The Reflections of Society in Literature: Contemporary Currents Univ of California Press

Cinema in India is an entertainment medium that is interwoven into society and culture at large. It is clearly evident that continuous struggle and conflict at the personal as well as societal levels is depicted in cinema in India. It has become a reflection of society both in negative and positive ways. Hence, cinema has become an influential factor and one of the largest mass communication mediums in the nation. Social and Cultural Dynamics in

Indian Cinema is an essential reference source that discusses cultural and societal issues including caste, gender, oppression, and social movements through cinema and particularly in specific language cinema and culture. Featuring research on topics such as Bollywood, film studies, and gender equality, this book is ideally designed for researchers, academicians, film studies students, and industry professionals seeking coverage on various aspects of regional cinema in India. Handbook of Research on Social and Cultural Dynamics in Indian Cinema Penguin UK

This book engages with the idea of the Global South through cinema as a concept of resistance; as a space of

decolonialisation; and as an arena of virtuality, creativity and change. It opens up a dialogue amongst scholars and filmmakers from the Global South: India, Nigeria, Colombia, Brazil, South Africa, and Egypt. The essays in the volume approach cinema as an intertwined process of both production and perception not divorced from the economic, social, political and cultural. They emphasise film as a visual medium where form, structure and content are not separable. Through a wide array of film-readings, the authors explore the concept of a southern cinematic esthetics, in particular, and the concept of the Global South in general. The volume will be of interest to scholars, students and researchers of film and media studies,

critical theory, cultural studies and Global South studies.

*Ecodisaster Imaginaries in India: Essays in Critical Perspectives* is a volume of critical essays that discuss and debate the literary and cultural representations of ecological/environmental disaster in India from the perspectives that are integral to postcolonial disaster studies and the environmental humanities. The essays offer theoretically informed readings of environmental fiction, nonfiction, and poetry among other contemporary literary genres that open our eyes to today's burning issues of global warming, climate change, pollution of air and water bodies, deforestation, and species extinction. The volume addresses the staunch ecological consciousness reflected in Rabindranath Tagore's writings from the early twentieth century, indigenous responses to ecodisaster, and the portrayal of ecodisaster in selected Indian movies which raise questions of human rights violations in the face of manmade disaster and environmental crisis.

Representation of Body, Gender and Discourse in Films Gilad James Mystery School

One of the world's most prolific creative industries, the Indian movie industry has received scant attention for its spirit of enterprise. Indian Movie Entrepreneurship addresses this omission. For many readers, it might come as a surprise that the Indian movie industry is not just

Bollywood and that it has several regional clusters, which are just as vibrant, with a significant output. The authors begin by outlining the contours of Indian cinema and the different regional language hubs that form part of the larger picture. The reader is then offered a glimpse into the actual process of making a film from day zero to release day. The key players in the Indian movie ecosystem are analysed, with the central role of the producer highlighted. Concluding with a look into the future of the entrepreneurial process in the Indian movie industry, the authors illuminate the shifting parameters of distribution and exhibition. Appealing to those interested in understanding the entrepreneurial journey of the Indian movie industry, the book provides a sneak peek into the business landscape of India more broadly.

The Indian film industry, popularly known as Bollywood, is one of the largest in the world in terms of output and revenue. The Indian film industry is driven by its large domestic audience, which is estimated to be around 1.3 billion. The industry has produced several blockbusters that have earned massive revenues both in India and abroad. The list of highest-grossing Indian films is a compilation of such movies that have made a significant impact on the audience and have resulted in monumental revenues for their makers. The first Indian film, Raja Harishchandra, was made in 1913, and since then, the film industry has come a long way. From silent films to talkies, from black and white movies to Technicolor, from conventional storytelling to experimental cinema, the Indian film industry has evolved over the years. With changing times, the Indian audience has also evolved, and filmmakers have adapted themselves to cater to the changing tastes and preferences of the viewers. The List of highest-grossing Indian films is a testimony to the success of these filmmakers as it showcases the most successful and profitable movies made in India.

Streaming platforms (OTT) share commonalities with traditional TV yet differ in fundamental operation modes and infrastructures. The pandemic prompted the potential of OTTs and altered the way people consume screen entertainment. Research studies are pointing to the addictive behavioral patterns manifested by streaming sites. Such behavioral

patterns pose many questions on the nature of entertainment consumption. This book explores such dilemmas and attempts to create a discourse on streaming consumption.

**Exploring the Impact of OTT Media on Global Societies** Taylor & Francis

Winner of the Restless Books Prize for New Immigrant Writing "Guest workers of the United Arab Emirates embody multiple worlds and identities and long for home in a fantastical debut work of fiction, winner of the inaugural Restless Books Prize for New Immigrant Writing.... The author's crisp, imaginative prose packs a punch, and his whimsical depiction of characters who oscillate between two lands on either side of the Arabian Sea unspools the kind of immigrant narratives that are rarely told. An enchanting, unparalleled anthem of displacement and repatriation." —Kirkus Reviews, starred review In the United Arab Emirates, foreign nationals constitute over 80 percent of the population. Brought in to construct and serve the towering monuments to wealth that punctuate the skylines of Abu Dhabi and Dubai, this labor force is not given the option of citizenship. Some ride their luck to good fortune. Others suffer different fates. Until now, the humanitarian crisis of the so-called "guest workers" of the Gulf has barely been addressed in fiction. With his stunning, mind-altering debut novel *Temporary People*, Deepak Unnikrishnan delves into their histories, myths, struggles, and triumphs. Combining the linguistic invention of Salman Rushdie and the satirical vision of George Saunders, Unnikrishnan presents twenty-eight linked stories that careen from construction workers who shapeshift into luggage and escape a labor camp, to a woman who stitches back together the bodies of those who've fallen from buildings in progress, to a man who grows ideal workers designed to live twelve years and then perish—until they don't, and found a rebel community in the desert. With this polyphony of voices, Unnikrishnan maps a new, unruly global English and gives personhood back to the anonymous workers of the Gulf. "Guest workers of the United Arab Emirates embody multiple worlds and identities and long for home in a fantastical debut work of fiction, winner of the inaugural Restless Books Prize for New Immigrant Writing.... The author's crisp, imaginative prose packs a punch, and his whimsical depiction of characters who oscillate between two lands on either side of the Arabian Sea unspools the kind of immigrant narratives that are rarely told. An enchanting, unparalleled anthem of displacement and repatriation." —Kirkus

Reviews, Starred Review "Inventive, vigorously empathetic, and brimming with a sparkling, mordant humor, Deepak Unnikrishnan has written a book of Ovidian metamorphoses for our precarious time. These absurdist fables, fluent in the language of exile, immigration, and bureaucracy, will remind you of the raw pleasure of storytelling and the unsettling nearness of the future." —Alexandra Kleeman, author of *You Too Can Have a Body Like Mine* "Inaugural winner of the Restless Books Prize for New Immigrant Writing, this debut novel employs its own brand of magical realism to propel readers into an understanding and appreciation of the experience of foreign workers in the Arab Gulf States (and beyond). Through a series of almost 30 loosely linked sections, grouped into three parts, we are thrust into a narrative alternating between visceral realism and fantastic satire.... The alternation between satirical fantasy, depicting such things as intelligent cockroaches and evil elevators, and poignant realism, with regards to necessarily illicit sexuality, forms a contrast that gives rise to a broad critique of the plight of those known euphemistically as 'guest workers.' VERDICT: This first novel challenges readers with a singular inventiveness expressed through a lyrical use of language and a laserlike focus that is at once charming and terrifying. Highly recommended." —Henry Bankhead, *Library Journal*, Starred Review "Unnikrishnan's debut novel shines a light on a little known world with compassion and keen insight. The *Temporary People* are invisible people—but Unnikrishnan brings them to us with compassion, intelligence, and heart. This is why novels matter." —Susan Hans O'Connor, *Penguin Bookshop* (Sewickley, PA) "Deepak Unnikrishnan uses linguistic pyrotechnics to tell the story of forced transience in the Arabian Peninsula, where citizenship can never be earned no matter the commitment of blood, sweat, years of life, or brains. The accoutrements of migration—languages, body parts, passports, losses, wounds, communities of strangers—are packed and carried along with ordinary luggage, blurring the real and the unreal with exquisite skill. Unnikrishnan sets before us a feast of absurdity that captures the cruel realities around the borders we cross either by choice or by force. In doing so he has found what most writers miss: the sweet spot between simmering rage at a set of circumstances, and the circumstances themselves." —Ru Freeman, author of *On Sal Mal Lane* "Deepak writes brilliant

stories with a fresh, passionate energy. Every page feels as if it must have been written, as if the author had no choice. He writes about exile, immigration, deportation, security checks, rage, patience, about the homelessness of living in a foreign land, about historical events so strange that, under his hand, the events become tales, and he writes tales so precisely that they read like history. Important work. Work of the future. This man will not be stopped." —Deb Olin Unferth, author of *Revolution* "From the strange Kafka-esque scenarios to the wholly original language, this book is amazing on so many different levels. Unlike anything I've ever read, *Temporary People* is a powerful work of short stories about foreign nationals who populate the new economy in the United Arab Emirates. With inventive language and darkly satirical plot lines, Unnikrishnan provides an important view of relentless nature of a global economy and its brutal consequences for human lives. Prepare to be wowed by the immensely talented new voice." —Hilary Gustafson, *Literati Bookstore* (Ann Arbor, MI) "Absolutely preposterous! As a debut, author Unnikrishnan shares stories of laborers, brought to the United Arab Emirates to do menial and everyday jobs. These people have no rights, no fallback if they have problems or health issues in that land. The laborers in *Temporary People* are sewn back together when they fall, are abandoned in the desert if they become inconvenient, and are even grown from seeds. As a collection of short stories, this is fantastical, imaginative, funny, and even more so, scary, powerful, and ferocious." —Becky Milner, *Vintage Books* (Vancouver WA) *Lights Camera War!* Taylor & Francis There is great interest in recent scholarship in the study of metropolitan cultures in India as evident from the number of books that have appeared on cities such as Delhi, Mumbai, Chennai and Kolkata. Though Hyderabad has a rich archive of history scattered in many languages, very few attempts have been made to bring this scholarship together. The papers in this volume bring together this scholarship at one place. They trace the contribution of different languages and literary cultures to the multicultural mosaic that is the city of Hyderabad How it has acquired this uniqueness and how it has been sustained is the subject matter of literary cultures in Hyderabad. This work attempts to trace some aspects of the history of major languages practiced in the city. It also reviews the contribution of the various linguistic groups that have

added to the development not just of varied literary cultures, but also to the evolution of an inclusive Hyderabad culture. The present volume, it is hoped, will enthuse both younger and senior scholars and students to take a fresh look at the study of languages and literary cultures as they have evolved in India's cities and add to the growing scholarship of metropolitan cultures in India. *WOW! INDIA* e-artnow sro *Lights Camera WAR!* looks at 50 Indian war films from 1950 to 2020 across various Indian languages and examines their balance between entertainment and history. It looks at factors such as the real history behind the plots; the equipment and uniforms depicted; the use of music in the context and setting or, as often in Indian films, as a narrative device in the nautanki tradition, or for temporary relief; and the use of "filmy" coincidences, and other plot devices. The author's sometimes surprising view is that some Indian war films classified as "flops" deserved more respect, at least in that they have been authentic in the depiction of history while some "hits" leave much to be desired. There are also comparisons with Hollywood and the West, where war films form a distinct genre. Some Indian war films, including major hits, are clearly "inspired" by such Hollywood films, and what they lose (or gain) in transplanting to the Indian screen is also discussed. The book also includes small historical capsules for comparison with the on-screen action, to illustrate how far the Indian war film accurately presents the history, serves as 'masala' entertainment, or manages a balance between them. **The Blue Elephant** Notion Press Perhaps, male-mindedness seems to have adapted to changing-contemporary circumstances to become more covert and conspiratorial. Sexist suggestions—through objectification and substantiated subordination—for instance, may have been explicit in Indian media a decade earlier. But in the contemporary times of online social media and vociferous feminism, such openness of unfairness against women in the media will, more often than not, be met with strife and unpalatable backlash—fearing which blatant prejudice is prudently steered clear of. It is, hence, understandable that patriarchy, to sustain itself as a culture, has adapted to become more benevolent in an increasingly hostile environment. To identify such sly and stealthy sexism embedded in media content, one may need a reconfigured grasp of contemporary feminist issues and an altered nuance for isolation and

identification of discriminatory depictions. This book exposes redefined and hidden sexism that predominates the popular visual culture of India—particularly investigating mass and new media representations that are a prime part of and have a domineering effect on the ensemble of popular visual culture—and characterises contemporary feminist movements. It binds a collection of contemporary Indian case studies of sexism and feminism encompassing communication media such as print, cinema, television, Web series and social media. There is a lack of book titles that study media sexism in the present times, and the proposed book aims to explore an unexplored area that is of social and scholarly importance. This book highlights the duality of media platforms: while media is a critical tool associated with fourth-wave feminism, they still remain to be a deterrent to the development of women engendering inherent and age-old patriarchal notions. This book will be an eye-opener to the general readers about benevolent sexism and train them to identify sexism hidden in seemingly pro-women media representations.

"Identity would seem to be the garment with which one covers the nakedness of the self, in which case, it is best that the garment be loose, a little like the robes of the desert, through which one's nakedness can always be felt, and, sometimes, discerned." James Arthur Baldwin  
Cross cultural encounter between first and second generation Asian-American woman and their dilemma of cultural choice between assimilation into main body or safeguarding self culture as an outsider immigrant have always lured a large numbers of Asian-American writers. Although such literary work is still face the debate of whether it is a part of American literature or of outsiders. Maxine Hong Kingston a well known Chinese-American author who has written about the experiences of the Chinese immigrants living in America has shielded her American inheritance as a writer like, "Actually I think that my books are much more American than they are Chinese. I felt that I was building, creating myself and these people as American people... Even though they have strange Chinese memories, they are American people. Also, I am creating part of American literature, and I was aware of doing that, of adding to American literature." (Paula Rabinowitz, 1987)
