Buddhist

education - SlideShare From about the 1st century BCE, a new textual tradition began to arise in Indian Buddhist thought called Mahāyāna (Great Vehicle), which would slowly come to dominate Indian Buddhist philosophy. Buddhist philosophy thrived in large monastery-university complexes such as Nalanda and Vikramasila, which became centres of

learning in North India. Mahāyāna philosophers continued the philosophical projects of Abhidharma while at the same time critiquing them and introducing new concepts and ideas. Buddhist philosophy - Wikipedia Education, at first freely available in Vedic society, became over time more rigid and restricted as the social systems dictated that only those of meritorious lineage be

allowed to study the scriptures, originally based on occupation, evolved, with the Brahman (priests) being the most privileged of the castes, followed by Kshatriya who could also wear the sacred thread and gain access to Vedic education. History of education - Wikipedia When Buddhism was introduced to Sri Lanka in the third century BC., the system of Buddhist

education began to flourish on a solid ground. The Mahāvihāra in Anurādhapurā was a center for Theravada Buddhist education after the establishment of Buddhism in Sri Lanka.
