Italy's Margins Edinburgh University Press

Ethiopia is one of the world's oldest countries; its Rift Valley may be the location where the ancestors of humankind originated more than four million years ago. With a population of 67 million people today, it is the third most populous country on the African continent after Nigeria and Egypt. It is the source of 86 percent of the water reaching the Aswan Dam in Egypt, most of it carried by the amazing Blue Nile. Ethiopia offers major historical sites such as the pre-Christian palace at Yeha, the stele and tombs of the old Kingdom of Axum, and the rock-carved churches of Lalibela. For anyone interested in Ethiopia, this historical dictionary, through its individual and carefully cross-referenced entries, captures the importance and intrigue of this truly significant African nation. Historical Dictionary of Ethiopia appeals to all levels of readers, providing entries for each of Ethiopia's 85 ethnic groups and covering a broad range of cultural, political, and economic topics. Readers interested in the cultural aspects or who are planning to visit Ethiopia will find a wealth of entries on art, literature, handicrafts, music, dance, bird life, geography, and historic tourist sites. Practitioners in government and non-governmental organizations will find entries on pressing economic, social, and political issues such as HIV/AIDS, female circumcision, debt, human rights, and the environment. The important historical role of missionaries and the combination of conflict and cooperation between Christians and Muslims in the region are also issues reviewed. And, finally, many of the entries highlight relations between Ethiopia and her neighbors-Eritrea, Somalia, Somaliland, Djibouti, Kenya, and Sudan. In the bibliography, considerable emphasis has been placed on including both new and old materials covering all facets of Ethiopia, organized for easy identification by areas of major interest.

The Emperor W. W. Norton & Company

This book provides first-hand information on the inner workings of the process, dubbed by the international press as the 'creeping coup' that brought the downfall of the legendary Emperor Haile Selassie of Ethiopia. Written by one of the members of the Planning Committee who helped overthrow the Emperor, the book provides first-hand information on what took place in this committee and the Derg at large, during this period. The information provided is of immense value to historians and anybody who wants to research this period in Ethiopian history.

Ethiopia, Christian Africa Haus Publishing

One hundred years ago, from 1910 to 1916 the young prince Lij Iyasu (1897-1936) assumed power as the uncrowned emperor of Ethiopia. However, he was overthrown by an alliance of oligarchs led by the future emperor Haile Sillase. The short reign of Iyasu, disrupted by fierce inner competitions in the international context of World War I, has remained obscure, even to specialized researchers. Yet, over the past two decades, new sources have been uncovered, allowing for new questions and searching for new answers. This book assembles diverse perspectives on Lij Iyasu's politics and life, his 'pluralistic' and controversial religious inclinations, and his international relations. (Series: Northeast African History, Orality and Heritage - Vol. 3)

The Legend of the Queen of Sheba in the Tradition of Axum Harvard University Press

During the first seven centuries AD there arose at Aksum in the highlands of northern Ethiopia a unique African culture. Although its monuments have long been known, their full significance is only now being revealed. Ancient Aksum maintained wide-ranging international trade and produced an unparalleled coinage in gold, silver and copper. Its kings adopted Christianity in the fourth century AD and the Christian civilization of the Ethiopian highlands traces its origin to Aksumite roots. This book, based on the author's field research, presents an illustrated account of Aksumite civilization in its African and wider context.

A Companion to Medieval Ethiopia and Eritrea Defense & Foreign Affairs Part of International Strategic Studies Association

Five case studies show how different people and places were marginalized and socially excluded as the Italian nation-state was formed.

The Wise Mind of Emperor Haile Sellassie I Greenwood

... what people are saying about this book ...'A marvelous recounting of Ethiopian and world history during those years. Mandatory reading for anyone interested in Third World relations and certainly for anyone who seeks to understand contemporary Ethiopian or Horn of Africa affairs.'?Foreign Service Journal?A significant primary source in its first hand account by a meticulously observant insider.'?Foreign Affairs?Commands attention and respect. John Spencer's personal, candid, and basically reliable record will have an honored place in the contemporary annals of that tortured country.'?Times Literary Supplement?Spencer is one of the very few living people in a position to describe Ethiopia's efforts to survive during those years.'?Library Journal?Spencer was privy to many important decisions. Of particular interest is his account of Haile Sellassie's disenchantment with the U.S.'?Publisher's Weekly?After the hard fate which befell the Emperor and his notables, Spencer is maybe the only one of the old regime's key persons still alive. There is hardly a single page one would want to miss.'?Sture Linner in Svenska Dagbladet?I found Ethiopia at Bay intensely interesting, sad and even tragic in the Greek mode. What a series of missed opportunities, anachronistic colonial arrogances, and western shortsightedness! The book would be enormously instructive to students of international relations generally.'?Lincoln Gordon, former President, Johns Hopkins University?Valuable indeed, Especially significant is Spencer's cogent analysis of the

Emperor himself. Recommended for college, university, and larger public libraries.'?Choice.

The Ethiopian Royal Chronicles Cambridge University Press

The book by Dr. Tadesse Tamrat is an important contribution. ... In fact, the author shows his full and precise knowledge of past literature on Ethiopia, and his critical analysis of historical events is well founded on the results of recent work; but also-and this is an important novelty-he had access to hagiographical and historical documents, kept in Ethiopian monasteries, which had not previously been known to scholars. ... - Professor Enrico Cerulli, in BSOAS, Vol. 37, 1972. Once in a long while, books are written that set the standard in their discipline. Tadesse Tamrat's Church and State has been just such a book, a classic in Ethiopian historiography, unsurpassed in its painstaking reconstruction of the medieval history of Ethiopia. Few historians have used the rich historical data of the gadl literature as exhaustively and as meticulously as Tadesse has done, teasing out crucial information as only an Ethiopian versed in church traditions could do. Equally significant for the value of the book has been the blending of these Ethiopian traditional sources with the rich contemporary Arabic sources and the commentaries and analyses of such authorities as Carlo Conti Rossini. In short, what Tadesse has done through this masterly reconstruction is to blaze the trail that other Ethiopian historians have followed, a process that culminated in the growth and ripening of professional Ethiopian historiography. - Professor Bahru Zewde is the author of A History of Modern Ethiopia Professor Tadesse Tamrat's magisterial historical work Church and State in Ethiopia, 1270-1527, documents the rise and expansion of a new dynasty in highland Christian Ethiopia and the simultaneous growth of Ethiopian monasticism as an intellectual and cultural force. Based upon a broad range of primary sources previously either unknown or not utilized, this book remains the essential text for the history of the highland Christian state of Ethiopia during the period of its development as the dominant state in the Horn of Africa. This seminal work established the historical foundation for subsequent studies in the history of highland Ethiopia, including specialized cultural and historical analyses of theology, music and religious art. - Professor Marilyn E. Heldman is the author of African Zion: The Sacred Art of Ethiopia

A Social History of Ethiopia Univ of California Press

Emperor Haile Selassie was an iconic figure of the twentieth century, a progressive monarch who ruled Ethiopia from 1916 to 1974. This book, written by a former state official who served in a number of important positions in Selassie's government, tells both the story of the emperor's life and the story of modern Ethiopia. After a struggle for the throne in 1916, the young Selassie emerged first as regent and then as supreme leader of Ethiopia. Over the course of his nearly six-decade rule, the emperor abolished slavery, introduced constitutional reform, and expanded educational opportunity. The Italian invasion of Ethiopia in the 1930s led to a five-year exile in England, from which he returned in time to lead his country through World War II. Selassie was also instrumental in the founding of the Organization of African Unity in 1963, but he fell short of the ultimate goal of a promised democracy in Ethiopia. The corruption that grew under his absolute rule, as well as his seeming indifference to the famine that gripped Ethiopia in the 1970s, led finally to his overthrow by the armed forces that he had created. Haile Selassie was an enlightened monarch in many ways, but also a man with flaws like any other. This short biography is a sensitive portrayal of Selassie as both emperor and man, by one who knew him well.

Emperor Haile Selassie Scarecrow Press

Adejumobi (history, Seattle U.) describes the history of Ethiopia for students and lay readers, devoting a large section to contemporary issues. The book includes an introductory overview of the country's geography, political institutions, economic structure, and culture. It explores shifting global and local power configurations from the late nineteenth century to the twentieth and related implications in Ethiopia and the Horn of Africa region, in addition to how the country sustained resources while involved with international, regional, and local politics. The country's independence, and social, political, and economic reforms are also discussed. Biographical sketches of important individuals are included.

Ethiopia: the Era of the Princes HMH

Examines the religious and political evolution of Ethiopia that led to the foundation of the Christian dynastic rule now governing the country.

The Life and Times of Lij Iyasu of Ethiopia Frontline Distribution International

Hannah Mariam Meherete-Selassie's book, *It was Only Yesterday...* is an insider's story about life as a royal teenager and growing up in the Jubilee Palace in Africa's first royal family under the protective eyes of her great grand-father Emperor Haile Selassie I, King of Kings, Lion of Judah, and Elect of God. In February 1974, her privileged life comes to an abrupt end with the advent of a bloody upheaval which overthrows her great grand-father's government and lands her mother and close family in a rotting Communist jail. By this time Hannah Mariam has fled to United Kingdom where she is granted status as a refugee. Interested in writing from a very young age, her first book *It was Only Yesterday* offers unique insights about the hardship she faced growing up in a new setting and how she effectively managed change and uncertainty. *It was Only Yesterday* is a delightful account of her interactions with friends and family in the backdrop of the intricate world of imperial protocol and palace politics. The book's narrative is based on diaries kept over the past forty-three years, a collection of family photographs, informal chats and interviews, generational stories, and researching academic books about her great grand-father and family. A promising new author, her readers will enjoy how she has interwoven personal experiences with firsthand knowledge of her great grand-father, one of the world's longest reigning monarchs and an important historical figure in Ethiopian, African and world history. The book's memoir genre will appeal to all, in particular to those interested in understanding the cultural, social, political and historical ramifications of pre-socialist Ethiopia of 1974.

Haile Selassie Red Sea Press(NJ)

First full-length history of the Oromo 1300-1700; explains their key part in the medieval Christian kingdom and demonstrates their importance in shaping Ethiopian history.

A Modern Translation of the Kebra Nagast Ohio University Press

Discover the remarkable life of Haile Selassie...The last ruler of the House of Solomon, Haile Selassie, was not only the final Emperor of Ethiopia but also the link to a bygone past. In the days of Haile Selassie, absolute rule was given as an unquestioned divine right. Even though Selassie in many ways was a moderate progressive, he was still an autocratic ruler. It was when Menelik II perished in 1913 that a young Haile Selassie struggled to assert himself as successor by virtue of his blood ties to the ancient Solomonic dynasty that traced Ethiopia's royal roots to none other than the

biblical King Solomon and the Queen of Sheba. In the end, however, even this distinction would not save the last Emperor of Ethiopia from student protests, high gas prices, and an abrupt communist takeover. In this book, we bring you the life, the legend, and the wonder of Haile Selassie in full. Discover a plethora of topics such as Early Life The Rise of Ras Tafari Claiming the Imperial Throne Fascist Italy Invades Selassie during World War II Reclaiming His Kingdom And much more! So if you want a concise and informative book on Haile Selassie, simply scroll up and click the "Buy now" button for instant access!

Ethiopia Reaches Her Hand Unto God NYU Press

Lost for centuries, the Kebra Nagast (The Glory of Kings) is a truly majestic unveiling of ancient secrets. These pages were excised by royal decree from the authorized 1611 King James version of the Bible. Originally recorded in the ancient Ethiopian language (Ge'ez) by anonymous scribes, The Red Sea Press, Inc. and Kingston Publishers now bring you a complete, accurate modern English translation of this long suppressed account. Here is the most startling and fascinating revelation of hidden truths; not only revealing the present location of the Ark of the Covenant, but also explaining fully many of the puzzling questions on Biblical topics which have remained unanswered up to today.

Downfall of an Emperor C. HURST & CO. PUBLISHERS

A compilation of Ethiopia's social history, devoted to the northern and central highlands, and covering the period from early medieval times to the reign of Emperor Tewodros II.

[The Oromo and the Christian Kingdom of Ethiopia](#) Routledge

LC copy signed by author: "To: Tom Kane -- good friend and always helpful critic who has contributed a good deal to this book -- Paul B. Henze 29 August 2000."

[Haile Sellassie and the Opening of the Seven Seals](#) BRILL

Shortlisted for the 2020 Booker Prize, and named a best book of the year by the New York Times, NPR, Elle, Time, and more, *The Shadow King* is an "unforgettable epic from an immensely talented author who's unafraid to take risks" (Michael Schaub, NPR). Set during Mussolini's 1935 invasion of Ethiopia, *The Shadow King* takes us back to the first real conflict of World War II, casting light on the

women soldiers who were left out of the historical record. At its heart is orphaned maid Hirut, who finds herself tumbling into a new world of thefts and violations, of betrayals and overwhelming rage. What follows is a heartrending and unputdownable exploration of what it means to be a woman at war.

Ancient Ethiopia Oxford University Press

In this eminently readable, concise history of Ethiopia, Harold Marcus surveys the evolution of the oldest African nation from prehistory to the present. For the updated edition, Marcus has written a new preface, two new chapters, and an epilogue, detailing the development and implications of Ethiopia as a Federal state and the war with Eritrea.

The Shadow King: A Novel Praeger

Aksum and Nubia assembles and analyzes the textual and archaeological evidence of interaction between Nubia and the Ethiopian kingdom of Aksum, focusing primarily on the fourth century CE. Although ancient Nubia and Ethiopia have been the subject of a growing number of studies in recent years, little attention has been given to contact between these two regions. Hatke argues that ancient Northeast Africa cannot be treated as a unified area politically, economically, or culturally. Rather, Nubia and Ethiopia developed within very different regional spheres of interaction, as a result of which the Nubian kingdom of Kush came to focus its energies on the Nile Valley, relying on this as its main route of contact with the outside world, while Aksum was oriented towards the Red Sea and Arabia. In this way Aksum and Kush coexisted in peace for most of their history, and such contact as they maintained with each other was limited to small-scale commerce. Only in the fourth century CE did Aksum take up arms against Kush, and even then the conflict seems to have been related mainly to security issues on Aksum's western frontier. Although Aksum never managed to hold onto Kush for long, much less dealt the final death-blow to the Nubian kingdom, as is often believed, claims to Kush continued to play a role in Aksumite royal ideology as late as the sixth century. Aksum and Nubia critically examines the extent to which relations between two ancient African states were influenced by warfare, commerce, and political fictions.
