*American Headway* American Headway

Providing a foundation in the structure of the language by gradually building students' understanding of the basic grammar, vocabulary, and functions of English.

### **American Headway** Oxford University

#1 New York Times Bestseller "THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In *Think Again*, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I've never felt so hopeful about what I don't know." —Brené Brown, Ph.D., #1 New York Times bestselling author of *Dare to Lead* The bestselling author of *Give and Take* and *Originals* examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of *Originals* and *Give and Take*, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace

the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. *Think Again* reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

"Superb. The best junior novel I've ever read about big-city life." — The New York Times. After another fight with Pop, 14-year-old Dave storms out of their apartment and nearly gets hit by a car. Kate, the local cat lady, comes to the rescue, and Dave returns home with an ally: Cat, the stray tom that becomes Dave's confidante and his key to new friendships and experiences. Cat inadvertently leads Dave to Tom, a troubled 19-year-old who needs help, and Mary, a shy girl who opens Dave's eyes and ears to music and theater. Even the Cat-related confrontations with Pop take on a new spirit, with less shouting and more understanding. *It's Like This*, Cat offers a vivid tour of New York City in the 1960s. From the genteel environs of Gramercy Park to a bohemian corner of Coney Island, the atmospheric journey is punctuated by stickball games, pastrami sandwiches, and a ride on the Staten Island Ferry. Recounted with humor, a remarkably realistic teenage voice, and Emil Weiss's pitch-perfect illustrations, this 1964 Newbery Award-winning tale recaptures the excitement and challenges of growing up in the big city.
