HURLEY HARDY

[Photographs](#) Beinecke Rare Book Library
 Ansel Adams (1902-1984) produced some of the 20th century's most iconic photographic images and helped nurture the art of photography through his creative innovations and peerless technical mastery. The Camera--the first volume in Adams' celebrated series of books on photographic techniques--has taught generations of photographers how to harness the camera's artistic potential. This time-honored handbook distills the knowledge gained through a lifetime in photography and remains as vital today as when it was first published. Along with visualization, image management, Adams' famous Zone System, and other keys to photographic artistry, The Camera covers 35mm, medium-format, and large-format view cameras, while offering detailed advice on camera components such as lenses, shutters, and light meters. Beautifully illustrated with photographs as well as instructive line drawings, this classic manual belongs on every serious photographer's bookshelf. "Adams is a clear-thinking writer whose concepts cannot but help the serious photographer." - New York Times "A master-class kind of guide from an undisputed master." - Publishers Weekly Over 1 million copies sold. Publisher's Note: This ebook of The Camera works best as a digital companion to the print edition. The ebook was produced by electronically scanning and digitizing a print edition, and as a result, your reading device may display images with halftone or moiré patterns.

Ansel Adams Ansel Adams

Yosemite National Park and the High Sierra were the places closest to Ansel Adams' heart, and this magnificent new collection presents the finest selction of his photographs and writings yet published on this "vast edifice of stone and space." Inspired by their grandeur, their wildness, and their primeval mystery, Adams' photos came to represent America's National Parks. During his lifetime Adams published seven books of images from this region; this new book brings the best of these early volumes together into a single work. His writings - alive with anecdote and insight - provide a backdrop for these stirring images, and an introduction by John Szarkowski, the most distinguished photography critic and curator of his time, provides testimony to the enduring impact of Adams' Yosemite vision. Yosemite and the High Sierra represents Adams' legacy at its most distilled and timeless.

Awkward Family Photos Giles

Learn how renowned wildlife photographer and conservationist David Yarrow manages to get his incredible shots. For two decades Yarrow has been venturing further and further afield in search of amazing animals to photograph. Here he shares the incredible knowledge and stories he has gathered along the way and distils them down into the key lessons to take into your own photography. Including guides to composition and perspective, tips on using remote cameras and dealing with dangerous animals, and the philosophy behind his boundary-pushing approach to image taking.

Flower Spirits Crown

A photography instructor guides individuals in the mechanics of taking, developing, and printing black-and-white pictures.

The Art of Getting Lucky Little, Brown

Christopher Marley's art expresses his passionate engagement with the beautiful forms of nature. Beginning with insects and moving on to aquatic life, reptiles, birds, plants, and minerals, Marley has used his skills as a designer, conservator, taxidermist, and environmentally responsible collector to make images and mosaics that produce strong, positive emotional responses in viewers. Marley has a brilliant eye for color and pattern in different natural objects, and he expertly captures the deep relationships among them. Biophilia (literally, "love of living things") is a must-have for nature lovers, designers, artists, craftspeople, and anyone looking for visual inspiration in the arts.

California Ansel Adams

An exquisite photo collection showcasing awe-inducing moments from around the world, including the aurora borealis, cities made of neon lights, a great wildebeest migration, a contortionist on display--and more. In life, there are certain sights that are as beautiful as they are unforgettable--from a majestic supercell to the secrets of a deep blue ice cave to the world's largest library. These fascinating spectacles shock us in their diversity, their complexity, and their epic scale, bringing us the miraculous beauty of our planet. Featuring more than 200 color images, including acclaimed photography from the National Geographic Image Collection, this volume presents a dazzling array of natural and manmade wonders, unusual phenomena, and amusing curiosities. Each page will enlighten and inspire, presenting our world at its best.

Ansel Adams' Yosemite Running Press Miniature Editions

Ansel Adams (1902-1984) produced some of the 20th century's most iconic photographic images and helped nurture the art of photography through his creative innovations and peerless technical mastery. The Print--the third volume in Adams' celebrated series of books on photographic techniques--has taught generations of photographers how to explore the artistic possibilities of printmaking. Examples of Adams' own work clarify the principles discussed. This classic handbook distills the knowledge gained through a lifetime in photography and remains as vital today as when it was first published. The Print takes you step-by-step--from designing and furnishing a darkroom to mounting and displaying your photographs, from making your first print to mastering advanced techniques, such as developer modifications, toning and bleaching, and burning and dodging. Filled with indispensable darkroom techniques and tips, this amply illustrated guide shows how printmaking--the culmination of photography's creative process--can be used expressively to enhance an image. "Adams is a clear-thinking writer whose concepts cannot but help the serious photographer." - New York Times "A master-class kind of guide from an undisputed master." - Publishers Weekly Over 1 million copies sold. Publisher's Note: This ebook of The Print works best as a digital companion to the print edition. The ebook was produced by electronically scanning and digitizing a print edition, and as a result, your reading device may display images with halftone or moiré patterns.

The Camera Random House

The histories of the North American West and photography have been intertwined since photography reached America. From the middle of the 19th century, images of the West have continuously played a significant role in defining the ways the region is perceived not only within America but around the world. Eye on the West presents the work of seventeen contemporary photographers of the West, including David Plowden, Laura McPhee, Miguel Gandert, Karen Halverson, Toba Tucker, Richard Buswell, John Willis, David Ottenstein, Lauren Henkin, and Will Wilson. Beautiful reproductions of 34 photographs are accompanied by brief essays by George Miles and by the artists themselves, contributing to multiple conversations about how visual art continues to reflect and shape our understanding of Western American society, culture, and politics.

Find It in Everything Laurence King Publishing

The award-winning actress reveals love all around us: "Barrymore's photographs are upbeat, sincere, and--need we say it?--heartfelt." --Detroit News and Free Press Drew Barrymore has always loved hearts--the simple symbol that conveys love. In Find It in Everything, Barrymore shares the photographs she has taken of heart-shaped objects and patterns she has come across over ten years. Some are obvious and others barely discernible. A discarded straw wrapper, a hole in a T-shirt, a scallion in a bowl of miso soup--seemingly everywhere she turns her lens, a heart reveals itself. A very personal collection of images, many of them accompanied by brief captions that reflect on beauty in the everyday, Find It in Everything is a delightful book from the beloved actress and director, who now adds photographer to her list of credentials.

Spectacle Little, Brown

The latest edition of the Ansel Adams wall calendar reproduces 13 classic images by the master photographer, chosen to reflect the changing seasons. Well-known and less familiar photographs are included, depicting grand vistas of the American West as well as intimate studies of plant life, among other favourite subjects. The 2011 calendar is an elegant addition to any home or office, as well as an attractive gift.

Internment Chesapeake Seaglass Pub

Renowned as America's pre-eminent black-and-white landscape photographer, Ansel Adams began to photograph in color soon after Kodachrome film was invented in the mid 1930s. He made nearly 3,500 color photographs, a small fraction of which were published for the first time in the 1993 edition of ANSEL ADAMS IN COLOR. In this newly revised and expanded edition, 20 unpublished photographs have been added. New digital scanning and printing technologies allow a more faithful representation of Adams's color photography.

Pure Sea Glass Bulfinch Press

A celebration of California by its most renowned photographer, this book features many rarely seen images and an intriguing selection of writings about the state by classic and contemporary authors. This volume collects for the first time a full range of Adams' California images. Sixty-five beautifully reproduced photographs capture some of California's most inimitable vistas - San Francisco, the Golden Gate, Point Reyes, the North Coast, redwood forests, Mt. Lassen, orchards in Santa Clara, Lake Tahoe, lettuce fields in the Salinas Valley, and the gold country, among many others. Accompanying these beautiful photographs are evocative poems, essays, and passages about California by a wide range of notable writers, including Robert Louis Stevenson, Mark Twain, John Muir, Robinson Jeffers, John Steinbeck, John McPhee, Wallace Stegner, and Joan Didion.

Rare and Astonishing Photographs National Geographic

Where I Find Myself is the first major single book retrospective of one of America's leading photographers. It is organized in inverse chronological order and spans the photographer's whole career to date: from Joel Meyerowitz's most recent picture all the way back to the first photograph he ever took. The book covers all of Joel Meyerowitz's great projects: his work inspired by the artist Morandi, his work on trees, his exclusive coverage of Ground Zero, his trips in the footsteps of Robert Frank across the US, his experiments comparing color and black and white pictures, and of course his iconic street photography work. Joel Meyerovitz is incredibly eloquent and candid about how photography works or doesn't, and this should be an inspiration to anyone interested in photography.

Half Dome, Merced River, Winter, Yodemite National Park Harry N. Abrams

Ansel Adams' YosemiteThe Special Edition PrintsAnsel Adams

David Yarrow Harry N Abrams Incorporated

America's greatest photographer on his greatest subject--featuring the Yosemite Special Edition Prints, a collectible collection of photographs selected by Ansel Adams during his lifetime, yet never before published in book form. The photographs of Ansel Adams are among America's finest artistic treasures, and form the basis of his tremendous legacy of environmental activism. In the late 1950s, Adams selected eight photographs of Yosemite National Park to offer exclusively to park visitors as affordable souvenirs. He hoped that these images might inspire tourists to become activists by transmitting to them the same awe and respect for nature that Yosemite had instilled in him. Over the following decades, Adams added to this collection to create a stunning view of Yosemite in all its majesty. These photographs, the Yosemite Special Edition Prints, form the core of this essential volume. Adams' luminous images of Yosemite's unique rock formations, waterfalls, meadows, trees, and nature details are among the most distinctive of his career. Today, with America's public lands increasingly under threat, his creative vision remains as relevant and convincing as ever. Introduced by bestselling photographer Pete Souza, with an essay by Adams' darkroom assistant Alan Ross, Ansel Adams' Yosemite is a powerful continuation of Adams' artistic and environmental legacies, and a compelling statement during a precarious time for the American earth.

The Authorised Biography Ansel Adams

Our dogs are our best friends. They are always happy to see us. They comfort us in our times of need. They also eat our shoes, stain our carpets, and embarrass us in front of our guests. Based on the runaway web phenomenon, Dog Shaming features hilarious and adorable photos of petulant pups accompanied by notes detailing their misdeeds: waking sleeping babies, eating vomit, chasing postmen, unplugging alarm clocks, peeing on stuff, etc. So share in the shaming and laugh through your frustration as Dog Shaming reminds us that unconditional love goes both ways.

Hello, Is This Planet Earth? Little Brown & Company

An instant New York Times bestseller! "Internment sets itself apart...terrifying, thrilling and urgent."--Entertainment Weekly Rebellions are built on hope. Set in a horrifying near-future United States, seventeen-year-old Layla Amin and her parents are forced into an internment camp for Muslim American citizens. With the help of newly made friends also trapped within the internment camp, her boyfriend on the outside, and an unexpected alliance, Layla begins a journey to fight for freedom, leading a revolution against the camp's Director and his guards. Heart-racing and emotional, Internment challenges readers to fight complicit silence that exists in our society today.

With Classic California Writings Little, Brown

The first volume to present Paglen's early photographic series alongside his recent sculptural objects and new work with AI.

Ansel Adams in Yosemite Valley: Celebrating the Park at 150 Hachette+ORM

In commemoration of the one-hundredth anniversary of his birth, Ansel Adams at 100 presents an intriguing new look at this distinguished photographer's work. The legendary curator John Szarkowski, director emeritus of the Department of Photography at New York's Museum of Modern Art, has painstakingly selected what he considers Adams' finest work and has attempted to find the single best photographic print of each. Szarkowski writes that "Ansel Adams at 100 is the product of a thorough review of work that Adams, at various times in his career, considered important. It includes many photographs that will be unfamiliar to lovers of Adams' work, and a substantial number that will be new to Adams scholars. The book is an attempt to identify that work on which Adams' claim as an important modern artist must rest." Ansel Adams at 100--the highly acclaimed international exhibition and the book, with Szarkowski's incisive critical essay--is the first serious effort since Adams' death in 1984 to reevaluate his achievement as an artist. The exhibition prints, drawn from important public and private collections, have been meticulously reproduced in tritone to create the splendid plates in this edition, faithfully rendering the nuances of the original prints. Ansel Adams at 100 is destined to be the definitive book on this great American artist. John Szarkowski is director emeritus of the Department of Photography, The Museum of Modern Art, New York. He is the author of such classic works as Looking at Photographs, The Photographer's Eye, Photography Until Now, and Atget, as well as several books of his own photographs, including the recently reissued The Idea of Louis Sullivan.

Digital Photography Ansel Adams

This new book surveys Edward Weston's work more comprehensively and exhaustively than any previous work. A combination of biography and critical analysis, it offers more than 320 meticulously reproduced duotone images, nearly a quarter of which have never been reproduced in books before. The selected photographs trace Weston's career from his early days, through formative years in Mexico, and on through the balance of his career, which ended because of the onset of Parkinson's disease ten years prior to his death in 1958. Treated chronologically and emphasizing Weston's creative preoccupations in each period, the book includes work that he created in 1938 and 1939 with funds from the first two Guggenheim Foundation grants ever awarded to a photographer. To illustrate the book vintage prints have been selected from the copious Weston Archives at the Center for Creative Photography in Tucson, Arizona, and the highly important Lane Collection at the Boston Museum of Fine Arts. Nearly 10,000 photographs have been examined in order to select those reproduced in the book.
