The Snow Queen The Snow Queen
The Snow Queen is a fairy tale by Hans Christian Andersen. It is his longest story and is considered by many as his best work. First published in 1844, it has inspired many artists and many times has been retold in movies and animation. This edition features illustrations by T. Pym (the pseudonym of

Clara Creed), a Victorian artist, whose sentimental style blends very well with the Andersen's tale. Although not widely known, the Pym's illustrations are among the best ones created for The Snow Queen. [The Snow Queen](#) Bluebirdbook
Retelling of the story about a boy captured by the snow queen and taken to her castle in the north and his friend's efforts to save him.

Danish Fairy Tales

University of California Press

When a boy is cursed with an inability to perceive goodness, a young girl must go on a lonely quest to restore his heart and vision and free him from captivity in the palace of the Snow Queen. Few works of children's literature have had as

deep and lasting an impact as Hans Christian Andersen's The Snow Queen, which has won the hearts of young readers for almost two centuries, and inspired works as diverse as Disney's Frozen and C.S. Lewis's The Lion, the Witch, and the Wardrobe. This version combines the classic English translation of H.B. Paull with the dramatic and beautiful engravings of Vilhelm Pedersen from the original, Danish edition.
