 Russia has a deep and rich cultural tradition of artists, writers, musicians, and composers. The names "Tchaikovsky," "Mussorgsky," and "Rachmaninoff" may belong to the world, but these composers were Russian through and through. Guitar Atlas: Russia explores the country's remarkable musical heritage, covering everything from the music of Russian villages to the sacred tones and melodies adapted from ancient Byzantine modes. This will give you a deeper understanding and appreciation for a truly unique culture. Traditional Russian instruments, like the balalaika, domra, and seven-string guitar, are explained in detail, as well as the altered tunings and techniques designed to emulate them. Since folk music is such an integral part of Russian culture, this book explores familiar work songs, epic songs of the Russian bards, and romances of the Russian gypsies. Learning these songs will enrich your repertoire and give you insight into the music that has inspired some of the greatest artists and musicians in history. By the time you're done, you will have gained a fresh perspective into one of the world's greatest musical traditions and see that passion is at the heart of Russian music. The CD includes all the examples and demonstrations featured in the book.

The passport is one of the most widespread documents in worldwide use and yet, paradoxically, it has no basis in law: one state cannot demand another to do something - give access - simply by issuing a document. Yet, by insisting on the requirement of holding a passport the state has provided itself with a neat self-financing, data collection and surveillance system. This well illustrated book tells, for the first time, the story of the passport, from earliest times to the present day. only do so with the authority of the king or emperor. The passport's power to facilitate passage was, then, embodied in it from the beginning. But the passport is also connected with territorial and population control by the State. Today, the machine readable passport enables swift checks against lists of names, enabling customs control to sift out undesirables, and the question of identity cards (used throughout continental Europe) is again an issue in British politics. and revealing the mechanism of the passport system, including the secrets of the machine-readable passport, as well as looking at special diplomatic and royal passports, this book provides an accessible and engaging history of this most widespread of documents

By the New York Times bestselling author of *The Bone Clocks* | Shortlisted for the Man Booker Prize A postmodern visionary and one of the leading voices in twenty-first-century fiction, David Mitchell combines flat-out adventure, a Nabokovian love of puzzles, a keen eye for character, and a taste for mind-bending, philosophical and scientific speculation in the tradition of Umberto Eco, Haruki Murakami, and Philip K. Dick. The result is brilliantly original fiction as profound as it is playful. In this groundbreaking novel, an influential favorite among a new generation of writers, Mitchell explores with daring artistry fundamental questions of reality and identity. *Cloud Atlas* begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Along the way, Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. . . . Abruptly, the action jumps to Belgium in 1931, where Robert Frobisher, a disinherited bisexual composer, contrives his way into the household of an infirm maestro who has a beguiling wife and a nubile daughter. . . . From there we jump to the West Coast in the 1970s and a troubled reporter named Luisa Rey, who stumbles upon a web of corporate greed and murder that threatens to claim her life. . . . And onward, with dazzling virtuosity, to an inglorious present-day England; to a Korean superstate of the near future where neocapitalism has run amok; and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn't end even there. The narrative then boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, Mitchell reveals how his disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a videogame, as mysterious as a Zen koan, *Cloud Atlas* is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon. Praise for *Cloud Atlas* "[David] Mitchell is, clearly, a genius. He writes as though at the helm of some perpetual dream machine, can evidently do anything, and his ambition is written in magma across this novel's every page."—*The New York Times Book Review* "One of those how-the-holy-hell-did-he-do-it? modern classics that no doubt is—and should be—read by any student of contemporary literature."—*Dave Eggers* "Wildly entertaining . . . a head rush, both action-packed and chillingly ruminative."—*People* "The novel as series of nested dolls or Chinese boxes, a puzzle-book, and yet—not just dazzling, amusing, or clever but heartbreaking and passionate, too. I've never read anything quite like it, and I'm grateful to have lived, for a while, in all its many worlds."—*Michael Chabon* "Cloud Atlas ought to make [Mitchell] famous on both sides of the Atlantic as a writer whose fearlessness is matched by his talent."—*The Washington Post Book World* "Thrilling . . . One of the biggest joys in *Cloud Atlas* is watching Mitchell sashay from genre to genre without a hitch in his dance step."—*Boston Sunday Globe* "Grand and elaborate . . . [Mitchell] creates a world and language at once foreign and strange, yet strikingly familiar and intimate."—*Los Angeles Times*

India Alfred Publishing Company

Banning Eyre, a recognized expert in African guitar music, guides you through a variety of important styles, including congolese, mbira, Malian blues, and juju. Learn about the history of this music, the pioneering musicians that developed each style, and the dominant characteristics and techniques necessary to play this remarkable music. Guitar Atlas Cuba Alfred Music Publishing

North Korea's opaqueness combined with its military capabilities make the country and its leader dangerous wild cards in the international community. Brookings Senior Fellow Jung H. Pak, who led the U.S. intelligence community's analysis on Korean issues, tells the story of North Korean leader Kim Jong-un's upbringing, provides insight on his decision-making, and makes recommendations on how to thwart Kim's ambitions. In her deep analysis of the personality of the North Korean leader, Pak makes clearer the reasoning behind the way he governs and conducts his foreign affairs.

The Butthole Surfers remain one of the most enigmatic bands in the history of rock music. Most of

their records have no information of any kind, and often with the suggestion that you play them at 69 rpm.... They lived like nomads through much of the 1980s, and built their reputation upon tours that never ended, and shows that resembled hedonistic acid tests. They left a heap of former band members in their wake, and have often alienated as many fans as they've attracted. Here for the first time is the complete story of one of the most controversial and dangerous bands to have emerged from the ashes of the punk rock movement. 'Let's Go to Hell' compiles the scattered memories into the first comprehensive overview of the band. Featuring exclusive interviews, tons of rare and unpublished photographs, and analysis of the band's vast recorded (and unrecorded) efforts, 'Let's Go to Hell' finally tells the story that was thought (and often hoped) would never be told...

Criminal Justice and Law Enforcement Practices Alfred Music Publishing

"Offering a practical approach, this book introduces students to the ideas and practices characteristic of the modern Criminal Justice System and Law Enforcement, while equipping them with skills and practices necessary to succeed and create a safer environment. This book represents strong and professional law enforcement practices, while at the same time guide students who wonder about undergraduate and graduate studies of criminal justice in general. Each law enforcement practice and crime theory is accompanied by research results from various census." *Your Passport to a New World of Music* Univ of California Press

'A must for fans and rock buffs' *The Sun* 'Fascinating read' *Powerplay* Judas Priest formed in Birmingham in 1969. With its distinctive twin-guitar sound, studs-and-leather image, and international sales of over 50 million records, Judas Priest became the archetypal heavy metal band in the 1980s. Iconic tracks like 'Breaking the Law', 'Living after Midnight', and 'You've Got Another Thing Coming' helped the band achieve extraordinary success, but no one from the band has stepped out to tell their or the band's story until now. As the band approaches its golden anniversary, fans will at last be able to delve backstage into the decades of shocking, hilarious, and haunting stories that surround the heavy metal institution. In *Heavy Duty*, guitarist K.K. Downing discusses the complex personality conflicts, the business screw-ups, the acrimonious relationship with fellow heavy metal band Iron Maiden, as well as how Judas Priest found itself at the epicentre of a storm of parental outrage that targeted heavy metal in the '80s. He also describes his role in cementing the band's trademark black leather and studs image that would not only become synonymous with the entire genre, but would also give singer Rob Halford a viable outlet by which to express his sexuality. Lastly, he recounts the life-changing moment when he looked at his bandmates on stage during a 2009 concert and thought, 'This is the last show'. Whatever the topic, whoever's involved, K.K. doesn't hold back. From the band at the very beginning until his retirement in 2011 (and even still as a member of the band's board of directors), Downing has seen it all and is now finally at a place in his life where he can also let it all go. Even if you're a lifelong fan, if you think you know the full story of Judas Priest, well, you've got another thing coming.

Brazil Legare Street Press

The *Guitar Atlas* series is your passport to a new world of music. Learn the characteristic rhythms and techniques of some of the world's most remarkable guitar music, discovering the history, origins, and pioneering artists of distinctive styles from around the globe. The examples and compositions throughout all 48 pages are presented in standard notation and TAB and demonstrated on an enclosed CD.

Heavy Duty Mel Bay Publications

"This inaugural volume in the Library of Congress Crime Classics series, featuring the first woman sleuth in a series, is a must for genre buffs." —*Publishers Weekly* (Starred Review) The first book in an exciting new classic mystery series created in partnership with the Library of Congress, *That Affair Next Door* follows Miss Amelia Butterworth, an inquisitive single woman who becomes involved in a murder investigation after the woman next door turns up dead. Miss Amelia Butterworth prides herself on being an observer of human nature, especially of the people she sees every day from her usual spot at her front window—that is, until she witnesses the prelude to a ghastly murder. Late at night, two people enter her neighbor's home, but only one leaves. The next morning a young woman is found dead, crushed beyond recognition beneath a cabinet. But her death was no accident—it soon comes to light that she was stabbed by a seemingly innocuous item: a hat pin. Rife with social tension and mistaken identity, the messy case is assigned to veteran Detective Ebenezer Gryce. He expects Miss Butterworth to demurely return home, but she was there at the beginning of this case and she intends to see it through to the end. Miss Butterworth is determined to solve the mystery before the detective, but what begins as a battle of the sexes soon turns into a fight for the elusive truth. Anna Katharine Green is credited as the "mother of the detective novel," and the classic *That Affair Next Door* proves that the intrigue of a well-crafted mystery is timeless.
