*The Arab-Israeli Conflict* Routledge  
Comprehensive and analytical, *A History of the Arab-Israeli Conflict* presents a balanced and impartial overview of this centuries-old struggle. The authors examine the issues and themes that have characterized and defined the conflict over the course of its history, bringing the coverage up to date with a twenty-first-century perspective. Fully revised throughout, this eighth edition contains: New and extensive coverage of the developments in the conflict since 2014 Updated Suggested Readings and the incorporation of recent scholarship An additional selection of primary source documents New maps and illustrations. Taking a clear and chronological approach to this complex subject, this book explores recent events in the Middle East in the context of their longer-term history. Illustrated throughout with numerous photographs, maps, tables, and chronologies for each chapter, together with extensive relevant and up-to-date documentary sources and a glossary of key terms, it is the ideal textbook for all students of the history of the modern Middle East.

#### **Palestine and the Arab-Israeli conflict** Routledge

In this thoroughly researched and highly topical book, David McDowall considers the Palestinian uprising from a historical, social, and political perspective, and carefully reassesses the prospects for a settlement of the Arab-Israeli conflict.

Causes and Consequences of the Arab-Israeli Conflict Evanston [Ill.] : Northwestern University Press  
Quigley (law, Ohio State) details the complex politics and agonizing struggles that have characterized the clash between Jews and Arabs in the 20th century, examining the competing claims to Palestine and the extent to which legitimate interests remain to be fulfilled. *The Routledge Atlas of the Arab-Israeli Conflict* Evans Brothers

The Real History of Israel and the Palestinians No history is so disputed as the history of Israel. Some see Israel's creation as a dramatic act of justice for the Jewish people. Others insist that it was a crime against Palestine's Arabs. Author David Brog untangles the facts from the myths to reveal the truth about the Arab-Israeli conflict. In *Reclaiming Israel's History* you'll learn how the Jewish people have maintained a continual presence in the Land of Israel for over 3,000 years—despite centuries of Roman, Byzantine, and Muslim persecution; how the Romans invented the word "Palestine" as a way to sever the connection between the Jewish people and their land (and how subsequent conquerors doubled down on this strategy); how modern Jewish immigration to Palestine did not displace Arabs but instead sparked an Arab population boom; and the largely untold story of how the leader of Palestine's Arabs collaborated with the Nazis to murder Jews in Europe before they could reach their ancestral homeland. You'll also learn why most of Palestine's Arabs never identified themselves as

"Palestinians" until after the 1967 War; the extraordinary lengths to which Israel's military goes to protect Palestinian civilians (and the high price Israel's soldiers pay for this morality), and how the Palestinians have on separate occasions rejected Israel's offers of a Palestinian state in virtually all of the West Bank and Gaza. Brog frankly admits to Israel's "sins both large and small," but notes that in any fair-minded analysis these have been far outweighed by Israel's commitment to Western values, including freedom, democracy, and human rights. Honest, provocative, and timely, especially given rising anti-Semitism and the aggressive delegitimization of Israel, David Brog's *Reclaiming Israel's History* is the book for every reader who wants to understand what is really happening in the Middle East.

*Facts and Fables (RLE Israel and Palestine)* Oxford University Press, USA  
The fourth edition of this comprehensive, accessible introduction to the Arab-Israeli conflict features over 50 primary documents, an expanded map and illustration program, and the most up-to-date coverage available for the classroom.

*Palestine and Israel* John Wiley & Sons  
This title examines the bitter conflict that has raged since 1948 when the state of Israel was created between the Arabs and the Israelis. The complexities of the Palestinian question are examined in a clear and non-partisan fashion. The author looks at the wide-ranging consequences of the conflict, from the plight of refugees to the intensification of the Cold War, and at the more recent peace initiatives and the on-going quest for a solution to the violence.

**The Israel-Arab Reader** Psychology Press

For most of the twentieth century, considered opinion in the United States regarding Palestine has favored the inherent right of Jews to exist in the Holy Land. That Palestinians, as a native population, could claim the same right has been largely ignored. Kathleen Christison's controversial new book shows how the endurance of such assumptions, along with America's singular focus on Israel and general ignorance of the Palestinian point of view, has impeded a resolution to the Arab-Israeli conflict. Christison begins with the derogatory images of Arabs purveyed by Western travelers to the Middle East in the nineteenth century, including Mark Twain, who wrote that Palestine's inhabitants were "abject beggars by nature, instinct, and education." She demonstrates other elements that have influenced U.S. policymakers: American religious attitudes toward the Holy Land that legitimize the Jewish presence; sympathy for Jews derived from the Holocaust; a sense of cultural identity wherein Israelis are "like us" and Arabs distant aliens. She makes a forceful case that decades of negative portrayals of Palestinians have distorted U.S. policy, making it virtually impossible to promote resolutions based on equality and reciprocity between Palestinians and Israelis. Christison also challenges prevalent media images and emphasizes the importance of terminology: Two examples are the designation of who is a "terrorist" and the imposition of place names (which can pass judgment on ownership). Christison's thoughtful book raises a final disturbing question: If a broader frame of reference on the Palestinian-Israeli conflict had been employed, allowing a less warped public discourse, might not years of warfare

have been avoided and steps toward peace achieved much earlier?

**The Arab-Israeli Conflict** Prentice Hall  
Written to meet the requirements of the new Schools History Project and Modern World syllabuses for GCSE, *The Arab-Israeli Conflict* seeks to place the current situation within its broader historical context.

*The Routledge Handbook on the Israeli-Palestinian Conflict* Black Rabbit Books  
Concise and comprehensive, *A History of the Arab-Israeli Conflict* presents balanced, impartial, and well-illustrated coverage of the history of the Arab-Israeli conflict. The authors identify and examine the issues and themes that have characterized and defined the conflict over the past century tying in a twenty-first century perspective. The seventh edition exposes readers to recent events in the Middle East. Altering relations between Israel and neighboring states, political and religious uncertainty as a result of the Arab Spring and the increased scrutiny of Iran's nuclear program are explored in this updated edition.

### **Palestine, the Arabs and Israel**

Bedford/St. Martin's

The Arab-Israeli conflict has been one of the most protracted and contentious disputes in modern history. This wide-ranging textbook examines the diplomatic and historical setting within which the conflict developed, from both the Israeli and Palestinian perspectives, and gives a comprehensive overview of the peace process. The new edition includes a fully revised and updated introduction and a wider selection of documents up to the first year of the Trump presidency. Enabling students to easily access and study original documents through the supportive framework of a textbook, *The Arab-*

*Israeli Conflict*: presents over eighty of the most important and widely cited documents in the history of the Israeli-Palestinian conflict presents these documents in an edited form to highlight key elements includes an introductory chapter which sets the context for the study of the history of the area covers a comprehensive historical period, ranging from the 19th Century to the present day incorporates a wide range of pedagogical aids: original documents, maps and boxed sections. This important textbook is an essential aid for courses on the Arab-Israeli conflict and the Middle East peace process, and will be an invaluable reference tool for all students of political science, Middle East studies and history.

*The Arab-Israeli Conflict* Olive Branch Press

This is the only book you need in order to comprehend the complexities of the modern Middle East. Unlike most writing on the Arab-Israeli conflict, *How Israel Was Won* is a balanced, well researched, and insightful chronicle of Israel in the twentieth century. Baylis Thomas's concise history synthesizes for the general reader the vast number of historical studies and recently declassified documents from the United States and Israel to create a sophisticated and completely original interpretation of this conflict. The narrative reveals the complex story behind Israel's founding, its early struggle for survival, and its movements toward reconciliation with its Arab neighbors. Thomas also investigates the critical roles played by Great Britain, France, the Soviet Union, and the United States, and he explores the political and psychological attitudes of the protagonists and of the international community. *How Israel Was Won* is the

most current and most accessible account of the Arab-Israeli conflict written to date. To understand the events behind tonight's breaking news in the Middle East, read this book.

**Arabs Speak Frankly on the Arab-Israeli Conflict** Univ of California Press  
Mark Tessler's comprehensive and balanced history of the Israeli-Palestinian conflict from the earliest times to the present provides a constructive framework for understanding recent developments and assessing the prospects for future peace.

*The Israel/Palestine Question* Taylor & Francis

This study assimilates diverse interpretations of the origins of the Middle East conflict with emphasis on the fight for Palestine and its religious and political roots. It draws largely on the historical revisionism of the last two decades.

**Reclaiming Israel's History** Longman Publishing Group

This concise and comprehensive text presents a balanced, impartial, and well-illustrated coverage of the history of the Arab-Israeli conflict. The authors identify and examine the issues and themes that have characterized and defined the conflict over the past century. The new Fifth Edition examines the many developments since 9/11 and its aftermath.

**The Transformation of Palestine** Routledge

Examines the principal causes and events related to the relationship between Israel and its Arab neighbors and considers what the outcome could be if different decisions are made during this time.

*The Arab-Israeli Dilemma* Syracuse, N.Y.] : Syracuse University Press

The Palestine War has been by far the

most important military encounter in the history of the Arab-Israeli conflict. This book examines the origins of the war and its progression through two distinct stages: the guerrilla warfare between the Arab and Jewish communities of Mandatory Palestine, and the conventional inter-state war between the State of Israel and the invading Arab armies. In doing so it assesses the participants, their war aims, strategies and combat performance. Finally, it examines the reasons for Israel's success in the face of seemingly impossible odds and for the failure of the Arab nations to turn their military and numerical superiority into victory on the ground.

**From Time Immemorial** Oxford University Press, USA

This Handbook provides an overview of the most contentious and protracted political issue in the Middle East. The editors have gathered together a range of the top experts on the Palestinian-Israeli conflict. They tackle a range of topics from historical background, through to peace efforts, domestic politics, critical issues such as refugees and settler movements, and the role of outside players such as the Arab states, US and EU.

*The Arab-Israeli Conflict* Longman Publishing Group

In a timely reminder of how the past informs the present, Baruch Kimmerling and Joel Migdal offer an authoritative account of the history of the Palestinian people from their modern origins to the Oslo peace process and beyond.

Palestinians struggled to create themselves as a people from the first revolt of the Arabs in Palestine in 1834 through the British Mandate to the impact of Zionism and the founding of Israel. Their relationship with the Jewish

people and the State of Israel has been fundamental in shaping that identity, and today Palestinians find themselves again at a critical juncture. In the 1990s cornerstones for peace were laid for eventual Palestinian-Israeli coexistence, including mutual acceptance, the renunciation of violence as a permanent strategy, and the establishment for the first time of Palestinian self-government. But the dawn of the twenty-first century saw a reversion to unmitigated hatred and mutual demonization. By mid-2002 the brutal violence of the Intifada had crippled Palestine's fledgling political institutions and threatened the fragile social cohesion painstakingly constructed after 1967. Kimmerling and Migdal unravel what went right--and what went wrong--in the Oslo peace process, and what lessons we can draw about the forces that help to shape a people. The authors present a balanced, insightful, and sobering look at the realities of creating peace in the Middle East.

Palestine and Israel Yale University Press  
 "What is so striking about Morris's work as a historian is that it does not flatter anyone's prejudices, least of all his own," David Remnick remarked in a *New Yorker* article that coincided with the publication of Benny Morris's 1948: A History of the First Arab-Israeli War. With the same commitment to objectivity that has consistently characterized his approach, Morris now turns his attention to the present-day legacy of the events of 1948 and the concrete options for the future of Palestine and Israel. The book scrutinizes the history of the goals of the Palestinian national movement and the Zionist movement, then considers the various one- and two-state proposals

made by different streams within the two movements. It also looks at the willingness or unwillingness of each movement to find an accommodation based on compromise. Morris assesses the viability and practicality of proposed solutions in the light of complicated and acrimonious realities. Throughout his groundbreaking career, Morris has reshaped understanding of the Israeli-Arab conflict. Here, once again, he arrives at a new way of thinking about the discord, injecting a ray of hope in a region where it is most sorely needed.

A History of the Arab-Israeli Conflict  
 Bloomsbury Publishing

This history of the foundational war in the Arab-Israeli conflict is groundbreaking, objective, and deeply revisionist. Besides the military account, it also focuses on the war's political dimensions. Historian Morris probes the motives and aims of the protagonists on the basis of newly opened Israeli and Western documentation. The Arab side--where the archives are still closed--is illuminated with the help of intelligence and diplomatic materials. Morris stresses the jihadi character of the two-stage Arab assault on the Jewish community in Palestine. He examines the dialectic between the war's military and political developments and highlights the military impetus in the creation of the Palestinian refugee problem. He looks both at high politics and general staff decision-making and at the nitty-gritty of combat in the battles that resulted in the emergence of the State of Israel and the humiliation of the Arab world--a humiliation that underlies the continued Arab antagonism toward Israel.--Résumé de l'éditeur.
