Berdasarkan UU Nomer 44 tahun 2009

tentang Rumah Sakit Pasal 49 Ayat (2)

bahwa tarif ditetapkan berdasarkan komponen biaya satuan pembiayaan. Lalu pada peraturan turuannya yaitu Permenkes Nomor 12 Tahun 2013 Pasal 18 Ayat (2) diatur bahwasanya tarif layanan dihitung berdasarkan biaya satuan (Unit Cost). Tarif merupakan penjumlahan antara Biaya Sarana atau Jasa Sarana (Istilahnya mungkin kurang tepat kalau disebut JASA) yang dihitung berdasarkan Biaya Satuan dan ditambah Jasa Pelayanan. Sehingga Jasa Pelayanan adalah salah satu komponen tarif sementara prinsip biaya satuan adalah menghitung setiap biaya per jenis layanan atau sering disebut Fee For Services (FFS). Sehingga tarif yang dihasilkan dari perhitungan biaya satuan adalah Tarif Fee For Services. Salah satu prinsip pembagian jasa pelayanan adalah No Work No Pay yang bermakna bahwa

pembagian jasa pelayanan harus secara Fee For Services. Sehingga kesimpulannya adalah antara tarif biaya satuan dengan jasa pelayanan sama-sama bersifat Fee For Services yang berarti sejalan sehingga tidak ada masalah dalam hal ini. Karena untuk membagi jasa pelayanan yang berdasarkan tarif biaya satuan tetap menggunakan kaidah Fee For Services. Buku Model Pembagian Jasa Pelayanan Di Rumah Sakit Dengan Metode Konversi Dan Proporsi ini diterbitkan oleh penerbit deepublish dan tersedia juga versi cetaknya.

This paper looks at the possible paths for policy and development in Indonesia under the leadership of the seventh president of Indonesia, Joko Widodo. The first part is a stocktake of the challenges that lie ahead. The stocktake assesses the state of play in five areas: the political system; economic challenges; government and administration; social issues; and foreign affairs. Then two possible scenarios of governance under the new administration are considered: an

outward-looking reform path or an inward-looking resilience path. The country's seventh president, Joko Widodo, will need to decide whether to adopt one of these paths or select policies that combine elements from both the reform and the resilience paths.

Salah satu persoalan yang paling sering dikeluhkan oleh manajemen rumah sakit yang menjalankan program Jaminan Kesehatan Nasional (JKN) adalah besarnya deviasi atau perbedaan tarif paket INA-CBGs dengan total Tagihan (billing) berdasarkan tarif rumah sakit. Disparitas tarif dalam konteks defisit ini selalu menimbulkan pertanyaan, apakah tarif INA-CBGs yang terlalu kecil atau tarif rumah sakit yang terlalu besar. Tidak jarang anggapan tarif INA-CBGs yang terlalu kecil ini menjadi salah satu penyebab komplain dari jajaran manajemen rumah sakit dan timbulnya resistensi khususnya di kalangan dokter di rumah sakit dalam memberikan pelayanan kepada pasien peserta program JKN oleh BPJS Kesehatan.

It is 2015 and the Arab Spring has seen the continent of Europe facing a floodtide of mass immigration as refugees flee civil war and economic deprivation. A criminal conspiracy is exploiting this well of human misery with the intention of provoking a backlash that will destabilise democratic rule and advance the far-right. The soldiers of the caliphate are infiltrating jihadis amongst the immigrants and by blackmail, robbery and murder are spreading terror throughout the population of Italy. The combined intelligence services of the UK and Italian governments are struggling to uncover the conspiracy. They must try to secure the unlikely

assistance of a Dominican monk who knows more than he is willing to divulge. But the net is tightening and the race is on to trace the whereabouts of a valuable art collection and to track down a rogue member of British Intelligence who has become a deadly killing machine for the caliphate. In a turbulent world as radical beliefs turn friends into foes, can anyone be sure who really is who?

This Bill seeks to prohibit completely the hunting of deer with dogs and hare coursing; as well as to limit fox hunting with dogs to situations where the hunt is registered or exempt from this requirement for registration (involving situations such as the rescue or recapture of a wild animal). Under the Bill's provisions, registration will only be granted for hunts which satisfy tests of utility and least suffering, and all registered hunting will be subject to certain conditions including the conduct of the hunt. A Registrar will be established, appointed by the Secretary of State for the Environment, Food and Rural Affairs, which will determine applications for registration. An independent Hunting Tribunal will also be created under the supervision of the Lord Chancellor to hear appeals regarding the Registrar's decisions. Prescribed animal welfare bodies may present evidence to the Registrar on any applications for registration and may also apply for hunts to be de-registered. These provisions

apply to England and Wales only; a separate law banning hunting with dogs has already been introduced in Scotland.

This monograph provides a comprehensive overview of community college education in the United States, emphasizing trends affecting two-year colleges within the past decade. Chapter 1 identifies the social forces that contributed to the development and expansion of community colleges and the continuing changes in institutional purposes. Chapter 2 examines the shifting patterns of student characteristics and goals, the reasons for the predominance of part-time attendance, participation and achievement among minority students, attrition issues, and recent moves toward student assessment. Chapter 3 draws on national data to illustrate the differences between full- and part-time faculty and discusses issues related to tenure, salary,

workload, faculty evaluation, moonlighting, burnout, and job satisfaction. Chapter 4 reviews the changes that have taken place in college management as a result of changes in institutional size, the advent of collective bargaining, reductions in available funds, and changes in governance and control. Chapter 5 describes various funding patterns and their relationship to organizational shifts. Chapter 6 discusses the rise of learning resource centers and the maintenance of stability in instructional forms in spite of the introduction of a host of reproducible instructional media. Chapter 7 considers student personnel functions, including counseling, guidance, recruitment, retention, orientation, and extracurricular activities. Chapter 8 traces the rise of occupational education, as it has moved from a peripheral to a central position in the curriculum. Chapter 9 focuses on remedial and developmental programs and addresses the controversies surrounding student assessment and placement. Chapter 10 deals with adult and continuing education, lifelong learning, and community services. Chapters 11 and 12 examine curricular trends in the liberal arts and general education, highlighting problems and proposing solutions. Chapter 13 addresses the philosophical and practical questions that have been raised about the transfer function and the community college's role in enhancing student progress toward higher degrees. Finally, chapter 14 offers projections based on current trends in student and faculty demographics, college organization, curriculum, instruction, and student services. (JMC)
