Jazz Up Your Japanese With Onomatopoeia For All Levels

Downloaded from blog.gmercyyu.edu by guest

CABRERA HAMILTON

A Wild Sheep Chase Duke University Press

A basic book for beginning and intermediate students, dealing with the primary characteristic of the Japanese language.

Pure Invention W. W. Norton & Company

Taken from the weekly magazine "Shukan Asahi," these stories are accompanied by an English translation, faithfully done and easy to follow. Included is a short glossary of each word and phrase, a reverse derivation of each declined verb and adjective, detailed notes on vocabulary and grammar, and information and commentary on the cultural background. (Foreign Language-Dictionaries/Phrase Books)

Remembering the Kanji, Volume 1 Taylor & Francis

Starting at the very basics and working its way up to important language constructions, "An

introduction to Japanese" offers beginning students, as well as those doing self-study, a comprehensive grammar for the Japanese language. Oriented towards the serious learner, there are no shortcuts in this book: no romanised Japanese for ease of reading beyond the introduction, no pretending that Japanese grammar maps perfectly to English grammar, and no simplified terminology. In return, this book explains Japanese the way one may find it taught at universities, covering everything from basic to intermediary Japanese, and even touching on some of the more advanced constructions.

Reading Japanese with a Smile University of Michigan Press

The story of how Japan adopted and ultimately revived traditional American fashion Look closely at any typically "American" article of clothing these days, and you may be surprised to see a Japanese label inside. From high-end denim to oxford button-downs, Japanese designers have taken the classic American look—known as ametora, or "American traditional"—and turned it into a huge business for companies like Uniqlo, Kamakura Shirts, Evisu, and Kapital. This phenomenon is part of a long dialogue between Japanese and American fashion; in fact, many of the basic items

and traditions of the modern American wardrobe are alive and well today thanks to the stewardship of Japanese consumers and fashion cognoscenti, who ritualized and preserved these American styles during periods when they were out of vogue in their native land. In *Ametora*, cultural historian W. David Marx traces the Japanese assimilation of American fashion over the past hundred and fifty years, showing how Japanese trendsetters and entrepreneurs mimicked, adapted, imported, and ultimately perfected American style, dramatically reshaping not only Japan's culture but also our own in the process.

Novelist as a Vocation Stone Bridge Press

In the late 1970s legendary pianist Bill Evans was at the peak of his career. He revolutionized the jazz trio (bass, piano, drums) by giving each part equal emphasis in what jazz historian Ted Gioia called a "telepathic level" of interplay. It was an ideal opportunity for a sideman, and after auditioning in 1978, Joe La Barbera was ecstatic when he was offered the drum chair, completing the trio with Evans and bassist Marc Johnson. In *Times Remembered*, La Barbera and co-author Charles Levin provide an intimate fly-on-the-wall peek into Evans's life, critical recording sessions,

and behind-the-scenes anecdotes of life on the road. Joe regales the trio’s magical connection, a group that quickly gelled to play music on the deepest and purest level imaginable. He also watches his dream gig disappear, a casualty of Evans’s historical drug abuse when the pianist dies in a New York hospital emergency room in 1980. But La Barbera tells this story with love and respect, free of judgment, showing Evans’s humanity and uncanny ability to transcend physical weakness and deliver first-rate performances at nearly every show.

A unique account of the Japanese rock phenomenon from a legendary rock musician with an army of fans 'The most obscenely enjoyable book of the year ... enlightening, thrilling and occasionally hilarious ... Cope is a supremely engaging writer whose aim is to entertain, educate and freak out' Telegraph 'This book's astonishing blend of seriousness and hilariness is testament to perhaps the most remarkable mind in rock today' Word Julian Cope, eccentric and visionary rock musician, follows the runaway underground success of his book Krautrock sampler with Japrock sampler, a cult deconstruction of Japanese rock music, and reveals what really happened when East met West after World War Two. It explores the clash between traditional, conservative Japanese values and the wild rock 'n' roll renegades of the 1960s and 70s, and tells of the seminal artists in Japanese post-war culture, from itinerant art-house poets to violent refusenik rock groups with a penchant for plane hijacking.

This book demonstrates that emotion is a highly influential component in creating a new society and new engineering, revealing the importance of emotion in various aspects of the Connected World. It addresses a wide variety of topics, but with this one underlying aim throughout. Further, it stands out for the approach it takes to the Internet of Things and the Connected Society. The contributing authors illustrate that humans are essentially either playmakers or playing managers, with teamwork and play being crucial aspects of our lives. They argue that strategy is becoming increasingly important, and consider the most adaptable strategy, one that will allow us to respond to today’s quickly and radically changing situations. The book is particularly focused on the Connected Society as the point of departure, and explores what motivates humans, what decisions they should make, and what actions they should take. With engineering quickly moving from product development to experience development, and the role of emotion in engineering becoming increasingly apparent, this book offers a timely and valuable resource for engineers and researchers alike.

Incorporating Foreign Language Content in Humanities Courses introduces innovative ways to integrate aspects of foreign language study into courses containing humanities concepts. The edited collection offers case studies from various universities and across multiple languages. It serves as a useful guide to all foreign language faculty with any language expertise (as well as others interested in promoting foreign languages) for the adaptation and development of their own curricula. Infusing foreign language content into English-taught humanities courses helps promote languages as practical and relevant to students. It will be of interest to language educators, including teachers, teachers-in-training, teacher educators, and administrators.

A deeply personal, intimate conversation about music and writing between the internationally acclaimed, best-selling author and the former conductor of the Boston Symphony Orchestra. In *Absolutely on Music*, internationally Haruki Murakami sits down with his friend Seiji Ozawa, the revered former conductor of the Boston Symphony Orchestra, for a series of conversations on their shared passion: music. Over the course of two years, Murakami and Ozawa discuss everything from Brahms to Beethoven, from Leonard Bernstein to Glenn Gould, from Bartók to Mahler, and

from pop-up orchestras to opera. They listen to and dissect recordings of some of their favorite performances, and Murakami questions Ozawa about his career conducting orchestras around the world. Culminating in Murakami’s ten-day visit to the banks of Lake Geneva to observe Ozawa’s retreat for young musicians, the book is interspersed with ruminations on record collecting, jazz clubs, orchestra halls, film scores, and much more. A deep reflection on the essential nature of both music and writing, *Absolutely on Music* is an unprecedented glimpse into the minds of two maestros.

Ametora Penguin UK

Presents an in-depth exploration of the musician's controversial electric period and the impact it had on the jazz community, as drawn from firsthand recollections about his artistic and personal life. Reprint.

Miles Beyond Crown

“Read it. You will be uplifted.”—Ruth Ozeki, Zen priest, author of *A Tale for the Time Being* Marie Mutsuki Mockett's family owns a Buddhist temple 25 miles from the Fukushima Daiichi nuclear power plant. In March 2011, after the earthquake and tsunami, radiation levels prohibited the burial of her Japanese grandfather's bones. As Japan mourned thousands of people lost in the disaster, Mockett also grieved for her American father, who had died unexpectedly. Seeking consolation, Mockett is guided by a colorful cast of Zen priests and ordinary Japanese who perform rituals that disturb, haunt, and finally uplift her. Her journey leads her into the radiation zone in an intricate white hazmat suit; to Eiheiji, a school for Zen Buddhist monks; on a visit to a Crab Lady and Fuzzy-Headed Priest's temple on Mount Doom; and into the "thick dark" of the subterranean labyrinth under Kiyomizu temple, among other twists and turns. From the ecstasy of a cherry blossom festival in the radiation zone to the ghosts inhabiting chopsticks, Mockett writes of both the earthly and the sublime with extraordinary sensitivity. Her unpretentious and engaging voice makes her the kind of companion a reader wants to stay with wherever she goes, even into the heart of grief itself.

"A very graceful, erudite job . . . extraordinarily revealing."—The New York Times Thirty years after its first publication, *Womansword* remains a timely, provocative work on how words reflect female stereotypes in modern Japan. Short, lively essays offer linguistic, sociological, and historical insight into issues central to the lives of women everywhere: identity, girlhood, marriage, motherhood, work, sexuality, and aging. A new introduction shows how things have—and haven't—changed. Kittredge Cherry studied in Japan and has written about the country for *Newsweek* and the *Wall Street Journal*. She has a journalism degree from University of Iowa.

[She Wears the Pants](#) Mango Media Inc.

A New York Times bestselling author—and “a mythmaker for the millennium, a wiseacre wiseman” (New York Times Book Review)—delivers a surreal and elaborate quest that takes readers from Tokyo to the remote mountains of northern Japan, where the unnamed protagonist has a surprising confrontation with his demons. An advertising executive receives a postcard from a friend and casually appropriates the image for an advertisement. What he doesn’t realize is that included in the scene is a mutant sheep with a star on its back, and in using this photo he has unwittingly captured the attention of a man who offers a menacing ultimatum: find the sheep or face dire consequences.

The Jazz Palace Vintage

From the sugar rush of Tokyo's idol subculture to the discordant polyrhythms of its experimental punk and indie scenes, this book by Japan Times music columnist Ian F. Martin offers a witty and tender look at the wide spectrum of issues that shape Japanese music today. With unique theories about the evolution of J-pop as well as its history, infrastructure and (sub)cultures, Martin deconstructs an industry that operates very differently from counterparts overseas. Based partly on interviews with influential artists, label owners and event organisers, Martin's book combines personal anecdotes with cultural criticism and music history. An accessible and humorous account emerges of why some creative acts manage to overcome institutional pressures, without quitting

their bands. Ian Martin's writing about Japanese music has appeared in *The Japan Times*, *CNN Travel* and *The Guardian* among other places. Martin is based in Tokyo, where he also runs *Call And Response Records*.

Blue Nippon Kodansha

NEW YORK TIMES BEST SELLER • An insightful look into the mind of a master storyteller—and a unique look at the craft of writing from the beloved and best-selling author of *IQ84*, Norwegian Wood, and *What I Talk About When I Talk About Running*. "Murakami is like a magician who explains what he's doing as he performs the trick and still makes you believe he has supernatural powers" —New York Times Book Review A MOST ANTICIPATED BOOK: *Esquire*, *Vulture*, *LitHub*, *New York Observer* Aspiring writers and readers who have long wondered where the mysterious novelist gets his ideas and what inspires his strangely surreal worlds will be fascinated by this engaging book from the internationally best-selling author. Haruki Murakami now shares with readers his thoughts on the role of the novel in our society; his own origins as a writer; and his musings on the sparks of creativity that inspire other writers, artists, and musicians. Here are the personal details of a life devoted to craft: the initial moment at a Yakult Swallows baseball game, when he suddenly knew he could write a novel; the importance of memory, what he calls a writer’s “mental chest of drawers”; the necessity of loneliness, patience, and his daily running routine; the seminal role a carrier pigeon played in his career and more. "What I want to say is that in a certain sense, while the novelist is creating a novel, he is simultaneously being created by the novel as well." —Haruki Murakami

[Japrock sampler](#) Ballantine Books

A fascinating illustrated look at various forms of Japanese popular culture: pop song, jazz, enka (a popular ballad genre of music), karaoke, comics, animated cartoons, video games, television dramas, films and "idols" -- teenage singers and actors. As pop culture not only entertains but is also a reflection of society, the book is also about Japan itself -- its similarities and differences with the rest of the world, and how Japan is changing. The book features 32 pages of manga plus 50 additional photos, illustrations, and shorter comic samples.

Where the Dead Pause, and the Japanese Say Goodbye: A Journey Kodansha

This fascinating book—part ethnography, part memoir—traces Japan’s vibrant café society over one hundred and thirty years. Merry White traces Japan’s coffee craze from the turn of the twentieth century, when Japan helped to launch the Brazilian coffee industry, to the present day, as uniquely Japanese ways with coffee surface in Europe and America. White’s book takes up themes as diverse as gender, privacy, perfectionism, and urbanism. She shows how coffee and coffee spaces have been central to the formation of Japanese notions about the uses of public space, social change, modernity, and pleasure. White describes how the café in Japan, from its start in 1888, has been a place to encounter new ideas and experiments in thought, behavior, sexuality, dress, and taste. It is where a person can be socially, artistically, or philosophically engaged or politically vocal. It is also, importantly, an urban oasis, where one can be private in public.

[Insights In Jazz \(e-book\)](#) Tuttle Publishing

NATIONAL BEST SELLER • A mind-bending new collection of short stories from the internationally acclaimed, best-selling author. • “Some novelists hold a mirror up to the world and some, like Haruki Murakami, use the mirror as a portal to a universe hidden beyond it.” —The Wall Street Journal The eight stories in this new book are all told in the first person by a classic Murakami narrator. From memories of youth, meditations on music, and an ardent love of baseball, to dreamlike scenarios and invented jazz albums, together these stories challenge the boundaries between our minds and the exterior world. Occasionally, a narrator may or may not be Murakami himself. Is it memoir or fiction? The reader decides. Philosophical and mysterious, the stories in First Person Singular all touch beautifully on love and solitude, childhood and memory. . . all with a signature Murakami twist.
