The Supplement includes the entire Uniform Commercial Code as of May 2019, excluding Article 6, and a selection of other federal statutes and regulations, uniform state laws, and Restatement provisions, aiming to include those items most commonly used in commercial law courses: the Truth in Lending Act, the Electronic Funds Transfer Act, the Federal Tax Lien Act, the Uniform Electronic Transactions Act, excerpts from the CISG, and excerpts from the ICC's uniform rules for letters of credit. The Bankruptcy Code, as of June 1, 2019, is reproduced in full. Unlike the UCC, there are no official comments for the Bankruptcy Code, and the legislative history is spotty at best. As a result, only the Code is offered here. In addition, selections from Title 18 and Title 28 of the United States Code that are relevant to bankruptcy law are included. New to the 2019 Edition: Section 104(b) of the Bankruptcy Code, including the current dollar amounts, amended as of April 1, 2019 Revisions to Regulation E related to prepaid cards Updates to sections 9-406 and 408 of the UCC and

Ronald D. Lankford has written the definitive history of this iconic and much-loved Christmas character. Rudolph the Red-Nosed Reindeer was the creation of Robert May, a staff copywriter who wrote the original poem as a Montgomery Ward Christmas giveaway in 1939. More than 2.4 million copies were printed and given away that holiday season. Thus the legend began. Johnny Marks adapted the poem into what would become the Gene Autry hit "Rudolph the Red-Nosed Reindeer," which instantly became - and still remains - one of the most popular Christmas songs of all time. The legend of Rudolph soared even higher with the Rankin/Bass stop-motion television special in 1964, which has gone on to inspire a cottage industry of toys and decorative items. In this festive and informed look at the most famous reindeer of all, Lankford discusses all of Rudolph's iterations, including comic books, sequels, advertising tie-ins, movies, and

much more. Lankford has produced the first complete history of Rudolph that both celebrates and explains the undying popularity of Rudolph and his friends. The result is both a glowing tribute and a rigorously researched biography that will appeal to fans and lovers of classic American holiday culture.

This 240-page workbook is a highly effective, no nonsense, self-marketing instrument to facilitate and manage the entire job-search campaign. Contained in its pages are all the tools and information necessary to help your terminated employee win and keep their next job. Whether or not you provide Outplacement support to your separated employees, our workbook would be an excellent tool to augment their job search. It provides a complete resource to help the discharged worker achieve and keep their next position. FINDING A JOB IS HARD WORK. It has been estimated that as many as one out of every three workers attempts to change jobs annually in the United States. Out of a labor force of 153 million, that represents almost 50,000,000 job seekers who are seeking new employment each year. As a result, the job search process is highly competitive at all levels. It can be lengthy, frustrating, prejudicial, and unfair. Older, more traditional job finding techniques have become less productive. The traditional resume no longer has the same impact in generating the all important and often elusive interview. Both the Wall Street Journal and USA TODAY have highlighted the fact that only about 15% of all professionals find a new position through responding to published advertisements or online postings, another 10% through placement agencies or search firms, and only 5% through unsolicited direct mail. Why then, would anyone focus 90% of their time and effort in areas that represent only about 30% of all potential opportunities? It is not uncommon for 200-300 people to respond to help wanted advertisements. Yet seldom do more than 6 to 10 people achieve interviews, and after an often lengthy process, only one person gets the job. Everyone else starts the whole process again. Older Americans, women, and minorities can often face an even more difficult road due to unspoken, but ever-present biases. There is a better way. Tomorrow Is Today dispels the myth that the most qualified candidate always gets the job. It points out that the person who is hired is usually the

one who is liked the best. This book can be a major factor in how you differentiate yourself from other candidates when the hiring decision is almost always based upon subjective factors such as the individual's personality style, body language, and manner of being interviewed. It is an invaluable resource in helping you to achieve your next position with added features that assist in effectively managing both career growth and family issues.

Runar M. Thorsteinsson presents a challenge to the view that Christianity introduced an entirely new, better, and decidedly universal morality into the ancient world. Presenting evidence from Stoic and Christian texts from first century Rome, he emphasizes the similarities between the two belief systems.

"Heartbreaking and inspiring," Nelson Mandela's Prison Letters reveals his evolution "into one of the great moral heroes of our time" (New York Times). First published to mark the centenary of Nelson Mandela's birth, The Prison Letters of Nelson Mandela sparked celebrations around the globe for one of the "greatest warriors of all time" (O, The Oprah Magazine). Featuring 94 letters selected from that landmark collection, as well as six new letters that have never been published, this historic paperback provides an essential political history of the late twentieth century and illustrates how Mandela maintained his inner spirit while imprisoned. Whether they're longing love letters to his wife, Winnie; heartrending notes to his beloved children; or articulations of a human-rights philosophy that resonates today, these letters reveal the heroism of a man who refused to compromise his moral values in the face of extraordinary human punishment, invoking a "story beyond their own words" (New York Times). This new paperback edition—essential for any literature lover, political activist, and student—positions Mandela among the most inspiring historical figures of the twentieth

century.

Revised Statutes of the United States, Passed at the First Session of the Forty-third Congress, 1873-74

Parenting in England is the first study of the world of parenting in late Georgian England. The author, Joanne Bailey, traces ideas about parenthood in a Christian society that was responding to new cultural trends of sensibility, romanticism and domesticity, along with Enlightenment ideas about childhood and self. All these shaped how people, from the poor to the genteel, thought about themselves as parents, and remembered their own parents. With meticulous attention to detail, Bailey illuminates the range of intense emotions provoked by parenthood by investigating a rich array of sources from memoirs and correspondence, to advice literature, fiction, and court records, to prints, engravings, and ballads. Parenting was also a profoundly embodied experience, and the book captures the effort, labour, and hard work it entailed. Such parental investment meant that the experience was fundamental to the forging of national, familial, and personal identities. It also needed more than two parents and this book uncovers the hitherto hidden world of shared parenting. At all levels of society, household and kinship ties were drawn upon to lighten the labours of parenting. By revealing these emotional and material parental worlds, what emerges is the centrality of parenthood to mental and physical well-being, reputation, public and personal identities, and to transmitting prized values across generations. Yet being a parent was a contingent experience adapting from hour to hour, year to year, and child to child. It was at once precarious, as children and parents succumbed to fatal diseases and accidents, yet it was also enduring because parent-child relationships were not ended by death: lost children and parents lived on in memory.
