Enabling Next Generation Legacies Flatiron Books

In December 1950, the German Expressionist Max Beckmann set out from his Manhattan apartment to see his Self-Portrait in Blue Jacket, on view at The Met, when he suffered a fatal heart attack. Inspired by the poignant circumstances of the artist's death, Max Beckmann in New York focuses on 40 beautifully illustrated works that Beckmann painted in the city during the last 16 months of his life, as well as earlier works in New York collections. An informative and accessible essay by art historian Sabine Rewald, as well as detailed catalogue entries for each work and generous excerpts from the artist's letters, diaries, and ephemera, illuminate Beckmann's difficult and tumultuous life and make this an essential volume for anyone interested in the artist.

The Electric Hotel Simon and Schuster

A candid and courageous journey across continents and into the soul. Part travel memoir, part David versus Goliath tale, part personal manifesto, Sabine Raschhofer's autobiography takes us across continents and into the soul, daring us to live life fully and

authentically. Raised in the idyllic Austrian Alps, Sabine is driven by an innate sense of adventure that propels her to every corner of the globe, from the islands of Indonesia to the mountains of Venezuela, from the South African coastline to the Canadian wilderness. Fulfilling a childhood dream, she settles in Australia - where her entrepreneurial spirit and trail-blazing attitude leads to her greatest challenge of all . . . Written with candour and courage, *Screw the Rules* is a book about truth and integrity, faith and love, bravery and resilience. It is about believing in yourself (and the universe), even when the odds are stacked against you - and the healing power of a beautiful sunset.

Bone Crier's Moon Cracked Acorn Productions

ONE OF WASHINGTON POST'S NOTABLE NONFICTION BOOKS OF THE YEAR "Beautifully written and full of important insights," this is a bracingly honest exploration of why there are still so few women in the hard sciences, mathematics, engineering, and computer science (Washington Post) In 2005, when Lawrence Summers, then president of Harvard, asked why so few women, even today, achieve tenured positions in the hard sciences, Eileen Pollack set out to find the answer. A successful fiction writer, Pollack had grown up in the 1960s and '70s dreaming of a career as a theoretical astrophysicist. Denied the chance to take

advanced courses in science and math, she nonetheless made her way to Yale. There, despite finding herself far behind the men in her classes, she went on to graduate summa cum laude, with honors, as one of the university's first two women to earn a bachelor of science degree in physics. And yet, isolated, lacking in confidence, starved for encouragement, she abandoned her ambition to become a physicist. Years later, spurred by the suggestion that innate differences in scientific and mathematical aptitude might account for the dearth of tenured female faculty at Summer's institution, Pollack thought back on her own experiences and wondered what, if anything, had changed in the intervening decades. Based on six years interviewing her former teachers and classmates, as well as dozens of other women who had dropped out before completing their degrees in science or found their careers less rewarding than they had hoped, *The Only Woman in the Room* is a bracingly honest, no-holds-barred examination of the social, interpersonal, and institutional barriers confronting women—and minorities—in the STEM fields. This frankly personal and informed book reflects on women's experiences in a way that simple data can't, documenting not only the more blatant bias of another era but all the subtle disincentives women in the sciences still face. *The Only Woman in the Room* shows us the struggles women in the sciences have been hesitant to admit, and provides hope for changing attitudes and behaviors in ways that could bring far more women into fields in which even today they remain seriously underrepresented.

Under Your Skin Virago

From #1 New York Times bestselling author Kathryn Purdie comes a high-stakes fantasy duology flush with doomed romance and macabre magic, perfect for fans of Stephanie Garber and Roshani Chokshi. *Bone Criers* are the last descendants of an ancient famille charged with using the magic they draw from animal bones to shepherd the dead into the afterlife—lest they drain the light from the living. Aillesse has been prepared since birth to become their matriarch, but first she must complete her rite of passage: to kill the boy she's destined to love. Bastien's father was slain by a Bone Crier and he's been seeking revenge ever since. Now his vengeance must wait, as Aillesse's ritual has begun and their fates are entwined—in life and in death.

Don't miss *Evermore*, the first book in Alyson Noël's #1 New York Times bestselling *The Immortals* series. Enter an enchanting new world where true love never dies. . . After a horrible accident claimed the lives of her family, sixteen-year-old Ever Bloom can see people's auras, hear their thoughts, and know someone's entire life story by touching them. Going out of her way to avoid human contact and suppress her abilities, she has been branded a freak at her new high school—but everything changes when she meets Damen Auguste. Damen is gorgeous, exotic and wealthy. He's the only one who can silence the noise and random energy in her head—wielding a magic so intense, it's as though he can peer straight into her soul. As Ever is drawn deeper into his enticing world of secrets and mystery, she's left with more questions than answers. And she has no idea just who he really is—or what he is. The only thing she knows to be true is that she's falling deeply and helplessly in love with him.

The White Woman on the Green Bicycle St. Martin's Griffin
I lived through the Dutroux affair from the inside, and all these years I have kept silent about it - about my 'personal' Dutroux Affair, my time in the company of the most hated psychopath in Belgium. I need to write this book for three reasons: so that people stop giving me strange looks and treating me like a curiosity; so that no one ever asks me any more questions ever again; and so that the judicial system never again frees a

paedophile for 'good behaviour'. 'The Dutroux Affair' shook the whole of Europe. In the middle of the immense machinery of investigation and justice there was Sabine Dardenne herself, Dutroux's last victim. She was held captive for eighty days - and survived. Far from sensationalising the horror, her story, dignified and restrained, is ultimately uplifting. Says Sabine Dardenne, 'I choose to live'.

The Irish Wizard Family Enterprise Knowledge Hub Publishing
What do you do when the source of all your problems is the one thing you don't know how to fix? With *Don't Ask, Don't Tell* nothing more than an unpleasant memory, US Army surgeon Sabine Fleischer is ready to move on with her life—if she can just figure out how to move past her PTSD. Fresh from her first deployment since surviving a vehicle attack in Afghanistan, Sabine is finding the things she's tried so hard to push aside aren't as easy to ignore as she'd hoped. Sabine's girlfriend and ex-commanding officer Rebecca Keane is happily settled into her new job running a trauma department in a civilian hospital. Life with Sabine is everything Rebecca ever wanted. But when Sabine's PTSD reappears worse than before, she's left struggling with her own guilt. There's no doubt that both Sabine and Rebecca want the same thing. But how do you help the most important person in your life when they don't want to need your help? *Ask Me Again* is the must-read sequel to the best-selling *Ask, Tell*.

HarperCollins

Growing up near the Sabine, journalist Wes Ferguson, like most East Texans, steered clear of its murky, debris-filled waters, where alligators lived in the backwater sloughs and an occasional body was pulled from some out-of-the-way crossing. The Sabine held a reputation as a haunt for a handful of hunters and loggers, more than a few water moccasins, swarms of mosquitoes, and the occasional black bear lumbering through swamp oak and cypress knees. But when Ferguson set out to do a series of newspaper stories on the upper portion of the river, he and photographer Jacob Croft Botter were entranced by the river's subtle beauty and the solitude they found there. They came to admire the self-described "river rats" who hunted, fished, and swapped stories along the muddy water—plain folk who love the Sabine as much as Hill Country vacationers love the clear waters of the Guadalupe. Determined to travel the rest of the river, Ferguson and Botter loaded their gear and launched into the stretch of river that charts the line between the states and ends at the Gulf of Mexico.

Lost in Math University of Texas Press

Blue Sabine is a story of five generations of women in the same family, told in their voices, along with those of some men of Holt blood. It is set along the Sabine River, which divides the state of Texas from Louisiana and the Deep South. From 1867 (when the Holts first came to Texas) to the present, the novel chronicles the emotional lives of grandmothers, mothers, daughters, and nieces, all bound by kinship and history. Each comes to terms with being a woman in the West, in Texas, and in her own way and her own time. In its flow and its setting of boundaries, the Sabine River comes to reflect what remains and what changes in the way the Holt women see their world and themselves. "The river forever flows, and it pulls at all it touches," one of the characters says, "yet it never leaves, and it never stays." Two twenty-first century descendants give the narrative its overall shape and connection: Clement, an award-winning movie director, and his cousin Kay-Phuong, a woman of Vietnamese and Holt lineage, who has made herself into a fashion model and actress. They have returned to the Valley of the Sabine, where the Holts have lived for almost two hundred years, to hear once more the old stories and to confirm their own part in the saga. They seek to understand and

to play their role in the continuing telling and retelling of the narratives that bind them to their family and to the past. *The Book of Were-Wolves (1865): Folklore* I Choose to Live For as long as she can remember, Sabine has lived two lives. Every 24 hours she Shifts to her 'other' life - a life where she is exactly the same, but absolutely everything else is different: different family, different friends, different social expectations. In one life she has a sister, in the other she does not. In one life she's a straight-A student with the perfect boyfriend, in the other she's considered a reckless delinquent. Nothing about her situation has ever changed, until the day when she discovers a glitch: the arm she breaks in one life is perfectly fine in the other. With this new knowledge, Sabine begins a series of increasingly risky experiments that bring her dangerously close to the life she's always wanted. But if she can only have one life, which is the one she'll choose?

Sometimes I Lie Hachette UK

"A joy to read." —New York Times Book Review From beloved bestselling author Ursula Hegi, a new novel about three mothers, set on the shores of the Nordsee, perfect for fans of *Water for Elephants* and *The Light Between Oceans*. In the summer of 1878, the Ludwig Zirkus arrives on Nordstrand in Germany, to the delight of the island's people. But after the show, a Hundred-Year Wave roars from the Nordsee and claims three young children. Three mothers are on the beach when it happens: Lotte, whose children are lost; Sabine, a Zirkus seamstress with her grown daughter; and Tilli, just a girl herself, who will give birth later that day at St. Margaret's Home for Pregnant Girls. After the tragedy, Lotte's husband escapes with the Zirkus, while she loses the will to care for their surviving son. Tilli steps in, bonding with him in a way she isn't allowed to with her own baby, taken away at birth. Sabine, struggling to keep her childlike daughter safe in the world, forms a complicated friendship with Lotte. But the mothers' fragile trio is threatened when Lotte and her husband hatch a dangerous plan to reunite their family, and Tilli and Sabine must try to find a way to pull them back to reality. As full of joy and beauty as it is of pain, and told with the luminous power that has made Ursula Hegi a beloved bestselling author for decades, *The Patron Saint of Pregnant Girls* is a shining testament to the ways in which women hold each other up in the most unexpected of circumstances.

The Choice Bella Books

A beautifully written, unforgettable novel of a troubled marriage, set against the lush landscape and political turmoil of Trinidad—by the award-winning author of *The Mermaid of Black Conch* Monique Roffey's Orange Prize-shortlisted novel is a gripping portrait of postcolonialism that stands among great works by Caribbean writers like Jamaica Kincaid and Andrea Levy. When George and Sabine Harwood arrive in Trinidad from England, George is immediately seduced by the beguiling island, while Sabine feels isolated, heat-fatigued, and ill-at-ease. As they adapt to new circumstances, their marriage endures for better or worse, despite growing political unrest and racial tensions that affect their daily lives. But when George finds a cache of letters that Sabine has hidden from him, the discovery sets off a devastating series of consequences as other secrets begin to emerge.

Evermore Independently Published

Answering the most pressing thirty-five questions of Next Generation members in a short and concise, yet competent way—leading academics, practitioners, and enterprising families come together to empower Next Generation legacies. Masterfully detangling the intricate dynamics of the family, ownership, business, and wealth, the authors share best practices, real-life examples, and critical questions for reflection. Part 1: Family

Defining family · Managing family dynamics · Dealing with conflicts · Family communication · Preparing generational transitions · Keeping the family united Part 2: Ownership Responsibilities and rights · Preparation of future owners · Dealing with non-active owners · Ownership transfers · Board expectations and roles · Owner networks Part 3: Business Preparing business entry · Working with nonfamily executives · Hiring family members · Promoting family members · Letting go of family members · Engaging family business consultants Part 4: Wealth Dealing with wealth · Pursuing a vocation outside of the family enterprise · Leaving the family enterprise · Selling the family business · Starting a family office · Pursuing philanthropy and impact investing *Enabling Next Generation Legacies* is a powerful guide for Next Generation members and their families to ask better questions, make better decisions, live better lives, and build stronger legacies.

Max Beckmann in New York HarperCollins

As contemporary Native and non-Native Americans explore various forms of "gender bending" and gay and lesbian identities, interest has grown in "berdaches," the womanly men and manly women who existed in many Native American tribal cultures. Yet attempts to find current role models in these historical figures sometimes distort and oversimplify the historical realities. This book provides an objective, comprehensive study of Native American women-men and men-women across many tribal cultures and an extended time span. Sabine Lang explores such topics as their religious and secular roles; the relation of the roles of women-men and men-women to the roles of women and men in their respective societies; the ways in which gender-role change was carried out, legitimized, and explained in Native American cultures; the widely differing attitudes toward women-men and men-women in tribal cultures; and the role of these figures in Native mythology. Lang's findings challenge the apparent gender equality of the "berdache" institution, as well as the supposed universality of concepts such as homosexuality.

The Dream Universe Doubleday

A vivid and captivating narrative about how modern science broke free of ancient philosophy, and how theoretical physics is returning to its unscientific roots In the early seventeenth century Galileo broke free from the hold of ancient Platonic and Aristotelian philosophy. He drastically changed the framework through which we view the natural world when he asserted that we should base our theory of reality on what we can observe rather than pure thought. In the process, he invented what we would come to call science. This set the stage for all the breakthroughs that followed—from Kepler to Newton to Einstein. But in the early twentieth century when quantum physics, with its deeply complex mathematics, entered into the picture, something began to change. Many physicists began looking to the equations first and physical reality second. As we investigate realms further and further from what we can see and what we can test, we must look to elegant, aesthetically pleasing equations to develop our conception of what reality is. As a result, much of theoretical physics today is something more akin to the philosophy of Plato than the science to which the physicists are heirs. In *The Dream Universe*, Lindley asks what is science when it becomes completely untethered from measurable phenomena?

Child of the Jungle Harper Collins

Including never-before-seen artwork, a special postcard, and a letter from the author, the saga of two unlikely lovers is told through their private correspondence, celebrating the tenth anniversary of a critically acclaimed landmark trilogy.

Blue Sabine HarperCollins

From the #1 New York Times bestselling author of *Me Before You*,

the basis for the major motion picture, comes a breathtaking drama of two women whose lives entwine through a lovely English seaside house. For Lottie Swift, Arcadia has always been magical. The breathtaking art deco house perched above the shoreline of the well-ordered village of Merham seems to stand still throughout the years. It has never changed, not really, but Lottie's fate and fortune have been inextricably linked with that of the beautiful house, and it will forever be fixed in her mind as a symbol of adventure, youth, and of loves lost and gained. Even as her life—and the house—fall into disrepair. Years later another young woman comes to Merham. A designer hired to make over the now-empty Arcadia, Daisy Parsons seeks a new beginning, as Lottie once did. Fleeing a broken relationship and now facing being a single mother, Daisy finds refuge in the house, and something more—a love she thought she would never know again and a friendship unlike any she's experienced before.

I Choose to Live Kate Bateman

A feisty counterfeiter and a cocky British agent clash in this sultry *Secrets and Spies* novel by K. C. Bateman, whose witty, intelligent, and sexy historical romances have become her signature. As Sabine de la Tour tosses piles of forged banknotes onto a bonfire in a Paris park, she bids a reluctant farewell to her double life as a notorious criminal. Over the course of Napoleon's reign, her counterfeits destabilized the continent and turned scoundrels into rich men, but now she and her business partner must escape France—or face the guillotine. Her only hope of surviving in England is to strike a deal with the very spy she's spent her career outrunning. Now after meeting the arrogant operative in the flesh, Sabine longs to throw herself upon his mercy—and into his arms. Richard Hampden, Viscount Lovell, is prepared to take any risk to safeguard England from the horrors of the French Revolution. To lure the insurgents out from the shadows, he's even willing to make a pact with his archenemy: Philippe Lacorte, the greatest counterfeiter in Europe. But when a cheeky, gamine-faced beauty proves herself to be Lacorte, Richard is shocked—and more than a little aroused. Unlike the debutantes who so often hurl themselves at him, this cunning minx offers a unique and irresistible challenge. Richard will help her. But in return, he wants something that even Sabine cannot fake. Look for all of K. C. Bateman's delightful *Secrets and Spies* novels: *TO STEAL A HEART* | *A RAVEN'S HEART* | *A COUNTERFEIT HEART* "Scintillating! Clever characters and sizzling romance!" - Publishers Weekly, **STARRED REVIEW** on *This Earl Of Mine*. "Rich with espionage and suspense . . . Multidimensional believable

characters and fast-paced plotting propel the story forward to its moving conclusion."—Publishers Weekly, on *To Steal a Heart* "I couldn't ask for much more in an historical romance and I'm eagerly awaiting whatever Ms. Bateman comes up with next."—All About Romance, on *To Steal a Heart* Perfect for readers who love Loretta Chase, Julia Quinn, Caroline Linden, Janna MacGregor, Scarlett Peckham, Laura Kinsale, Kerrigan Byrne, Lisa Kleypas, Courtney Milan, Tessa Dare, Eloisa James, Grace Burrowes, Madeline Hunter, Lenora Bell, Sophie Jordan, Lorraine Heath, Eva Leigh, Mary Jo Putney, Jo Beverley, Joanna Shupe, Sarah MacLean, Shana Galen, Stephanie Laurens and Sabrina Jeffries. Screw the Rules Second Story Press

Where can you turn when you're caught in a crossfire of war and passion? Captain Sabine Fleischer is a skilled and dedicated U.S. Army surgeon deployed to a combat hospital in Afghanistan. She is also one of the thousands of troops who are forced to serve in silence because of the military's anti-gay policy of "Don't Ask, Don't Tell (DADT)." Usually driven and focused, Sabine finds that battles raging both inside and outside the perimeter walls are making it more and more difficult for her to deal with her emotions. Dealing with loss and mortality, lack of privacy, sleep deprivation, loneliness and the isolation forced on her by "Don't Ask, Don't Tell" are all taking their toll. Plus, her long-term relationship with a civilian back home is quickly becoming another casualty of war. Colonel Rebecca Keane is an enigmatic career officer who runs the surgical unit like clockwork. Well liked and respected by those who work with and under her, she walks a fine line to preserve the military's chain of command while connecting with those under her care and supervision. Sabine knows the Colonel is way off-limits, but can't help fantasizing about her. Especially when she starts picking up unspoken cues—a stolen glance, a secret smile, an "accidental" brush of hands. Or is it just wishful thinking? After all, Rebecca's wedding ring shines almost as brightly as her deep blue eyes...

The Measure Cambridge University Press

An old hound that has been chained up at his hateful owner's run-down shack, and two kittens born underneath the house, endure separation, danger, and many other tribulations in their quest to be reunited and free. 50,000 first printing.
