Batman/Deathblow

Knockabout Comics

The bestselling League of Extraordinary Gentlemen series continues in this standalone graphic novel! It's 1925, fifteen long years since Janni Dakkar first tried to escape the legacy of her dying science-pirate father, only to accept her destiny, at last, as the new Nemo, captain of the legendary Nautilus.

Now, tired of her unending spree of plunder and destruction, Janni launches a grand expedition to surpass her father's greatest failure: the exploration of Antarctica. Hot on her frozen trail are a trio of genius inventors, hired by an

influential publishing tycoon to retrieve the plundered valuables of an African queen. It's a deadly race to the bottom of the world -- an uncharted land of wonder and horror where time is broken and the mountains bring madness. Jules Verne meets H.P. Lovecraft in the unforgettable final showdown, lost in the living, beating, and appallingly inhuman HEART OF ICE.

Angoulême 2018 In a

forsaken corner of the Italian countryside,

Guido and his friends

Moreno and Katango spin out their days in languor and boredom intermixed with desire and, occasionally, violence. Nearby live the Stančič, a family of Romani who escaped the communist regime of Marshal Tito and settled here just after World War II. Guido's coming-of-age is changed by the evolving relationship that the rural town has with this group of outsiders, these "gypsies." The author is unsparing in his depiction of the townspeople's cruelty. And yet, there are also many instances of solidarity between Guido's community and the Stančič. Revati's first book in English, *Spit Three Times* is an extraordinary story of young men,

disillusioned and trying to find their way, caught in the breach between post-war exuberance and the stagnation of the early twenty-first century.

Venus, a global computer intelligence gone mad, is a heartbeat away from enslaving every mind on Earth. But *Venus* hasn't counted on her mortal enemy, Martha Washington, who captains a mission to observe the collision with a massive asteroid whose secrets may provide the key to *Venus'* destruction --- and the very key to Creation itself! Frank

Miller and Dave Gibbons, along with Angus McKie, have produced another science-fiction tour-de-force of epic magnitude.

The Collector Archaia

A late-night telephone call about a mysterious car which went missing seven years ago and has now been recovered causes a chain reaction of violence in this all-new comics novelette from Gipi; ultimately this crime story (which is not so much a "sequel" to *The Innocents* as another story set in the same milieu with a different cast of characters) turns into a tale of religion and hypocrisy

Notes for a War Story

Titan Books (UK)

In December 1913, the *New York World* newspaper published the first crossword in history. It appeared in their Sunday supplement, "Fun." A century later, this absorbing puzzle continues to attract (and infuriate) millions of devotees every day. But the world's most popular--and seemingly mundane--pastime has a surprising history, filled with intrigue and adventure. Paolo Bacilieri's *FUN* transports us from turn-of-the-century New York to present-day Milan, taking in stories of ingenious

puzzle makers, ardent solvers, and intellectual luminaries. Part detective story, part docudrama, and interlaced with a fiction of Bacilieri's own imagining, **FUN** questions the crossword's "harmless" status. Sure, it's fun-- but could it also be a form of resistance, of cryptic communication, of espionage?

Snakes & Ladders Titan Comics

" ... an astonishing urban fable of life in a lawless, war-torn nation, heightened by the uncanny artwork of Italy's maestro graphic novel author."--Front inside flap.

Sturmtruppen Marvel
Following the huge success of *From Hell*, *Knockabout* presents a stunning volume comprising a new story by Alan Moore, *Snakes*

and *Ladders*, based on a performance given on Red Lion Square in Holborn. The other story, originally a performance piece by Alan Moore and Tim Perkins, was adapted as a comic by Eddie Campbell. It is a shamanism of childhood, a journey from the present to the past, back into the womb and beyond. The last part of this volume is an extensive interview of Alan Moore he gave Eddie Campbell for his self-published magazine, *Egomania*.

Spit Three Times
Wildstorm

The first assault units (*Sturmtruppen*) were formed during the spring and summer of 1916, when the *Sturmbataillon Rohr* was organized and after General

Falkenhayn, head of the OHL, gave orders for the creation of special detachments. These detachments had the mission of spreading the Stosstrupptaktik, a new tactic which decisively transformed the fighting methods of the German Army. But long before this happened, another type of troops had been created within the German infantry during the winter of 1914-1915: the Shock troops (Stosstruppen), fresh infantry groups that were never officially recognized as such and never belonged to any permanent unit, but remained active until the end of the war and contributed to improving the offensive capacity of the German infantry. This book is a narration of the history

of the shock and assault troops and covers their combat methods. Finally, it offers a comprehensive description of their uniforms, equipment, and weapons, along with a large number of illustrations and period photographs rarely seen.

Voodoo, Dancing in the Dark

SelfMadeHero

An artist's unique take on the museum experience: peoplewatching Author and artist David Prudhomme meanders through the Louvre, feeling as if in the panels of a giant comic while he himself is creating his own is this graphic novel. In this institution, all manner of people from all over the world rub elbows quietly. So Prudhomme decides to cruise

through the museum, not to look at the world famous art, but to observe the people and their interaction with it. As he wanders, he discovers a group of students somehow stuck together just as in the shipwreck on the Raft of the Medusa; a man standing behind the Seated Scribe, as if attempting to read over his shoulder; and in the hall of antiquities, a woman placing her head in a lion's mouth. This work presents readers a strange, silent, and casual choreography, danced in the midst of one of the most prestigious museums in the world.

An alt-history account of the founding of America, as a lost fleet of Roman soldiers

arrives a thousand years before Columbus. In AD 323, a fleet of Roman ships is lost in a storm, and they find themselves on the shores of the New World, one thousand years before Columbus. Unable to return home, they establish a new colony, Roma Occidens, radically altering the timeline of America and subsequent world events as seen through the eyes of one family. An exploration in alternative history from Brian Wood, Justin Giampaoli, and Andrea Mutti.

"Jobremus Bojeffries is like any other father--trying to keep the peace in a house stuffed with two kids (Ginda and Reth), uncles Raoul and

Festus, a baby, and old Grandpa Podlasp. Never mind that one's a werewolf, one's a vampire, Grandpa is in the last stages of organic matter, and the baby puts off enough thermonuclear energy to power England and Wales... All right, they're no ordinary family. And this is no ordinary book, with stories spanning decades, a whole chapter written as light opera, a Christmas episode, and an all-new, 24-page comic bringing the Bojeffries up to the present day."--page [4] of cover.

The Darkness Behind

Seven Stories Press

Dual graphic narratives

by the acclaimed Italian cartoonist demonstrate how the choices our ancestors made dramatically affect generations to come. Silvano Landi is a successful writer who, at the age of 50, sees his family leave him and his life fall apart. Landi's great-grandfather, Mauro, is an anxious soldier being fed to the maw of carnage in the First World War. Alternating between past and present, a psych ward and the bloody trenches, and told through complex clues — a lone gas station, an apathetic baroness, found love letters, and shifting from scratchy black-and-white to lush watercolors (sometimes on the same page), *One Story* documents the origins of pain that serve as

the roots of a twisted family tree, and allows the reader to trace the branches.

In the Pines Marvel Comics Group

In the summer of 1807, the Explorer, a ship from Her Majesty's Navy recovers a young shipwreck off the coast of Siam, Abel, who can only remember his name. He soon becomes friends with the first officer, acting as a captain because the commander of the ship has apparently absconded with the ship's treasure. Abel returns to England with the Explorer and finds accommodation at the inn run by the three fugitive captain's daughters. Well before he can recover his memory, however, he will discover something

deeply disturbing about himself, and he will understand the true nature of some of the people who helped him. A haunting and intense book that digs into the soul of the protagonists as well as the reader, with a generous helping of good ol' fashioned salty adventure along with many a shanty sung and a sprinkling of magic dust.

Presented in a handsome old style, with a worn-looking hardcover, as if taken from a ship captain's library. An uplifting, enthralling escape.
