JIMMY SHILOH

Essentials of Educational Psychology, 3rd Edition PHI Learning Pvt. Ltd.

Written in an accessible and engaging style, this second edition of *The Psychology of Education* addresses key concepts from psychology which relate to education. Throughout the text the author team emphasise an evidence-based approach, providing practical suggestions to improve learning outcomes, while fictional case studies are used in this new edition to provide students with a sense of what psychological issues can look like in the classroom. Activities around these case studies give students the chance to think about how to apply their theoretical knowledge to these real-world contexts. 'Key implications' are

drawn out at appropriate points, and throughout the book students are provided with strategies for interrogating evidence. Key terms are glossed throughout the book and chapters are summarised and followed by suggestions for further reading. A chapter on Learning interactions and social worlds is new to this edition. The following chapters have all been extensively updated: Learning Assessment Individual differences and achievement Student engagement and motivation The educational context Society and culture Language Literacy Inclusive education and special educational needs Behaviour problems Dealing with behaviour problems. This book is essential reading for undergraduate students of Education Studies and Psychology as well as trainee teachers on BA, BEd and PGCE courses. It will also be of use to postgraduates training to be educational psychologists.
PHI Learning Pvt. Ltd.

This extensively revised and fully updated second edition is designed as a textbook for M.A. (Education), M.Ed., M.A. (Psychology and Sociology) and for research students pursuing courses in Statistics related to these subjects. It takes into account the present syllabi of various universities and institutes of education across the country. What's New to the Second Edition : Six new chapters added with emphasis on advanced statistical concepts and techniques such as the following : - Biserial correlation, point biserial correlation, tetrachoric correlation, phi coefficient, partial and multiple correlation. - Transfer of raw scores into standard scores, T, C and Stanine scores. - Non-parametric tests like the McNemar test, Sign test, Wilcoxon test, Median test, U test, Runs test, and KS test. - Analysis of covariance. Some chapters modified and reshuffled to reflect the new emphasis. Entire text thoroughly checked and marked improvements made to bring the topics uptodate.

PSYCHOLOGY OF LEARNING AND DEVELOPMENT Routledge

Written in an easy-to-understand style, the text has been thoroughly revised in tune with the spirit and need of the new nomenclature Pedagogy of Social Sciences in place of the old designation Teaching of Social Studies. It reflects on the theoretical knowledge and practical skills required to teach Social Sciences in an effective manner. Introducing new chapters, the second edition of the book mainly focuses on improving the methodological concepts of the Social Sciences teachers. In doing so, it covers various strategies and devices of teaching Social Sciences, e-learning in Social Sciences, e-learning resources in Social Sciences, and professional growth of the Social Sciences teacher. Besides, the chapters of the previous edition have been

updated, with the required information given in various new sections. This book is suitable for a course on 'Pedagogy of Social Sciences' for the students of B.Ed. and M.A. (Education). It can also be used for the in-service teacher education programmes organized by the Central and State education boards. NEW TO THE SECOND EDITION □ In addition to the four new chapters, the book now incorporates several new sections: • Concept and meaning of the term Social Sciences; distinguishing the subject Social Sciences from Natural Sciences and the subject Social Studies; justification for using the term teaching/pedagogy of Social Sciences in place of teaching/pedagogy of Social Studies (Chapter 1) • Bloom's revised taxonomy, 2001 (Chapter 4) • Views of NCF and Focus Group (NCERT) about curriculum at the various stages of school education (Chapter 5) • Survey method and cooperative learning method for the teaching of Social Sciences (Chapter 7) • Reference books in Social Sciences (Chapter 9) • Atlases, newspapers, digital audio recorders and players and documentaries as instructional material or teaching aids (Chapter 11) • Question banks, grading system, open book examinations and use of rubrics as the means and ways for improving the evaluation programmes in Social Sciences (Chapter 23) □ Also, the chapter on 'Relationship of Social Studies with other Subjects' has been replaced with a more comprehensive and detailed chapter on 'Correlation in Social Sciences' (Chapter 6). KEY FEATURES □ Chapter-end summary and study questions to help readers review the important topics and drill the concept discussed, respectively. □ Numerous figures and tables to facilitate easy understanding of the concepts. □ References and Suggested Readings to provide scope for further

reading.

CHILDHOOD AND GROWING UP PHI Learning Pvt. Ltd.

Human behaviour is quite complex. Success in interpersonal relations depends on a proper understanding of it. The present book provides an introductory course for this very purpose. It studies human behaviour in its various aspects: physiological, emotional, mental and social. The book will be useful to students of psychology of different boards of education and universities. For general reader, it would serve as a workable base for further study of the subject. The subject matter has been presented in a simple, informative style so that the reader may be able to understand essential terminology, facts and concepts about human behaviour.

EDUCATING EXCEPTIONAL CHILDREN PHI Learning Pvt. Ltd.

The book is a rich source of information relevant to the field of assessment and learning. It describes various techniques and methods for evaluating the potential, ability, interest and attitude of learners for understanding the ways to further build up the pyramid of their learning. It covers exhaustive information inclusive of that required for the compulsory paper "Assessment for Learning" introduced in the curriculum of B.Ed. course of various Indian universities in accordance with the guidelines of National Council for Teacher Education (NCTE). It discusses Revised Bloom's Taxonomy of Instructional Objectives, the Construction and Standardisation of Achievement and Diagnostic Tests, Policy Perspective on Examination and Assessment, latest Assessment Tools and Devices such as Portfolio Assessment. Besides, it describes the development and use of Rubrics, Emerging Trends and Assessment Practices such as Computer-

based online examination, Examination on demand, Open-book examination, and Choice-based credit system, and Statistical means and ways of analysing and interpreting students' performances. **KEY FEATURES** • Full coverage of syllabi of all the Indian universities • Diligently arranged chapters for the sequential learning • Comprehensive explanation with illustrative examples • Explicit figures, tables and diagrams for easy interpretation • Chapter-end summary for quick recapitulation
RESEARCH METHODOLOGY IN BEHAVIOURAL SCIENCES PHI Learning Pvt. Ltd.

A harmonious blend of the theoretical and practical aspects of educational psychology, this student-friendly text provides a base for the understanding of the subject. The book discusses the various aspects of growth and development, specifically during childhood and adolescence, and accords due importance to the cognitive aspect of human behaviour with elaborate text on intelligence, creativity, thinking, reasoning and problem-solving. Besides maintaining a logical progression of topics, the author has interspersed the text with examples and illustrations to provide an in-depth analysis of the subject matter. The book is ideally suited for the B.Ed. and B.A. (Education) courses but can also be a valuable reference for teachers, teacher-trainees, and practising counsellors at various levels of school education. **KEY FEATURES** • Cogent and coherent style of writing • Assignment problems and sample tests at the end of various chapters • Wide range of examples and over 50 illustrations to support and explain the topics discussed
Psychology Rex Bookstore, Inc.

India is evolving in every sphere, and its education system is no

exception. The change, however, is largely towards the betterment of the society as a whole; but still constraints are many in achieving a stringent yet 'beneficial for all' education system in the country. This book gives a thorough account on the Indian Education system—from its inception to the present day, and underlines the hurdles faced and the improvements needed to achieve a flawless system of imparting value education the students. The book begins by explaining fundamental theories of education—its meaning, nature and so on, and then proceeds to discuss the emerging Indian society and the constraints faced by its education system, like corruption, poverty, social discrimination, ill practices (drugs, violence, etc.). It further discusses the philosophies preached by the Indian and Western philosophers and educationists, like Swami Vivekananda, Sri Aurobindo, Rabindra Nath Tagore, Mahatma Gandhi, Rousseau, Froebel, and Maria Montessori, and their contribution in shaping the Indian Education system in some way or the other. The book further explains the concepts integral to Education in Emerging India, which are Education for All (Sarva Shiksha Abhiyan), Education for Women (girl child), Education for the Children with Special Needs, Education for National Integration, and Adult Education. It also discusses the revised education policies, with special emphasis on education commissions, and organizations involved in it. The book is designed for the undergraduate and postgraduate students of Education.

ADVANCED EDUCATIONAL PSYCHOLOGY S. Chand Publishing Over The Years This Book Has Earned A Name For Itself Because Of The Completeness Of Coverage And Simplicity Of Presentation. All The Topics Have Been Dealt With In Great Detail And Depth. In

The Revised Edition, *New Thoughts In The Field Of Educational Gender, Culture, and Ethnicity, Fourth Edition* PHI Learning Pvt. Ltd.

Intended as a text for undergraduate and postgraduate courses (B.Ed./M.Ed.; B.A./M.A. Education) and diploma level courses in Education as well as for courses in Special Education, this comprehensive and accessible book provides a sound base for understanding Special Children through an insightful and incisive discussion on Special Education. The text dwells on exceptional children, or children with special needs, who either suffer from various deficits or disabilities, or are gifted. Such children include the mentally retarded, the visually and hearing impaired, the emotionally disturbed, those with autism, cerebral palsy, and the deprived, as well as the gifted and the creative. This well-organized and pedagogically rich text should be extremely useful to students as well as professionals—special education teachers, those engaged in guidance and counselling, educational policy makers, and field workers, who have an abiding interest in the education of exceptional children and in special education. **KEY FEATURES** □ Includes student-friendly features like illustrations, examples, tables, and research-based experimental findings. □ Provides a complete picture of exceptionality, from the early years of human history to the present day. □ Gives case histories to practically illustrate the subject.

The Psychology of Education PHI Learning Pvt. Ltd.

This book is suitable for a course on Teaching of Social Studies for the students of B.Ed. and M.A. (Education). It can also be used for the in-service teacher

education programmes organized by the Central and State education boards.

TEACHING OF SOCIAL STUDIES PHI Learning Pvt. Ltd.

Rich, original, and transformative, the latest edition of *A New Psychology of Women* examines how gender-related expectations interact with other cultural assumptions and stereotypes, and with social and economic conditions, to affect women's experiences and behavior. Absorbing narratives centered on essential topics in psychology and global research engage readers to grasp cutting-edge insights into the psychological diversity of women. Aware that our own cultural experience colors and limits what we think we know about people, veteran educator and scholar Hilary Lips imbues her discussions with international examples and perspectives to provide an inclusive approach to the psychology of women. A wide range of new and extensively updated topics optimize readers' knowledge of how disparate perspectives from cultures throughout the world shape women's behavior and attitudes toward: health care / violence against women / poverty / labor force participation / occupational segregation / unpaid work / stereotyping and discrimination / expectations about power within marriage / female genital mutilation / theories of gender development / women's attitudes toward their bodies / use of social media / media portrayals of girls and women / women in political leadership roles Among thoroughly updated topics particular to US culture are same-sex marriage, Latina women's issues, the portrayal of women of different ethnic and cultural groups on television, and breast cancer survival rates of African American and European American women. Boxed items containing learning activities, profiles of

women who helped shape psychology, and suggestions for making social changes appear throughout the text. Each chapter concludes with discussion questions, key terms, suggestions for additional reading, and Web resources.

Essentials Of Educational Technology Vikas Publishing House
