the subject. This simple book provides a variety of harmful and vindictive spells. Described also is a method to avoid any backlash. A must have for any magical library! I have been practicing for over 13 years, and the curses contained within these pages are some of the most potent ones I have ever come across. In order to curse, we tap upon our inner darkness and bring it to the surface. When we tap this inner darkness, we come face to face with a part of our selves that most people would rather not admit that they have. It is a fair statement to say, at least for the duration of time, that you are actively cursing someone, that you are a force of darkness in and of yourself.
