Long Long Time Ago (Part 2) Anchor
The story of the COVID-19 pandemic and the changes it

brought into our homes, schedules, and social lives, with journal pages to record your own memories. Children and adults alike will be processing the shock, loss, and disappointment of the COVID-19 pandemic for

years to come. This beautiful keepsake picture book captures the joys and sorrows of this time and the underlying message to readers is that they can make it through difficulty. The illustrations celebrate love, family, and community as they were expressed all across the globe in a time that taught us the meaning of togetherness. It also includes journal pages to record your own memories about this unique and historic time and the effect it has had on your own life.

*A Long, Long Time Ago
& Essentially True*

Hollym International

"We Walker women were born screaming into this world, the beginning of a lifelong quest to find what

would quiet us. But whatever drove us away was never stronger than the pull of what brought us back ..." When Vivien Walker left her home in the Mississippi Delta, she swore never to go back, as generations of the women in her family had. But in the spring, nine years to the day since she'd left, that's exactly what happens--Vivien returns, fleeing from a broken marriage and her lost dreams for children. What she hopes to find is solace with "Bootsie," her dear grandmother who raised her, a Walker woman with a knack for making everything all right. But instead she finds that her grandmother has died and that her estranged mother is drifting further away from her

memories. Now Vivien is forced into the unexpected role of caretaker, challenging her personal quest to find the girl she herself once was. But for Vivien things change in ways she cannot imagine when a violent storm reveals the remains of along-dead woman buried near the Walker home, not far from the cypress swamp that is soon to give up its ghosts. Vivien knows there is now only one way to rediscover herself--by uncovering the secrets of her family and breaking the cycle of loss that has haunted her them for generations"--

Resurrection of Evil

Boosey & Hawkes
Daniel MacKenzie aka
Danny Mac, a
handsome former
Marine and CIA

operative, turned to Jesus for healing from his painful past. As he settles into his life as a minister, Kenann James blows into his apartment and his life. Kenann is a petite, curly haired dynamo who moved into the apartment across the hall and hearing his cries from his frequent bad dreams, runs to his aid and tripping on the foyer rug blasts into his room like a cannonball. And if the normal course of events doesn't awaken their love, getting kidnapped together by Danny Mac's former lover seals it. Katerina Troika, a strikingly beautiful woman, has infiltrated an ancient secret society and needs Danny Mac's former skills as an assassin to eliminate the competition. She

kidnaps Kenann to ensure his cooperation. When they arrive in Alexandria, Egypt, things soon go awry. The leader of the society takes one look at Kenann and believes her to be the reincarnated goddess Inanna, the Sumerian deity that was the forerunner of Ishtar and Isis. His desire to possess her sets them on a collision course for disaster. Back home in Memphis, the amateur rescue contingency is already on the move. Mrs. Gage has taken charge. She is a wealthy widow with more money than Croesus and a penchant for intrigue who soon marshals the resources of Judy, Kenann's gorgeous friend, and Jake, the former Marine commander turned

church elder. It was through Jake that Danny Mac met the carpenter from Galilee. Danny Mac's contacts in the CIA sprang into action as soon as the kidnapping occurred. The leader was Danny Mac's old friend, Andrew O'Hanlon, who quickly fell for Kenann's friend, Judy. Blade - the young bi-racial boy Danny Mac had befriended in the neighborhood, overheard the rescue plans and stowed away on the private plane Mrs. Gage had employed to take them to Egypt. He was only allowed to stay because she knew a dark-skinned boy could come in handy in their efforts to blend in and gain intel. The final member of their Merry Band of Misfits is Kenann's beloved

Granny, Moira James. When she showed up unannounced on Kenann's doorstep, Mrs. Gage's only response was of course you will go to her rescue. And so, the band was formed. Bonds would be forged stronger than family and become a force that would do battle from the ancient secret society to the halls of the Pentagon. The story culminates in a magnificent underground complex in the desert of Egypt. It is an ancient but well-hidden community complete with a massive pyramid to rival Giza and will seal the fate of Kenann, reincarnated goddess, Inanna. This story has it all. It blends some often-intense romance with grand adventure. It shows how faith and

trust in God can change lives. It shows evil at its core and the ways good can overcome through the power of Jesus Christ. It has hints of secret and mysterious elements that will intrigue the reader. But in the end, it is about relationships, friendships and the power of love.

Screams in the Void

BoD - Books on Demand

Moby Dick is a novel by American writer Herman Melville. The work is an epic sea story of Captain Ahab's voyage in pursuit of Moby Dick, a great white whale. A contemporary commercial failure and out of print at the time of the author's death in 1851, its reputation rose during the twentieth century. D.H.

Lawrence called it "the greatest book of the sea ever written." Jorge Luis Borges praised the style: "Unforgettable phrases abound." Today it is considered one of the Great American Novels and a leading work of American Romanticism. The opening line, "Call me Ishmael," is one of the most recognizable opening lines in Western literature. Ishmael then narrates the voyage of the whaleship Pequod, commanded by Captain Ahab. Ahab has one purpose: revenge on Moby Dick, a ferocious, enigmatic white whale which on a previous voyage destroyed Ahab's ship and severed his leg at the knee. The detailed and realistic descriptions of whale

hunting and the process of extracting whale oil, as well as life aboard ship among a culturally diverse crew, are mixed with exploration of class and social status, good and evil, and the existence of God. Melville uses a wide range of styles and literary devices ranging from lists and catalogs to Shakespearean stage directions, soliloquies, and asides. Illustrations and easy-to-read, rhyming text encourage the reader to speak up about everything from their own name being mispronounced to someone bring a weapon to school. Includes author's note about real people who have found their voices, when to speak up, and how to express oneself without speaking.

Star Wars Omnibus: A Long Time Ago . . .

Volume 1 Viking Childrens Books
A veteran writer on Russia and the Soviet Union explains why Russia refuses to draw from the lessons of its past and what this portends for the future

Russia today is haunted by deeds that have not been examined and words that have been left unsaid. A serious attempt to understand the meaning of the Communist experience has not been undertaken, and millions of victims of Soviet Communism are all but forgotten. In this book David Satter, a former Moscow correspondent and longtime writer on Russia and the Soviet Union, presents a striking new interpretation of Russia's great historical tragedy, locating its source in Russia's failure fully to appreciate the value of the individual in comparison with the objectives of the state. Satter explores the moral and spiritual

crisis of Russian society. He shows how it is possible for a government to deny the inherent value of its citizens and for the population to agree, and why so many Russians actually mourn the passing of the Soviet regime that denied them fundamental rights. Through a wide-ranging consideration of attitudes toward the living and the dead, the past and the present, the state and the individual, Satter arrives at a distinctive and important new way of understanding the Russian experience. *A Novel* Houghton Mifflin Harcourt Could this short, elegant, volume be the only book on British history you'll ever need? *A Bit About Britain's History* is for

anyone who wants a light introduction to Britain's amazing story. If you don't know the basics, or would like a reminder, this book is for you. It is also perfect for those that didn't enjoy history at school, but who have suddenly realised they'd like to understand it a bit better now. Organised clearly and chronologically, *A Bit About Britain's History* covers every period from a long time ago until quite recently. It begins by briefly mentioning that the place was once inhabited by extremely large lizards, and ends up with a post-war 20th century consumer society. Short articles explain the essential aspects of Britain's past, including how the ancestors of its current

inhabitants arrived, how they fought each other, formed nations, fell out over religion, acquired a large empire, became gradually more democratic, helped win a couple of world wars and were left wondering what to do next. At the end of the book are detailed timelines for each period, which provide useful reference and make fascinating reading in their own right. So - what did the Romans achieve? How did Christianity arrive? Who are the English and why did they fight the French so often? What is Henry VIII's greatest legacy? When did democracy start and people get the vote? Why on earth did Britain get involved in WW1? *A Bit about Britain's History* might

be the only book on British history you'll ever need; or it might be your stepping stone to more in-depth academic reading.

Volume 2 BookRix

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice!

There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say.

Thankfully, Green does—and in this

incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when

- coworkers push their work on you—then take credit for it
- you accidentally trash-talk someone in an email then hit "reply all"
- you're being micromanaged—or not being managed at all
- you catch a colleague in a lie
- your boss seems unhappy with your work
- your cubemate's loud speakerphone is making you homicidal
- you got drunk at the holiday party

Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not)

and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do

so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together* *Bengala: or, Some time ago* Harper Collins Ever since her mother died six years earlier, twelve-year-old Dilly Howell and her father spend every summer in upstate New York at Mummie’s farm, even though Dilly resents how her dead mother continues to intrude on

her life.

*From a Long Time Ago
Until Quite Recently*
Verso Books

Tackling the myth of a post-racial society Most people assume that racism grows from a perception of human difference: the fact of race gives rise to the practice of racism.

Sociologist Karen E. Fields and historian Barbara J. Fields argue otherwise: the practice of racism produces the illusion of race, through what they call “racecraft.” And this phenomenon is intimately entwined with other forms of inequality in American life. So pervasive are the devices of racecraft in American history, economic doctrine, politics, and everyday thinking that the presence of racecraft itself goes unnoticed.

That the promised post-racial age has not dawned, the authors argue, reflects the failure of Americans to develop a legitimate language for thinking about and discussing inequality. That failure should worry everyone who cares about democratic institutions.

A Long Time Gone

Chicago Review Press
Long Long Time Ago Part 2 is a continuation from the first movie and tracks Singapore’s growth after independence, when foreign companies set up industries in the country and created employment opportunities for the people. With a farming license inherited from her father, Zhao Di works hard to get the farm going and establishes her independence in the

household. Zhao Di's growth and independence parallels Singapore's gradual shift from agriculture to modernization and the bright future she has ahead of her.

Despite the wonderful times they had growing up in a kampong, it's not long before Zhao Di and family must bid a fond farewell to their beloved kampong and look forward to their new lives in the HDB flats.

Once Upon a Time Long, Long Ago Simon and Schuster

A Long Long Time Ago And Essentially True

Duke University Press

A Long Time Ago in a Cutting Room Far, Far Away provides a behind-the-scenes look at some of the most influential films of the last fifty years as seen through the eyes of Paul Hirsch, the Oscar-winning film editor who worked on such classics as George Lucas's *Star Wars* and *The Empire Strikes Back*, Brian De Palma's *Carrie* and *Mission: Impossible*, Herbert Ross's *Footloose* and

Steel Magnolias, John Hughes's Ferris Bueller's Day Off and Planes, Trains & Automobiles, Joel Schumacher's Falling Down, and Taylor Hackford's Ray. Hirsch breaks down his career movie by movie, offering a riveting look at the decisions that went into creating some of cinema's most iconic scenes. He also provides behind-the-scenes insight into casting, directing, and scoring and intimate portraits of directors, producers, composers, and stars. Part film school primer, part paean to legendary filmmakers and professionals, this funny and insightful book will entertain and inform aficionados and casual moviegoers alike.

Dark Horse Books
From the New York Times bestselling author of *The Night Circus*, a timeless love story set in a secret underground world—a place of pirates, painters, lovers, liars, and ships that sail upon a starless sea. Zachary Ezra Rawlins is a graduate student in Vermont when he discovers a mysterious book hidden in the stacks. As he turns the pages, entranced by tales of lovelorn prisoners, key collectors, and nameless acolytes, he reads something

strange: a story from his own childhood. Bewildered by this inexplicable book and desperate to make sense of how his own life came to be recorded, Zachary uncovers a series of clues—a bee, a key, and a sword—that lead him to a masquerade party in New York, to a secret club, and through a doorway to an ancient library hidden far below the surface of the earth. What Zachary finds in this curious place is more than just a buried home for books and their guardians—it is a place of lost cities and seas, lovers who pass notes under doors and across time, and of stories whispered by the dead. Zachary learns of those who have sacrificed much to protect this realm,

relinquishing their sight and their tongues to preserve this archive, and also of those who are intent on its destruction. Together with Mirabel, a fierce, pink-haired protector of the place, and Dorian, a handsome, barefoot man with shifting alliances, Zachary travels the twisting tunnels, darkened stairwells, crowded ballrooms, and sweetly soaked shores of this magical world, discovering his purpose—in both the mysterious book and in his own life.
