This book explores the narratives of girlhood in contemporary YA vampire fiction, bringing into the spotlight the genre's radical, ambivalent, and contradictory visions of young femininity. Agnieszka Stasiewicz-Bieńkowska considers less-explored popular vampire series for girls, particularly those by P.C. and Kristin Cast and Richelle Mead, tracing the ways in which they engage in larger cultural conversations on girlhood in the Western world. Mapping the interactions between girl and vampire corporealities, delving into the unconventional tales of vampire romance and girl sexual expressions, examining the narratives of women and violence, and venturing into the uncanny vampire classroom to unmask its critique of present-day schooling, the volume offers a new perspective on the vampire genre and an engaging insight into the complexities of growing up a girl.

I go by Rose. But don't let the delicate name fool you-I'm all thorns... The polished metal stakes strapped to my thighs have pierced the hearts of so many vampires I've lost count. And after five years I still haven't found him-the vamp with one blue eye and one brown. The one who slaughtered my mother and left me, a child, to sit screaming in a pool of her still-warm blood. With any luck, he'll come to me. You see, I've made something of a name for myself with my trade. It seems more and more of the bloodsucking bastards seek to find me every day. Each of them wanting to be the one to say they plucked The Black Rose. It's not until a group of three finds me that I think I've finally met my match. But these aren't just any nameless, faceless vamps. I know them. Or, at least, I knew them-when they were still human. Worst of all, I owe them a debt. But paying it means I'll need to face my worst fear... that I may not be entirely human, either

**NEW YORK TIMES EDITORS' CHOICE** • This powerful memoir by New York Times bestselling author Amy Bloom is an illuminating story of two people whose love leads them to find a courageous way to part—and of a woman's struggle to go forward in the face of loss. “What a book this is—full of

everything that matters . . . gripping, moving, and beautifully told.”—Meg Wolitzer, author of *The Female Persuasion* **ONE OF THE MOST ANTICIPATED BOOKS OF 2022**—Oprah Daily, BookPage Amy Bloom began to notice changes in her husband, Brian: He retired early from a new job he loved; he withdrew from close friendships; he talked mostly about the past. Suddenly, it seemed there was a glass wall between them, and their long walks and talks stopped. Their world was altered forever when an MRI confirmed what they could no longer ignore: Brian had Alzheimer's disease. Forced to confront the truth of the diagnosis and its impact on the future he had envisioned, Brian was determined to die on his feet, not live on his knees. Supporting each other in their last journey together, Brian and Amy made the unimaginably difficult and painful decision to go to Dignitas, an organization based in Switzerland that empowers a person to end their own life with dignity and peace. In this heartbreaking and surprising memoir, Bloom sheds light on a part of life we so often shy away from discussing—its ending. Written in Bloom's captivating, insightful voice and with her trademark wit and candor, *In Love* is an unforgettable portrait of a beautiful marriage, and a boundary-defying love.

In 1938, the American government and religious institutions used the faulty science of eugenics to forcibly sterilize those deemed "Impure." Under the Genetic Reclamation Act, those found to be impure -- criminals, homosexuals, the insane or those suffering from "moral deviancy" -- were arrested by agents of the newly created Eugenics Bureau, an offshoot of the FBI, and sterilized. Impure families were torn apart, forced into ghettos and prohibited from owning property and working anything but menial jobs. Those who refused to comply fled to the ghettos trying to disappear among the masses of Impures, or to the tunnels below the city in an effort to carve out a meager existence. When their daughter Esther is born blind, Jim, Rita and their son, Jack, flee their previous lives, trying to survive on the outskirts of humanity while avoiding the Eugenics Agents pursuing them. Huddled under a bridge one night, the family is viciously attacked by a group of "Pures," led by the son of the powerful Senator Blackthorpe, who drafted the cruelest parts of the Genetic Reclamation Act. Jim, Rita and their children are rescued by Lazarus, a former prizefighter, who brings the family to The Burrow, an abandoned subway station below the city where they meet other Impures fleeing persecution. When his son is killed during the attack, Senator Blackthorpe instructs the merciless Special Agent Artemis Pembroke, a sociopath and fervent believer in social purity, to use whatever means necessary to bring those responsible for his son's death to justice. For *Their Blood Burns Wild* is a story of abuse of power and corruption, prejudice, family, community and survival that is eerily prescient of today's political climate.
