The Legend of the Wandering King

Bloomsbury Publishing USA

This “vividly imagined and well-written novel” (Booklist, starred review) tells a gripping story about a boy from Scotland and a girl from West Africa who join together to save a migrating Osprey—and end up saving each other. When Callum spots crazy Iona McNair on his family’s sprawling property, she’s catching a fish with her bare hands. She won’t share the fish, but does share something else: a secret. She’s discovered a rare endangered bird, an Osprey, and it’s clear to both her and Callum that if anyone finds out about the bird, it, and its species, is likely doomed. Poachers, egg thieves, and wild weather are just some of the threats, so Iona and Callum vow to keep track of the bird and check her migratory progress using the code a preservationist tagged on her ankle, no matter what. But when one of them can no longer keep the promise, it’s up to the other to do it for them both. No matter what. Set against the dramatic landscapes of Scotland and West Africa, this is a story of unlikely friendships, the wonders of the wild—and the everyday leaps of faith that set our souls to flight.

"When a young married couple hire a middle-aged widow during the wife, Nora's, difficult pregnancy, they don't realize the dominating force she will become in their small family. Signora A--maid, nanny, and confidante--becomes the glue in their household, and over

time, the steady and loving presence whose benign influence allows them to negotiate the complexities of married life. But the delicate fabric of the young family comes undone when Signora A is diagnosed with lung cancer. After she becomes too sick to work, both husband and wife feel the strain of her absence. Moving seamlessly between the past and present, Giordano weaves together the layers of Signora A's devotion and sacrifice--from her early experiences of love during a tragically short marriage, to her adoration of her new surrogate family. Highlighting the joy of youth and the fleeting nature of time with remarkable precision and lyricism, Paolo Giordano gives us a meditation on life, death, and the relationships we build in between. Like *Family* is not a simple love story; it's a story about love in its many forms, and how a capacity for love can give meaning to any existence, no matter how ordinary."--

In this book, Nobel Peace Prize winner and Maya activist Rigoberta Menchú Tum returns to the world of her childhood. The Honey Jar brings us the ancient stories her grandparents told her when she was a little girl, and we can imagine her listening to them by the fire at night. These Maya tales include creation myths, a classic story about the magic twins (which can also be found in the *Popol Vuh*), explanations of how and why certain natural phenomena came to exist, and animal tales. The underworld, the sky, the sun and moon, plants, people, animals, gods and demi-gods are all present in these stories, and through them we come to know more about the elements that shaped the Mayas' understanding of the world. Rich and vibrant illustrations by noted Mazatec-Mexican artist Domi perfectly complement these magical Maya tales.
