'Simply Scandinavian' is an inspirational survey of 20 outstanding homes, ranging from tiny cabins to elegant apartments in Sweden, Finland, Norway, and Denmark. 'Simply Scandinavian' is an inspirational survey of 20 outstanding homes, ranging from tiny cabins to elegant apartments in Sweden, Finland, Norway, and Denmark. Scandinavian interior design is admired the world over for its unpretentious simplicity and understated elegance. Rooms are typically airy, light and bright. Furnishings are modern design classics from the key names of Scandinavian design (Hans Wegner, Poul Kjaerholm, Arne Jacobsen, and Marimekko, to name but a few) mixed with pretty antique and vintage pieces. The beauty of natural materials, especially wood, is celebrated. It's a style that's entirely in tune with today's wish for calm, uncluttered, and comfortable spaces to live in. The 20 homes featured in this book are presented as case studies, with chapters including Elegant Simplicity, Vintage-Inspired, Pared-down Modern and Contemporary Rustic. Each home showcases an aspect of Scandinavian interior design and the home owners include architects, fashion and jewellery designers, and antique dealers. The accompanying text offers a fascinating insight into each home, describing its design, planning, and evolution. Celebrating a way of life that combines elegance and comfort with a love of the natural world, 'Simply Scandinavian' offers an abundance of decorative ideas that will work in any setting.

### The Scandinavian Home Simon and Schuster

Furniture and household objects especially those of wood and metal featuring more than 60 designers from Denmark, Sweden, Norway, and Finland. Scandinavian Modern style, from the 1930s through the 1970s, is shown in hundreds of photographs. Designers, manufacturers, and distributors are documented, while detailed captions with current prices, a large bibliography, and an index make this book a valuable reference and a must for all collectors, dealers, and researchers of Scandinavian design.

### Simply Scandinavian Schiffer Book for Designers &

Clean, elegant lines, delicate color schemes, well-proportioned, light-filled spaces, and natural materials--the hallmarks of Scandinavian design are unmistakable. As the trend in residential design continues to move toward pared-down, comfortably elegant, environmentally friendly homes, the Scandinavian aesthetic has become a global influence in interior design. Lars Bolander, one of Sweden's foremost interior designers, has been creating the Scandinavian look in homes all over the world for decades. In this impressively illustrated volume, he and author Heather Smith MacIsaac, a former editor of House & Garden magazine, share their expert knowledge of the very best in Scandinavian design, past and present, offering guidance on how to achieve the Scandinavian look, incorporate the trademark elements into any decor, and mix and match traditional and modern, humble and grand. Praise for Lars Bolander's *Simply Scandinavian Design*: "A private, exclusive tour of the best of Scandinavian design. . . . This book is a new treasure for my design library, one I will refer to over and over." Bunny Williams "A sophisticated volume . . . an in-depth, intelligent, and informative look at the design sensibilities found in Scandinavian domestic furniture and decoration. . . . Lars Bolander surveys all of this with his keen . . . eye and finely honed historical knowledge, and the results are breathtaking." Martha Stewart "From his captivating shops in New York and Palm Beach, Lars Bolander has won an army of converts to his seductive vision of Scandinavian design, antique and modern, rustic and urbane. In this book, he brings that world of style vividly to life with images of some of the most magical and inspiring environments to be found there, from the light-dappled elegance of Gustavian interiors to the inventive purity of the very best in contemporary architecture." Hamish Bowles "Lars Bolander's handsome and intelligent book tells the story of Scandinavian design and its influence--in the past, in the present, and leading into the twenty-first century. A product of a northern world separated to a great extent from Europe, Scandinavian design looked to the styles of the French court in the eighteenth century, but developed its own style with an adaptive simplicity that has given it a place unto

itself in the history of design, as beautifully visualized on the pages of this book." David Easton "Lars has the magic formula for combining the sophisticated Gustavian style with the rustic charm of the Scandinavian countryside. Just perfect " Juan Pablo Molyneux "He creates both classic and new looks, as well as bringing the traditional pieces into the 20th century (which I love) " MadebyGirl "Lars Bolander is the go-to person for Scandinavian decor in America." Veranda "It's total design porn at its finest." Everything LEB "Gorgeous." Annechovie "A visual delight." Swedish Interiors by Eleish van Breems "A lovely read and must-have reference and inspiration guide for any design library." Hampton Hostess "One you'll want to add to your library." From the Right Bank "Wonderful." Rita Konig (interview with A Lovely Being)

### National Romanticism and Modern Architecture in Germany and the Scandinavian Countries Stewart, Tabori, & Chang

This international sourcebook traces the design and interior traditions of Denmark, Sweden, Norway, and Finland. In addition to focusing on architecture, furniture, and 20th century movements from Functionalism to Danish Modernism, it covers modern living and the decorative traditions that have influenced Scandinavian style: Gustavian, Neoclassical, Chinoiserie, as well as inspirations from the Middle East and Asia Minor. A special chapter explores how modern designers such as Gunilla Allard, Thomas Sandell, and Pia Wall have used new materials, as well as updated traditional ones, to create innovative furniture and products for the home.

#### Scandtastic!: The best of design from northern Europe

Scandinavians are exceptionally gifted in design. They are world-famous for their inimitable, democratic designs which bridge the gap between crafts and industrial production. The marriage of beautiful organic forms with everyday functionality is one of the primary strengths of Scandinavian design and one of the reasons why Scandinavian creations are so cherished and sought after. This all-you-need guide includes a detailed look at Scandinavian furniture, glass, ceramics, textiles, jewelry, metalware and industrial design from 1900 to the present day, with in-depth

entries on over 180 designers and design-led companies, plus essays on the similarities and differences in approach between Norway, Sweden, Finland, Iceland, and Denmark. Also included is a list of important design-related places to visit for readers planning to travel to Scandinavia. Including: DESIGNERS Verner Pantton, Arne Jacobsen, Alvar Aalto, Timo Sarpaneva, Hans Wegner, Tapio Wirkkala, Sigvard Bernadotte, Stig Lindberg, Ingeborg Lundin, Finn Juhl, and many others. COMPANIES Fritz Hansen, Artek, Le Klint, Gustavsberg, Iittala, Fiskars, Volvo, Saab, Orrefors, Royal Copenhagen, Holmegaard, Arabia, Marimekko, George Jensen, and many more.

Scandinavian Design Taschen America Llc

Lars Sjöberg is one of Sweden's national treasures. He is as widely known for his encyclopaedic knowledge of Sweden's historic houses as he is for his passionate concern to preserve them. Presented here are the eight houses (and one church) that he has acquired over forty years, many of which he bought in order to save them from being demolished. They range from a miniature Baroque manor house to an imposing Italianate Neoclassical villa, from a late 17th-century aristocratic mansion to the two-room dwellings of early 19th-century smelting workers. Each house tells a story giving an insight into why it was built and how it changed with succeeding generations. Each has been lovingly photographed by Ingalill Snitt. Text and pictures combine to show how the appealing style that has come to be recognized as quintessentially Swedish developed from its roots in the late 17th century to flower in the late 18th and early 19th centuries. Here are the pale wood floors and muslin curtains, the elegant Gustavian furniture, the gleaming gilded mirrors, the charming painted wall decorations and the simple sprigged or striped fabrics, used in entirely authentic interiors. An art historian and a museum curator, Sjöberg is also a superb self-taught craftsman who believes ardently in the value of learning from the past to preserve the future. His principles are borne out by the meticulous way in which he has restored and conserved his houses. His first and most complex undertaking was the manor of Regnholm. Built in the 1770s, redecorated in the early years of the 19th century and unoccupied for about forty years when he took it on in 1966, it allowed him to experiment with interior decoration and refurnishing. He has built on this knowledge over the decades, reproducing furniture, having fabrics re woven and

reprinted and lighting and even porcelain copied. This book is a ravishingly beautiful, deeply personal summary of everything Lars Sjöberg has learnt in his years of working and living with classic Swedish interiors.

*Scandinavian Classic Baking* Gibbs Smith

"Scandinavia has been the source of some of the most important furniture designs of the 20th century. Today, a new generation of designers continues that tradition, creating pieces that are functional, comfortable and appealing to look at. This book updates the history of design in the Nordic nations, and illustrates more than 500 of the best current furniture from over seventy producers, most of them in full colour. It also includes detailed product specifications and sources, biographies of important Nordic designers, and a comprehensive bibliography. It will appeal to everyone with an interest in modern furniture, as well as designers, architects, collectors and students with a special interest in Scandinavian design." - product description.

Celebrating a way of life that combines elegance and comfort with a strong love of the natural world, Simply Scandinavian offers an abundance of decorative ideas that will work in any setting.

**Living in Style** Ryland Peters & Small

This stunning book examines design exchanges between the United States and Scandinavia over nearly a century and explores the fascinating reasons why Scandinavian design has continued

to resonate with Americans. Focusing on the extensive influence of Scandinavian design in the United States, this book shows how Nordic ideas about modern design and the objects themselves had an indelible impact on American culture and material life. It also considers America's influence on Scandinavian design, showing how cultural exchange is mutual by nature. In addition to familiar material like Danish furniture and Swedish glass, readers will learn about America's little-known "Viking Revival" style; the work of Howard Smith, an African-American artist who immigrated to Finland in the 1960s; and the myriad ways Scandinavian toys and household goods helped shape American child-rearing practices. The perfect addition to any Danish modern coffee table, this elegant book traces how Scandinavian design became an integral part of what is considered "American design." Published with the Los Angeles County Museum of Art

*Scandinavia, Living Design* W. W. Norton & Company

The designs of the Nordic nations - Denmark, Finland, Iceland, Norway and Sweden - are today taken for granted, so familiar are we with the blonde wood, cool, airy spaces and clean design values of the north. However, during the first wave of Scandinavian design in the mid-twentieth century, many of the concepts produced were considered revolutionary, pushing natural materials to their limits and producing well-designed items that were aimed at society as a whole rather than a select few. Since the beginning of the 1990s a new generation of Scandinavian designers has appeared to international acclaim, and once again pushed the boundaries of modern design and innovation.

**Swedish Knits** Die Gestalten Verlag

Discover classic and contemporary Scandinavian style with specially commissioned photography of homes in Denmark, Norway, Sweden, and Finland. Discover classic and contemporary Scandinavian style with specially commissioned photography of homes in Denmark, Norway, Sweden, and Finland. Scandinavia is famous for its distinctive style: homes are pared-back and simple, and form and function are combined to create aesthetically pleasing and practical interiors. Scandinavians are inspired by light, having an abundance of it in summer but so little of it in winter, and house designs tend to maximize the amount of natural light that enters the home, and allow the inhabitants to make the most of outdoor life during the summer. Similarly,

nature and the weather are major influences: homes are made warm and cozy for the freezing winter months—not just literally with log burners, but also through incorporating wood and natural materials. Here Niki Brantmark, owner of the interior design blog My Scandinavian Home, presents a wide-ranging collection of these beautiful homes and explores how the Scandinavian lifestyle is reflected in them all. The first chapter, Urban Living, features styles ranging from minimalist to bohemian, and pale palettes to dramatic dark colors. By contrast, the Country Homes tend to have a softer, calmer feel, through color and textiles, in line with a slower pace of life. Finally, the spectacular Rural Retreats include a mountain cabin, beach house, and rustic summer cottage, and demonstrate how having somewhere to escape to is so important to many Scandinavians. This collection of stunning interiors will put Scandi style within every reader's reach.

*The Role of Tradition and Everyday Life in Scandinavian Modern Design* Ryland Peters & Small

Product Description: Scandinavian style is something so familiar and so pervasive that you may not even realize how much of the world we live in has been shaped by its influence. Young Scandinavian designers continue to find new variations on the themes of simplicity, clean lines and respect for natural materials. In all aspects of Scandinavian life, from interiors to the manufacture of mobile phones, you will find attention to detail, with form matching function in every way. This highly illustrated and hugely informative book celebrates the very best in Scandinavian design and manufacturing from the greats such as Alvar Aalto and Arne Jacobsen to the many contemporary designers and artisans working today in Norway, Sweden, Denmark, Finland and Iceland.

If the goal were to build a house in which everyone would like to live, the architect would likely be Italian, the engineer maybe German, the gardener probably British, and the craftspeople either Swiss or Japanese. The interior designer of that house, though, should - beyond any doubt - be from Scandinavia.

Northern Delights reveals why hardly any other interior or product design is so timeless, so functional, so aesthetic, and of such high quality as that of Sweden, Norway, Finland, and Denmark. The book's stunning selection of Scandinavian design ranges from individual products to skillfully staged living spaces. Although it also presents iconic designs, the book focuses on the work of young talents who are consciously building upon local sustainable design traditions and further developing them in a way that is consistent, intelligent, and reflects an unerring sense of style. Northern Delights showcases classic, minimal, rustic, and pop styles that are united by their simplicity, functionality, and love of light. The included examples show how the grains of different woods, the clarity of colored glass, the cheery colors of fabrics and patterns, and the overall quality of craftsmanship contribute to creating simple, inviting, and very comfortable spaces. Whether the featured work was created for residences, offices, or any other rooms, in a Scandinavian interior, everyone feels at home.

**Scandinavian Country** Carlton Publishing Group

A survey of homes and furnishings adapted to their natural environment.

The chapters follow her secret design formula and include creating a design budget, mapping out floor plans, selecting a color palette, and accessorizing like a stylist. It's time to start living in the home of your dreams without maxing out your credit cards. Learn how with Helmuth's Big Design, Small Budget!

**Scandinavian Furniture** Gibbs Smith

Scandinavian Modern Home traces the development of this perennially popular style within its countries of origin from the late 1920s, and explores how that look was subsequently exported throughout Europe and the USA, introducing the most important designers and their work.

*Scandinavian Home* Hearst

Designers from Denmark, Sweden, Finland, Norway, and Iceland have long pursued the shared goal of social equality through design, believing that well-designed everyday goods not only enhance daily life, but should also be the birthright of all. Modern Scandinavian Design is the ultimate guide to the distinctive design tradition arising out of these five Nordic countries since 1925. Bestselling design authors Charlotte and Peter Fiell have extensively researched all aspects of the aesthetic, along with contributions from Magnus Englund of Skandium. With sections on architecture, furniture, lighting, glass, ceramics, metalwork, woodenware, plastics, textiles, jewelry, and graphic design, this will be an indispensable resource for any design enthusiast, collector, or casual reader seeking inspiration for their home.
