## KALEIGH BARKER

[Delhi Reborn](#) HarperCollins

The personal and candid account of General Patton's celebrated, relentless crusade across western Europe during World War II First published in 1947, *War as I Knew It* is an absorbing narrative that draws from Patton's vivid memories of battle and his detailed diaries, covering the moment the Third Army exploded onto the Brittany Peninsula to the final Allied casualty report. The result is not only a grueling, human account of daily combat and heroic feats—including a riveting look at the Battle of the Bulge—but a valuable chronicle by one of the most brilliant military strategists in history. Patton's letters from earlier military campaigns in North Africa and Sicily, complemented by a powerful retrospective of his guiding philosophies, further reveal a man of uncompromising will and uncommon character, which made "George" a household name in mid-century America.

[I, etcetera](#) Cambridge University Press

Winner of the Jewish Book of the Year Award The first comprehensive yet accessible history of the state of Israel from its inception to present day, from Daniel Gordis, "one of the most respected Israel analysts" (The Forward) living and writing in Jerusalem. Israel is a tiny state, and yet it has captured the world's attention, aroused its imagination, and lately, been the object of its opprobrium. Why does such a small country speak to so many global concerns? More pressingly: Why does Israel make the decisions it does? And what lies in its future? We cannot answer these questions until we understand Israel's people and the questions and conflicts, the hopes and desires, that have animated their conversations and actions. Though Israel's history is rife with conflict, these conflicts do not fully communicate the spirit of Israel and its people: they give short shrift to the dream that gave birth to the state, and to the vision for the Jewish people that was at its core. Guiding us through the milestones of Israeli history, Gordis relays the drama of the Jewish people's story and the creation of the state. Clear-eyed and erudite, he illustrates how Israel became a cultural, economic and military powerhouse—but also explains where Israel made grave mistakes and traces the long history of Israel's deepening isolation. With Israel, public intellectual Daniel Gordis offers us a brief but thorough account of the cultural, economic, and political history of this complex nation, from its beginnings to the present. Accessible, levelheaded, and rigorous, Israel sheds light on the Israel's past so we can understand its future. The result is a vivid portrait of a people, and a nation, reborn.

[The Cultural Cold War](#) MIT Press

Presents excerpts from the early writings of the author, with reflections on her meetings with influential writers and intellectuals, her literary ambitions, and her criticisms of other writers.

[Einstein on Israel and Zionism](#) Farrar, Straus and Giroux

From the author of *The Friend*, winner of the 2018 National Book Award. "The masterpiece of the 'I knew Susan' minigenre" - A.O. Scott, *The New York Times* A poignant, intimate memoir of one of America's most esteemed and fascinating cultural figures, and a deeply felt tribute. Sigrid Nunez was an aspiring writer when she first met Susan Sontag, already a legendary figure known for her polemical essays, blinding intelligence, and edgy personal style. Sontag introduced Nunez to her son, the writer David Rieff, and the two began dating. Soon Nunez moved into the apartment that Rieff and Sontag shared. As Sontag told Nunez, "Who says we have to live like everyone else?" Sontag's influence on Nunez, who went on to become a successful novelist, would be profound. Described by Nunez as "a natural mentor" who saw educating others as both a moral obligation and a source of endless pleasure, Sontag inevitably infected those around her with her many cultural and intellectual passions. In this poignant, intimate memoir, Nunez speaks of her gratitude for having had, as an early model, "someone who held such an exalted, unironic view of the writer's

vocation." Published more than six years after Sontag's death, *Sempre Susan* is a startlingly truthful portrait of this outsized personality, who made being an intellectual a glamorous occupation.

[As Consciousness Is Harnessed to Flesh](#) Farrar, Straus and Giroux

"At the Same Time" gathers 16 essays and addresses written in the last years of Sontag's life, when her work was being honored on the international stage, that reflect on the personally liberating nature of literature, her deepest commitment, and on political activism and resistance to injustice as an ethical duty.

[history of the jews](#) University of Washington Press

The invisible man is the unnamed narrator of this impassioned novel of black lives in 1940s America. Embittered by a country which treats him as a non-being he retreats to an underground cell.

[Reborn](#) Vintage

A historical tour de force that demolishes the myths and taboos that have surrounded Jewish and Israeli history, *The Invention of the Jewish People* offers a new account of both that demands to be read and reckoned with. Was there really a forced exile in the first century, at the hands of the Romans? Should we regard the Jewish people, throughout two millennia, as both a distinct ethnic group and a putative nation—returned at last to its Biblical homeland? Shlomo Sand argues that most Jews actually descend from converts, whose native lands were scattered far across the Middle East and Eastern Europe. The formation of a Jewish people and then a Jewish nation out of these disparate groups could only take place under the sway of a new historiography, developing in response to the rise of nationalism throughout Europe. Beneath the biblical back fill of the nineteenth-century historians, and the twentieth-century intellectuals who replaced rabbis as the architects of Jewish identity, *The Invention of the Jewish People* uncovers a new narrative of Israel's formation, and proposes a bold analysis of nationalism that accounts for the old myths. After a long stay on Israel's bestseller list, and winning the coveted Aujourd'hui Award in France, *The Invention of the Jewish People* is finally available in English. The central importance of the conflict in the Middle East ensures that Sand's arguments will reverberate well beyond the historians and politicians that he takes to task. Without an adequate understanding of Israel's past, capable of superseding today's opposing views, diplomatic solutions are likely to remain elusive. In this iconoclastic work of history, Shlomo Sand provides the intellectual foundations for a new vision of Israel's future.

[The Benefactor](#) Macmillan

One of the most influential works of this century, *The Myth of Sisyphus and Other Essays* is a crucial exposition of existentialist thought. Influenced by works such as *Don Juan* and the novels of Kafka, these essays begin with a meditation on suicide; the question of living or not living in a universe devoid of order or meaning. With lyric eloquence, Albert Camus brilliantly posits a way out of despair, reaffirming the value of personal existence, and the possibility of life lived with dignity and authenticity.

[Sempre Susan](#) Macmillan

Provides a broad sampling of the late French literary critic's most essential writings, including such works as *Writing Degree Zero*, *Image-Music-Text*, and *New Critical Essays*.

[Alice in Bed](#) Penguin Books Limited

During the Cold War, freedom of expression was vaunted as liberal democracy's most cherished possession—but such freedom was put in service of a hidden agenda. In *The Cultural Cold War*, Frances Stonor Saunders reveals the extraordinary efforts of a secret campaign in which some of the most vocal exponents of intellectual freedom in the West were working for or subsidized by the CIA—whether they knew it or not. Called "the most comprehensive account yet of the [CIA's] activities between 1947 and 1967" by the *New York Times*, the book presents shocking evidence of the CIA's undercover program of cultural interventions in Western Europe and at home, drawing

together declassified documents and exclusive interviews to expose the CIA's astonishing campaign to deploy the likes of Hannah Arendt, Isaiah Berlin, Leonard Bernstein, Robert Lowell, George Orwell, and Jackson Pollock as weapons in the Cold War. Translated into ten languages, this classic work—now with a new preface by the author—is "a real contribution to popular understanding of the postwar period" (The Wall Street Journal), and its story of covert cultural efforts to win hearts and minds continues to be relevant today.

War as I Knew it HarperCollins

The Benefactor, Susan Sontag's first book and first novel, originally published in 1963, introduced a unique writer to the world. In the form of a memoir by a latter-day Candide named Hippolyte, The Benefactor leads us on a kind of psychic Grand Tour, in which Hippolyte's violently imaginative dream life becomes indistinguishable from his surprising experiences in the 'real world.' Sontag's novel supplies a fascinating, knowing, acerbic portrait of a certain bohemian demimonde that flourished in France until quite recently. More important, The Benefactor is a novel about ideas—especially religious ideas—unlike any other: funny, acrobatic, disturbing, profound.

**Ben-Gurion** State University of New York Press

"Based on a true story, this sweeping saga tells the tale of a working class couple in Berlin who decide to take a stand against the Nazis. More than an edge-of-your-seat thriller, more than a moving romance, even more than literature of the highest order, it's a deeply moving story of two people who stand up for what's right, and for each other. Hans Fallada wrote *Every Man Dies Alone* in a feverish twenty-four days, soon after the end of World War II and his release from a Nazi insane asylum. He did not live to see his its publication"—Page 4 of cover.

*Reborn* Simon and Schuster

'I intend to do everything . . . I shall anticipate pleasure everywhere and find it too, for it is everywhere! I shall involve myself wholly . . . everything matters!' This first selection from Susan Sontag's diaries (from 1947 - 1963) takes us from early adolescence though to when Sontag was in her early thirties. It is an astonishingly affecting and honest self-portrait which is also a fascinating, revealing account of an artist and critic being born. We see Sontag honing her skills and fashioning herself, by a supreme act of will, into an intellectual force. 'Inspirational. Sontag shows us not just the importance, but the exhilaration of being earnest' New Statesman 'One can feel Sontag's mind beginning to ripen and bloom, and the full force of the intellectual originality that would be her hallmark emerging' Guardian 'A fascinating document of her apprenticeship, charting her earnest quest for education, identity and voice. *Reborn* is overwhelmingly a record of an inner landscape' New York Review of Books

*Sontag* Penguin Group(CA)

*Crime, Shame and Reintegration* is a contribution to general criminological theory. Its approach is as relevant to professional burglary as to episodic delinquency or white collar crime. Braithwaite argues that some societies have higher crime rates than others because of their different processes of shaming wrongdoing. Shaming can be counterproductive, making crime problems worse. But when shaming is done within a cultural context of respect for the offender, it can be an extraordinarily powerful, efficient and just form of social control. Braithwaite identifies the social conditions for such successful shaming. If his theory is right, radically different criminal justice policies are needed - a shift away from punitive social control toward greater emphasis on moralizing social control. This book will be of interest not only to criminologists and sociologists, but to those in law, public administration and politics who are concerned with social policy and social issues.

*Every Man Dies Alone* Macmillan

This second of three volumes begins in the middle of the 1960s and traces Sontag's evolution from fledgling participant in the artistic and intellectual world to renowned critic.

At the Same Time New York : AMS Press

A revelatory portrait of Israel's first prime minister, written by its current president, includes coverage of his support of the United Nations 1947 Partition Plan for Palestine, his granting of first exemptions to Orthodox military servicepeople and his peaceful overtures toward post-Holocaust Germany.

The Restoration of Engravings, Drawings, Books, and Other Works on Paper Random House Digital, Inc.

I. L. Peretz (1852–1915), the father of modern Yiddish literature, was a master storyteller and social critic who advocated a radical shift from religious observance to secular Jewish culture. Wisse explores Peretz's writings in relation to his ideology, which sought to create a strong Jewish identity separate from the trappings of religion.

**Swimming in a Sea of Death** University of Illinois Press

Shawn McHale explores why the communist-led resistance in Vietnam won the anticolonial war against France (1945–54), except in the south. He shows how broad swaths of Vietnamese people were uneasily united in 1945 under the Viet Minh Resistance banner, all opposing the French attempt to reclaim control of the country. By 1947, resistance unity had shattered and Khmer-Vietnamese ethnic violence had divided the Mekong delta. From this point on, the war in the south turned into an overt civil war wrapped up in a war against France. Based on extensive archival research in four countries and in three languages, this is the first substantive English-language book focused on southern Vietnam's transition from colonialism to independence.

*The Revolution Will Not Be Theorized* Melville House

A NEW YORK TIMES BOOK REVIEW BEST BOOK OF THE YEAR • WINNER OF THE PEN/FAULKNER AWARD • "Netherland tells the fragmented story of a man in exile—from home, family and, most poignantly, from himself." —Washington Post Book World In a New York City made phantasmagorical by the events of 9/11, and left alone after his English wife and son return to London, Hans van den Broek stumbles upon the vibrant New York subculture of cricket, where he revisits his lost childhood and, thanks to a friendship with a charismatic and charming Trinidadian named Chuck Ramkissoon, begins to reconnect with his life and his adopted country. As the two men share their vastly different experiences of contemporary immigrant life in America, an unforgettable portrait emerges of an "other" New York populated by immigrants and strivers of every race and nationality.

The First Vietnam War Yale University Press

This history of the foundational war in the Arab-Israeli conflict is groundbreaking, objective, and deeply revisionist. Besides the military account, it also focuses on the war's political dimensions. Historian Morris probes the motives and aims of the protagonists on the basis of newly opened Israeli and Western documentation. The Arab side—where the archives are still closed—is illuminated with the help of intelligence and diplomatic materials. Morris stresses the jihadi character of the two-stage Arab assault on the Jewish community in Palestine. He examines the dialectic between the war's military and political developments and highlights the military impetus in the creation of the Palestinian refugee problem. He looks both at high politics and general staff decision-making and at the nitty-gritty of combat in the battles that resulted in the emergence of the State of Israel and the humiliation of the Arab world—a humiliation that underlies the continued Arab antagonism toward Israel.—Résumé de l'éditeur.
