Fantasy Life Simon and Schuster

In the long-awaited follow-up to her groundbreaking, million-copy bestseller *The Proper Care and Feeding of Husbands*, Dr. Laura now focuses on how men and women need to understand and appreciate the uniqueness of masculinity and femininity; what the best ways to relate, caretake, and nurture each other are; and how to bring a marriage back from the brink of disaster. Dr. Laura asserts that in order to produce and sustain a wonderfully satisfying marriage, spouses must recognize and appreciate the polarity between the masculine and the feminine. Both husband and wife have power in the relationship, and each needs to realize this in order to ensure personal satisfaction. Using real-life examples from her call-in radio show, and giving real-life solutions, Dr. Laura focuses on the typical mistakes made by

men and women in their relationships and shows how marriages can not only survive but thrive.

The Grace Message Houghton Mifflin
The hidden brain is the voice in our ear when we make the most important decisions in our lives—but we're never aware of it. The hidden brain decides whom we fall in love with and whom we hate. It tells us to vote for the white candidate and convict the dark-skinned defendant, to hire the thin woman but pay her less than the man doing the same job. It can direct us to safety when disaster strikes and move us to extraordinary acts of altruism. But it can also be manipulated to turn an ordinary person into a suicide terrorist or a group of bystanders into a mob. In a series of compulsively readable narratives, Shankar Vedantam journeys through the latest discoveries in neuroscience, psychology, and behavioral science to uncover the darkest corner of our minds and its decisive impact on the choices we make as individuals and as a society. Filled with fascinating characters, dramatic storytelling, and cutting-edge science, this is an engrossing exploration of the secrets our brains keep from us—and how they are revealed.

When Jon Gruden asks his Tampa Bay Bucs, "Do you love football?!" it's to remind them why they pull on their shoulder pads every Sunday morning. It's not about the money or the fame; it's about their passion for what they do. And passion is something that has fueled Gruden's entire career. From his college playing days and his climb through the coaching ranks -- from college to assistant coaching jobs with the NFL's elite teams, to his first head coach job with the Oakland Raiders, and finally, with the Tampa Bay Bucs -- his meteoric rise is unparalleled. Underneath it all, though, he's just a humble, hardworking, no-nonsense guy who has no hobbies: "I'm not a scratch golfer. I don't know how to bowl. I can't read the stock market. Hell, I have a hard time remembering my wife's cell phone number. But I can call 'Flip Right Double X Jet 36 Counter Naked Waggle at 7 X Quarter' in my sleep." Now, in this motivational memoir, Gruden provides

insight into what makes him tick. *Do You Love Football?!* is an intimate look at his life as a player, coach, and head coach, as well as the principles that have made him the hottest coach in the NFL.
