ANASTASIA CYNTHIA

Human Resource Development IGI Global

There is no doubt that electronic marketing has contributed positively in the life of modern societies, mainly the consuming societies. It allowed purchasing of materials cheaply without any limit, and without any restrictions. It also gave the chance to make a free selection and comparison between the prices of goods at the electronic department stores throughout the Internet. All such facilities are given to the consumers in a very short time without causing them to leave their office or home. In addition, the Electronic Marketing has exterminated the monopoly of goods and materials, all such acts of course are for the consumer's benefit. However, in addition to such advantages there are many disadvantages of such type of marketing; the Electronic Marketing has deleted the privacy of the consumer, because all of his movements through the Internet have been divulged and under control, in addition to lack of exclusive security through the Internet. Accordingly, many losses equally occurred to the customer and the merchant due to such acts of

hackers who reveal the information and credit cards details. In addition, the Electronic Marketing caused many merchants, agents and monopolists to be vanquished because it gave the chance for direct communications between the producer and the consumer without passing through them; as such, many of such merchants have been yielded away from the way of this new technology. The Electronic Marketing was able to cause an upset down in many concepts and standards of economic science that have existed for so many years. Doors are still open for every new in this assumption and endless world as there are no limits that can stop such human ambition.

Corporate Finance: A Focused Approach Cengage Learning

The world is in a constant state of flux, and this influences the operations of every business and organisation. Business Management: A Contemporary Approach deals with these changes by covering the functions of a business or an organisation and then addressing the contemporary issues that affect them. These issues include globalisation, corporate entrepreneurship and citizenship, credit, diversity and HIV/AIDS. Every student of business and business manager needs to understand the importance of these issues and their influence on the operations of a business. Business Management: A Contemporary Approach also highlights the interdependency between the various business functions. This interdependency is very important for a business or organisation to operate as a whole.

Principles of Marketing Cengage Learning

This is a practical guide to the specific issues that affect the marketing of wine at an international level. The author covers theory and the results of research but the focus is on the nuts and bolts of marketing based on case studies.

MKTG3 South-Western Pub

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.
