 Action. Comedy. Romance. And that one weird guy. When a series of bombs go off in a Therian youth center, injuring members of THIRDS Team Destructive Delta, and causing a rift between agents Dexter J. Daley and Sloane Brodie, peace seems unattainable. Especially when a new and frightening group, the Order of Adrasteia, appears to always be a step ahead. With panic and intolerance spreading and streets becoming littered with the Order's propaganda, hostility between Humans and Therians grows daily. Dex and Sloane, along with the rest of the team, are determined to take down the Order and restore peace, not to mention settle a personal score. But the deeper the team investigates the bombings, the more they believe there's a more sinister motive than a desire to shed blood and spread chaos. Discovering the frightful truth behind the Order's intent forces Sloane to confront secrets from a past he thought he'd left behind for good, a past that could not only destroy him and his career, but also the reputation of the organization that made him all he is today. Now more than ever, Dex and Sloane need each other, and, along with trust, the strength of their bond will mean the difference between justice and all-out war.

 During the 20th century's first half, millions of Americans flocked to newsstands every month in search of thrills provided by all-fiction magazines printed on cheap pulp paper. These periodicals introduced and popularized such famous characters as Tarzan, Zorro, Sam Spade, Buck Rogers, Doc Savage, Hopalong Cassidy, and Conan the Barbarian, to name just a few. The producers of pulp fiction churned out their vigorous and occasionally outre stories at a feverish pace, generally for a mere penny per word. Some eventually graduated from the pulps to become world-famous, best-selling authors-among them Edgar Rice Burroughs, Max Brand, Erle Stanley Gardner, Ray Bradbury, Louis L'Amour, Dashiell Hammett, and Raymond Chandler. Often derided in their own time, the "rough paper" magazines had an incalculable effect on American pop culture. They gave birth to modern science fiction and the hardboiled detective story, but also to plot devices,

character types, and storytelling innovations that live on in today's most popular novels, movies, and TV shows. Illustrated with more than 600 magazine covers and original paintings, THE BLOOD 'N' THUNDER GUIDE TO PULP FICTION presents a complete and lively history of this unique literary form, covering genres individually and identifying key titles, authors, and stories. It also offers advice on collecting the vintage magazines and directs readers to recently published reprints of classic pulp."

 On the edges of a sealed-off city, a chance encounter between two girls in the misty woods is about to change the course of everything. . . Lena is on the run from her home, the Duke's Forest, after being convicted as a mage and sentenced to death. Meanwhile, Constance escaped the Forest years before, after her own magical powers were discovered--but now, she will do anything to get back inside and reclaim her place as the duke's daughter. The girls cross paths for only a moment, but that's long enough to set them down paths that will change the dukedom forever. As Lena reaches a safe haven where she can study and develop her powers alongside handsome but mysterious mage Emris, Constance maneuvers her way back into the home she left behind, unsure whether she trust the people she once considered her family and friends. All the while, the girls are connected by the dark, terrifying storm clouds that hang over the land and devastate everything in their wakes. Only Lena and Constance hold the keys to dispelling the storm and keeping their home safe--if they can uncover who cast the spell that generated the clouds to begin with. But the truth is far more sinister than

anyone could imagine, and it could mean that one of the girls will lose everything.

Thunder at the Gates

Rocket 88
 From the New York Times bestselling author of *Blood and Thunder* and *Ghost Soldiers*, a chronicle of the extraordinary feats of heroism by Marines called on to do the impossible during the greatest battle of the Korean War. "Superb ... A masterpiece of thorough research, deft pacing and arresting detail...This war story—the fight to break out of a frozen hell near the Chosin Reservoir—has been told many times before. But Sides tells it exceedingly well, with fresh research, gritty scenes and cinematic sweep." —The Washington Post On October 15, 1950, General Douglas MacArthur, Supreme Commander of UN troops in Korea, convinced President Harry Truman that the Communist forces of Kim Il-sung would be utterly defeated by Thanksgiving. The Chinese, he said with near certainty, would not intervene in the war. As he was speaking, 300,000 Red Chinese soldiers began secretly crossing the Manchurian border. Led by some 20,000 men of the First Marine Division, the Americans moved deep into the snowy mountains of North Korea, toward the trap Mao had set for the vainglorious MacArthur along the frozen shores of the Chosin Reservoir. What followed was one of the most heroic--and harrowing--operations in American military history, and one of the classic battles of all time. Faced with probable annihilation, and temperatures plunging to 20 degrees below zero, the surrounded, and hugely outnumbered, Marines fought through the enemy forces with ferocity, ingenuity, and nearly unimaginable courage as they marched their way to the sea. Hampton Sides' superb account of this epic clash relies on years of archival research, unpublished letters, declassified documents, and interviews with scores of Marines and Koreans who survived the siege. While expertly detailing the follies of the American leaders, *On Desperate Ground* is an immediate, grunt's-eye view of history, enthralling in its narrative pace and powerful in its portrayal of what ordinary men are capable of in the most extreme circumstances. Hampton Sides has been hailed by critics as one of the best nonfiction writers of his generation. As the Miami Herald wrote, "Sides has a novelist's eye for the propulsive elements that lend momentum and dramatic pace to the best nonfiction narratives."

 The modern image of the pirate is derived from Captain Charles

Johnson's accounts of the cut-throats who sailed under the Jolly Roger. It was he who gave mythical status to the likes of Blackbeard and Captain Kidd. Using contemporary sources, Nigel Cawthorne now turns the spotlight on the reality of pirate life, revealing the truth behind the legends. It gives us an insight into the men - and women - their weapons, their ships, their unhappy victims and their hide-outs, including the capital city of the pirate 'empire', Port Royal in Jamaica - known as the 'wickedest city in the world'.

Drawing on vivid oral histories, Joseph M. Marshall's intimate biography introduces a never-before-seen portrait of Crazy Horse and his Lakota community. Most of the world remembers Crazy Horse as a peerless warrior who brought the U.S. Army to its knees at the Battle of Little Bighorn. But to his fellow Lakota Indians, he was a dutiful son and humble fighting man who—with valor, spirit, respect, and unparalleled leadership—fought for his people's land, livelihood, and honor. In this fascinating biography, Joseph M. Marshall, himself a Lakota Indian, creates a vibrant portrait of the man, his times, and his legacy. Thanks to firsthand research and his culture's rich oral tradition (rarely shared outside the Native American community), Marshall reveals many aspects of Crazy Horse's life, including details of the powerful vision that convinced him of his duty to help preserve the Lakota homeland—a vision that changed the course of Crazy Horse's life and spurred him confidently into battle time and time again. The journey of Crazy Horse is the true story of how one man's fight for his people's survival roused his true genius as a strategist, commander, and trusted leader. And it is an unforgettable portrayal of a revered human being and a profound celebration of a culture, a community, and an enduring way of life. "Those wishing to understand Crazy Horse as the Lakota know him won't find a better account than Marshall's." -San Francisco Chronicle

Blood and Thunder: The Life and Art of Robert E. Howard William Morrow

For readers of VE Schwab and *The Witcher*, science and magic clash in atmospheric gaslight-era Prague. In the quiet streets of Prague all manner of otherworldly creatures lurk in the shadows. Unbeknownst to its citizens, their only hope against the tide of predators are the dauntless lamplighters - a secret elite of monster hunters whose light staves off the darkness each night. Domek Myska leads a life teeming with fraught encounters with the worst kind of evil: pijavica, bloodthirsty and soulless vampiric creatures. Despite this, Domek finds solace in his moments spent in the company of his friend, the clever and beautiful Lady Ora Fischer - a widow with secrets of her own. When Domek finds himself stalked by the spirit of the White Lady - a ghost who haunts the baroque halls of Prague castle - he stumbles across the sentient essence of a will-o'-the-wisp captured in a mysterious container. Now, as it's bearer, Domek wields its power, but the wisp, known for leading travellers to their deaths, will not be so easily controlled. After discovering a conspiracy amongst the pijavice that could see them unleash terror on the daylight world, Domek finds himself in a race against those who aim to twist alchemical science for their own dangerous gain.

The original Orcs series continues. War is throwing the land of Maras Dantia into chaos: war between the elder races and the invading humans; war between the two sects of humans themselves. As the armies gather and the magic leaks away from the land, Stryke and his warband of orcs are on the run from everyone; from the orcs that Jennasta has sent after them and from the humans who will kill any orc on sight. Stryke's quest for the artifacts that will secure the destiny of the orcs and, if they but knew it, all the races old and new in Maras Dantia, has never been more urgent and more difficult. As the net closes in and his troopers fall one by one to foes that even they never imagined in their worst dreams, time is running out for Stryke, for all orcs and for Maras Dantia.

The Life of Kit Carson Da Capo Press

In the sequel to the acclaimed *Beasts Made of Night*, Taj has escaped Kos, but Queen Karima will go to any means necessary--including using the most deadly magic--to track him down. Taj is headed west, but the consequences of leaving Kos behind confront him at every turn. Innocent civilians flee to refugee camps as Karima's dark magic continues to descend on the city. Taj must return, but first he needs a plan. With Arzu's help, Taj and Aliya make it to the village of her ancestors, home of the *tastahlik*--sin-eaters with Taj's same ability to both battle and call forth sins. As Taj comes to terms with his new magic, he realizes there are two very different groups of *tastahlik*--one using their powers for good, the other for more selfish ends. Aliya is struggling with her own unique capabilities. She's immersed in her work to uncover the secret to Karima's magic, but her health begins to mysteriously deteriorate. With the help of a local western mage, Aliya uncovers her true destiny--a future she's not sure she wants. As Taj and Aliya explore their feelings for each other and Arzu connects with her homeland, the local westerners begin to question Taj's true identity. Karima is on his heels, sending dark warnings to the little village where he's hiding. Taj will have to go back and face her before she sends her most deadly weapon--Taj's former best friend, Bo.

Singing in My Blood Gollancz

Almost immediately after Abraham Lincoln issued the Emancipation Proclamation, abolitionists began to call for the raising of black regiments. The South and most of the North responded with outrage. Southerners vowed to enslave black soldiers captured in battle, while many northerners claimed that blacks lacked the courage to fight. Yet Boston's Brahmins, always eager for a moral crusade, launched one of the greatest experiments in American history. In *Thunder at the Gates*, Douglas R. Egerton chronicles the formation and exploits of the 54th and 55th Massachusetts Infantry and the 5th Massachusetts Cavalry -- regiments led by whites but composed of black men born free or into slavery.

As one can surmise from the title, the following book is a biography of a man named Kit Carson. He was an American frontiersman, a fur trapper, wilderness guide, Indian agent, and U.S. Army officer. He became a frontier legend in his own lifetime by biographies and news articles, and exaggerated versions of his exploits were the subject of dime novels. His understated nature belied confirmed reports of his fearlessness, combat skills, tenacity, and profound effect on the westward expansion of the United States.
