Students of Japanese are familiar with the term "particle," and realize that they, like English prepositions, require a special effort to master. This handbook provides all the information one would need on these tricky units of grammar. All About Particles covers more than 70 particles those that are used regularly as well as those used less frequently in more than 200 uses. The book can be approached as a guiding textbook and studied from beginning to end. It is as a reference book, however, that All About Particles shines. It is light and easy to carry, slim enough to fit into the corner of a shoulder bag, and concise enough to quickly clarify particle-related questions. It is a priceless tool for any serious student of Japanese. In its previous incarnation as a part of the Power Japanese Series, ISBN 978-0-87011-954-5, and sold more than 40,000 copies worldwide.

*A Comprehensive Guide to Contemporary Usage: Learn Japanese Grammar and Vocabulary Quickly and Effectively* National Textbook Company

This is a useful and user-friendly Japanese adjective guide and workbook. To effectively learn Japanese, a strong knowledge of Japanese vocabulary is needed. The complete Japanese Adjective Guide is a simple approach to understanding Japanese grammar and syntax, methodically leading students through the intricacies

of adjective use. Exercises build mastery and confidence as grammar topics are introduced. Regular and "na" adjectives are discussed in separate sections to allow beginning students to clarify differences. Vocabulary is kept to a minimum, with a concentration on the fundamental patterns of adjective use—what works with one adjective will work with another like it—and beginning Japanese language students with limited vocabulary will be able to do the exercises without the distraction of constantly looking up new words. An invaluable workbook for any student of introductory Japanese, *The Complete Japanese Adjective Guide* is written so the reader can master adjectives, which in turn will help distinguishing desu forms and verbs. Lessons are incremental, with easy-to-follow explanations for independent study—gradually working up to the more difficult patterns, and include many memory drills to afford the opportunity to thoroughly master the topic at hand. This volume also includes a convenient glossary of nouns. Highlights of this book are: Clear explanations of every adjective formation. Comprehensive exercises and drills. Completely romanized for ease of use.

*The Essential Reference Guide: Learn the Japanese Vocabulary and Grammar You Need to Learn Japanese and Master the JLPT* Tuttle Publishing

This user-friendly Japanese language book is a complete course, pocket dictionary and Japanese phrasebook in one. Easy Japanese is designed for Japanese language beginners who are planning a visit to Japan or are already living there and wish to learn spoken Japanese quickly and easily—on their own or with a teacher. This book introduces all the basics of the spoken language with an emphasis on practical daily conversations and vocabulary. It enables you to begin efficiently communicating right away. Key features of Easy Japanese include: Structured, progressive lessons Focuses on daily communication Native-speaker audio recordings All dialogues are highly practical and authentic and illustrated with manga illustrations for easy memorization. Useful notes and explanations about the Japanese writing system, pronunciations and accents, greetings and requests, sentence structure, vocabulary, verb conjugations, honorific forms, idiomatic expressions and Japanese etiquette dos and don'ts are provided throughout the book. A useful Japanese dictionary of commonly-

used words and phrases is included at the back.

**Japanese** McGraw Hill Professional

A concise summary of Japanese grammar is presented for beginning students of the language. Topics include parts of speech, sentence structure, idioms, and pronunciation advice. All Japanese words are presented phonetically. Important points of grammar or vocabulary, as well as subject heads, are printed in a second color as a quick-reference aid for students. New to this edition is a Japanese-English vocabulary list.

**How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World** Tuttle Publishing

Contemporary Japanese is a textbook series for beginning students of Japanese at the college or high school level. It is intended for classroom use as well as self-study. Each lesson in the books is very short—meant to be covered in just an hour—and has a single, clearly-defined objective. All lessons make use of the "active discovery" approach which encourages rapid learning through "guess and try" problem-solving and participation as opposed to rote memorization. This highly effective method uses real-life conversations that make learning fun by involving you in a conversation with your peers. It also removes the fear of saying something wrong! This book, the second volume in the series, contains 45 short lessons grouped into 12 chapters—each of which presents a wide variety of activities and exercises and yet is designed to be covered in a single session. This "daily multivitamin" approach to language learning makes it easy to track your progress and to review later! Free online audio files can be downloaded, providing native speaker recordings and giving correct pronunciations for the dialogs and vocabulary in each lesson. In this book you'll learn more about: Kanji and their meanings Japanese verb forms Comparison and stating preferences Using common set phrases and making requests Evaluating facts and expressing opinions Sightseeing, food cravings and tastes Insights into Japanese culture Accompanying the textbook is *Contemporary Japanese Workbook Volume 2*—it serves as a supplementary material as well as a standalone comprehensive workbook for practicing and reviewing the language.

*A Guide to Japanese Grammar* McGraw-Hill Education  
 The Complete Japanese Verb Guide is a handy, easy-to-use guide to one of the building blocks of language learning—verbs. To effectively learn Japanese, a strong knowledge of Japanese grammar and vocabulary is needed. This book will come to the rescue as it shows learners how to conjugate the 600 most common Japanese verbs quickly, and with very little effort. This is the only guide to list all verb forms in both Japanese script and romanized form, while giving an accurate English translation for each conjugated form, making this book far more comprehensive than any other book on the subject. Compiled by Japanese language experts at The Hiro Japanese Center, more than 30 different verbal forms are given for each verb including all forms used in contemporary spoken, written, formal and conversational Japanese—making this the ideal reference when reading any sort of Japanese printed materials including manga, newspapers, magazines and books. The Complete Japanese Verb Guide places

an expert resource at your fingertips, giving you the information you need to speak, read, and write Japanese sentences correctly. Key features of this book are: Includes all the most useful verbs and Kanji (logographic Chinese characters) in Japanese, including less common ones. A wealth of example sentences are given to demonstrate correct verb usage. Over 30 forms are given for each verb including polite or formal, plain, negative, potential, conditional, passive, causative, and many more. Both Kana, Japanese script, and romanized forms are given for each entry. An ideal study guide for the standard Advanced Placement college test and the Japanese Language Proficiency Exam. Special sections are devoted to compound verbs and suru verbs such as Kaimono suru (to shop), benkyo suru (to study), and much more.  
*Japanese Grammar* Harper Collins  
 From the very earliest stages of study until far into the intermediate level, students of the Japanese language are continually scratching their heads over the usage of verbs. It is no wonder that they should feel the need for a solid reference book, one they can continually turn to throughout their studying careers. The Handbook of Japanese Verbs is just that book. The Introduction takes the first step toward comprehension by pointing out the features of Japanese verbs that stand in contrast to their English counterparts, such as tense, politeness level, auxiliaries, and transitive and intransitive forms. Part 1 shows through tables and concise commentary how Japanese verbs are categorized, conjugated, and combined with auxiliaries. Each form is followed by a short exercise, reinforcing the points just made. Part 2 takes up the forms described in the first part and shows how they function in full-fledged sentences. Each discussion is followed by examples and exercises, ensuring that the student has understood the forms under discussion. In the appendices, the student is offered a number of look-up methods, including an English-Japanese verb dictionary. This completes the apparatus necessary for a solid handbook on Japanese verbs, a book students can rely on for many years to come  
*Essential Japanese Grammar* Vertical Inc  
 My guide to Japanese grammar has been helping people learn Japanese as it's really spoken in Japan for many years. If you find yourself frustrated that you can't understand Japanese movies or books despite having taken Japanese classes, then this book is for you. It will help you finally understand those pesky particles and

break down grammatical concepts that will allow you to comprehend anything from simple to very complex sentences. You will also learn Japanese that's spoken by real people including casual speech patterns and slang, stuff that's often left out in most textbooks. Don't take my word for it, just check out my website and order this book to have it handy wherever you go.  
**Complete Japanese Adjective Guide** Kodansha

*The Handbook of Japanese Verbs* Complete Japanese Verb Guide  
 For any beginner of Japanese, adjectives and adverbs are bound to present a challenge. Unlike English adjectives, Japanese ones conjugate, meaning that you must memorize their various forms before being able to build sentences of any complexity. Adverbs

do not conjugate, but make use of particles to show their grammatical relationship to other words, and some have very subtle shades of meaning that are difficult to grasp. Moreover, many do not translate into adverbs in English. The role these parts of speech play in adding flavor to the Japanese language is invaluable. This handy reference manual introduces the basic (and basics of) adjectives and adverbs in a clear and sensible way, enabling students not only to speak Japanese but to do it with pizzazz. The book is divided roughly in half, the first half dealing with adjectives, the second with adverbs. Each is prefaced by a short introduction that serves as an overview of the material introduced. The section on adjectives is divided into two parts: Part 1 covers the conjugations of i- and na-adjectives and some basic auxiliary adjectives, and Part 2 presents common sentence patterns in which adjectives appear. The adverb section is arranged by topic. Among the types of adverbs explained here are those used to express time, quantity, degree, circumstance, and natural sounds or actions (the ubiquitous onomatopoeic adverbs). Each entry in this book is given a simple, concise English explanation and two or more example sentences to illustrate its usage. Exercises every few pages enable students to measure their understanding. Finally, a number of quick-reference lists in the appendixes provide a convenient means of recalling and building vocabulary. Together with its sister publication, *The Handbook of Japanese Verbs*, this unique manual is certain to provide years of friendly guidance.

*Saying What You Mean* Random House Reference

In one compact volume, *Japanese Verbs & Essentials of Grammar*, Second Edition, offers an integrated beginner's guide to all major verbal and grammatical concepts of the Japanese language. This latest edition of the popular and accessible guide has been updated to include: Expanded vocabulary lists featuring common idiomatic phrases New examples of sentences and sentence structure An in-depth introduction to Japanese scripts Each of the 46 units includes clear explanations and examples to help you master the Japanese language. Romaji, or transliteration, is featured throughout.

*All About Particles* Vertical Inc

*The Complete Japanese Expression Guide* enables students to speak and understand idiomatic Japanese with the ease and fluency of a native speaker. For the first time ever, over 600 of

the most commonly used idiomatic expressions in the Japanese language have been brought together and alphabetized in a single, convenient volume. No longer will the student have to rely on stuffy academic-sounding phrases and expressions. Mizue Sasaki has successfully taken stilted formality out of Japanese, and made natural, idiomatic communication readily possible. This handy volume not only introduces essential idioms, but also provides easy-to-understand translations and numerous example sentences to show how the expressions should be used. Studying colloquial Japanese doesn't have to be hitori-zumo, a futile effort. With *The Complete Japanese Expression Guide*, conversational fluency is guaranteed.

**Essential Japanese Vocabulary** Routledge

This is a book about the structure, history and evolution of the Japanese language. *The Japanese Language* is a classic study of one of the world's most widely used but least understood languages. Emphasizing the richness and complexity of Japanese as well as its limitations, this fine book provides a lively discussion about the uniqueness of the Japanese language. The relationship of Japanese to other languages is not well understood even by native speakers, and Professor Kindaichi sets out to define it. He concludes that Japanese is indeed only remotely related to other world languages although it shares many features in common with the languages of mainland Asia. Japanese shares with those languages a rich and detailed vocabulary for natural phenomena and an unusually complex and accurate way of expressing social relationships. Moreover, its capability to absorb innovations from abroad easily matches or exceeds that of English or German. The author, after briefly discussing the unique isolation of the Japanese language, moves on to consider the varieties of ordinary speech—dialects, jargon, sex—and role-based distinctions, and the difference between informal, formal, and literary language. He then examines the structure of Japanese pronunciations, its rhythm, and accent. The longest section of the book is devoted to the variety of the vocabulary, what can and cannot be said in Japanese. Readers who are just beginning their own study of Japanese will find this section especially fascinating, for each point is backed by examples from literature and everyday speech. Kindaichi also investigates the so-called vagueness of Japanese and traces it to its source—the unusual sentence order. This book includes: The highly debated origins of the Japanese language. Dialects, jargon, sex and role-based distinctions. Differences between informal, formal, and literary language. Structure, rhythm, and accent of pronunciation. What can and cannot be said in Japanese.

*Random House Japanese-English English-Japanese Dictionary*  
Tuttle Publishing

Starting at the very basics and working its way up to important language constructions, "An introduction to Japanese" offers beginning students, as well as those doing self-study, a comprehensive grammar for the Japanese language. Oriented towards the serious learner, there are no shortcuts in this book: no romanised Japanese for ease of reading beyond the introduction, no pretending that Japanese grammar maps

perfectly to English grammar, and no simplified terminology. In return, this book explains Japanese the way one may find it taught at universities, covering everything from basic to intermediary Japanese, and even touching on some of the more advanced constructions.
