Swami Vivekananda's views on the Bhagavad Gita are scattered throughout 'The Complete Works of Swami Vivekananda' published in nine volumes. The present book, published by Advaita Ashrama, a publication branch of Ramakrishna Math, Belur Math, is an extensive compilation of these insightful views of Swami Vivekananda on this sacred scripture of the Hindus. The reader is, as it were, taken through several verses of the Gita along with the Swami's elevating and soul-stirring commentary. Note: This book has embedded fonts to display the verses in Devanagari. You may have to use the 'Original' Font option in Google Play Books app. "... The book is certainly not a commentary on the Gita, in the traditional sense. But, what is available is indeed a treasure house of wisdom. Swamiji was a living embodiment of the Gita. According to him, the Gita was 'practical Vedanta'. He demonstrated this through his life. Reading through the book is indeed a rewarding experience. One is in holy company, imbibing the words of one who is speaking from his heart. ... Just as Swamiji himself used to carry a copy of the Gita with him always, one cannot do better than carry a copy of this book with one always..." - from a Review in the Vedanta Kesari, November 2010, p.441 published by Sri Ramakrishna Math, Chennai. As of February 2017, the print book has undergone seven reprints and more than 27,000 copies have been sold.

*Srimad Bhagavad Gita* Mysore : Praśāraṅga, University of Mysore

Swami Vivekananda revealed to the world the true foundations of India's unity as a nation. He taught how a nation with such a vast diversity can be bound together by a feeling of humanity and brother-hood. Vivekananda emphasized the points of drawbacks of western culture and the contribution of India to overcome those. Netaji Subhash Chandra Bose once said: "Swamiji harmonized the East and the West, religion and science, past and present. And that is why he is great. Our countrymen have gained unprecedented self-respect, self-reliance and self-assertion from his teachings." Vivekananda was successful in constructing a virtual bridge between the culture of East and the West. He interpreted the Hindu scriptures, philosophy and the way of life to the Western people. He made them realize that in spite of poverty and backwardness, India had a great contribution to make to world culture. He played a key role in ending India's cultural isolation from the rest of the world.

Advaita Ashrama (A publication branch of Ramakrishna Math, Belur Math)

Drawing upon the timeless wisdom of the Bhagavad Gītā, a philosophical-spiritual world classic, this professional book highlights the spiritual and moral dimensions of management using an inside-out leadership development approach. It interprets the Bhagavad Gītā's teachings on the personality types and psychological makeup of managers and employees; self-knowledge and self-mastery; and the leadership concepts of vision, motivation, and empowerment. This book covers topics such as training of the mind, ethical leadership, communication, stress management, and corporate social responsibility (CSR). Collectively, the enclosed contributions provide managers with an enhanced outlook on management functions such as leading, planning, organizing, and controlling in today's organizations, particularly those run by knowledge workers. Management research in the 20th century has mainly focused on the industrial paradigm characterized by a hierarchical structure of authority and responsibility with an individualistic focus on the personality of the manager. However, this traditional paradigm cannot solve many of the problems that confront leaders and managers today. Recent studies have shown that values traditionally associated with spirituality—such as integrity, honesty, trust, kindness, caring, fairness, and humility—have a demonstrable effect on managerial effectiveness and success. Although traditionally interpreted as a religious-spiritual text, the Bhagavad Gītā teaches these values which can be extrapolated and applied to practical management lessons in today's corporate boardrooms. Applying the text of the Bhagavad Gītā to the context of management, this book views the manager as an "enlightened sage" who operates from higher stance, guided by self-knowledge and self-mastery. It demonstrates how character is the key ingredient for effective management and leadership. This book is therefore applicable to all managers, from first-line to CEOs, in their management and leadership roles in organizations.

Is Bhagavadgita Antiquated? Prabhat Prakashan

Vivekananda was a man with a great spiritual presence and tremendous intellect who was a tireless teacher and writer. He wrote poems and hymns in Bengali, English and Sanskrit, some of which are sung daily in Vedanta centre's worldwide. He was ahead of his time in encouraging women and Westerners to not only practice Vedanta, but to be leaders. Two examples are Sara Ellen Waldo who recorded and collected Swami's talks at Thousand Island Park and Margaret Noble, later known as Sister Nivida, who devoted her life not only to Vedanta but also to the education of Indian girls. Supreme Devotion, in which forms and symbols fall off. One who has reached that cannot belong to any sect, for all sects are in him. To what shall he belong? For all churches and temples are in him. Where is the church big enough for him? Such a man cannot bind himself down to certain limited forms. Where is the limit for unlimited love, with which he has become one? In all religions which take up this ideal of love, we find the struggle to express it. Although we understand what this love means and see that everything in this world of affections and attractions is a manifestation of that Infinite Love, the expression of which has been attempted by sages and saints of different nations, yet we find them using all the powers of language, transfiguring even the most carnal expression into the divine.

Pujya Gurudev Swami Chinmayananda made it a priority to revive the young generation of Indians, who were drifting through life without any clear goals, vision or direction. He believed that growth of the newly independent India could only be achieved by a motivated and clear-headed generation of youngsters. In order to inspire the youngsters of India and show them the possibilities of a nobler life, Gurudev delivered a series of fiery 10-minute talks on All India Radio, based on the Bhagavad-gita. He gave this ancient wisdom a contemporary context and presented in a form that was palatable and practical to the modern youngsters. Although delivered in the 1960s, these teachings are as relevant, fresh and inspiring today as they were 40 years ago. 114 SHORT TALKS ON THE BHAGAVAD-GITA
