ANTONIO GRANT

The Ultimate Unofficial Encyclopedia for Minecrafters Simon and Schuster

This major 2-volume set is the first to treat in an inclusive reference what is usually considered a societal failing and the underside of sexuality and economic survival.

The Royal Horticultural Society A-Z Encyclopedia of Garden Plants Simon and Schuster

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Stephen King from A to Z Miles Kelly

Unlock the lost and hidden meanings of the world's ancient and modern signs and symbols with the latest in the hugely popular series of 'Element Encyclopedias'. This is the biggest A-Z reference book on symbolic objects you'll ever find.

The Element Encyclopedia of Secret Signs and Symbols: The Ultimate A-Z Guide from Alchemy to the Zodiac Demos Medical Publishing

The Encyclopedic Reference of Public Health presents the most important definitions, principles and general perspectives of public health, written by experts of the different fields. The work includes more than 2,500 alphabetical entries. Entries comprise review-style articles, detailed essays and short definitions. Numerous figures and tables enhance understanding of this little-understood topic. Solidly structured and inclusive, this two-volume reference is an invaluable tool for clinical scientists and practitioners in academia, health care and industry, as well as students, teachers and interested laypersons.

Disney A to Z Black Dog & Leventhal

With its easy-to-use alphabetical organization and wide-ranging coverage, this is an excellent starting point for children researching school assignments. Illustrations. Photos.

Epilepsy A to Z Scholastic Inc.

Bestselling true-crime writer Harold Schechter, a leading authority on serial killers, and coauthor David Everitt offer a guided tour through the bizarre and blood-chilling world of serial murder. Through hundreds of detailed entries that span the entire spectrum -- the shocking crimes, the infamous perpetrators, and much more -- they examine all angles of a gruesome cultural phenomenon that grips our imagination. From Art (both by and about serial killers) to Zeitgeist (how killers past and present embody their times)...from Groupies (even the most sadistic killer can claim devoted fans) to Marriage (the perfect domestic disguise for demented killers)...from Homebodies (psychos who slay in the comfort of their homes) to Plumbing (how clogged drains have undone the most discreet killer), THE A TO Z ENCYCLOPEDIA OF SERIAL KILLERS is the ultimate reference for anyone compelled by the personalities and pathologies behind the most disturbing of crimes.

The Encyclopedia of Infectious Diseases Simon and Schuster

Tink Aaron-Martin has been grounded AGAIN after an adventure with her best friend Freddie Blue Anderson. To make the time pass, she decides to write an encyclopedia of her life from "Aa" (a kind

of lava--okay, she cribbed that from the real encyclopedia) to "Zoo" (she's never been to one, but her brothers belong there). As the alphabet unfolds, so does the story of Tink's summer: more adventures with Freddie Blue (and more experiences in being grounded); how her family was featured in a magazine about "Living with Autism," thanks to her older brother Seb--and what happened after Seb fell apart; her growing friendship, and maybe more, with Kai, a skateboarder who made her swoon (sort of). And her own sense that maybe she belongs not under "H" for "Hideous," or "I" for "Invisible," but "O" for "Okay." Written entirely in Tink's hilarious encyclopedia entries, *The Encyclopedia of Me* is both a witty trick and a reading treat for anyone who loves terrific middle-grade novels.

A to Z Encyclopedia of Garden Plants Dell

By the New York Times bestselling author of *Hacks for Minecrafters!* How many books can pull you away from the same old YouTube videos and get you excited about reading? You'll be surprised at how quickly you can learn hundreds of new tricks and tips! Want to know where you'll find the most diamonds or how to protect your villagers at night? This exciting book will cover everything players need to know about mining, farming, building, villagers, the Nether, and more! A big book of players' hacks for Minecrafters organized in an easy-to-reference encyclopedia format, this book will show readers the ins and outs of the game, how to survive and thrive, and various mods that can improve play. The book is illustrated with screenshots throughout, making it easy for new and experienced Minecrafters to build, fight, protect, and survive in their creative worlds.

Who's Who in the JFK Assassination Springer Science & Business Media

Children's A to Z Encyclopedia Kingfisher

A to Z Encyclopedia HarperCollins UK

A revised edition is comprised of hundreds of entries on serial murderers and their crimes, offering insight into the phenomenon of serial killing while sharing a wealth of well-publicized and lesser-known details. Original. 25,000 first printing.

Revenge of the Creature Features Movie Guide Oxford University Press

33,000 pages 44 million words 10 billion years of history 1 obsessed man Part memoir and part education (or lack thereof), *The Know-It-All* chronicles NPR contributor A.J. Jacobs's hilarious, enlightening, and seemingly impossible quest to read the Encyclopaedia Britannica from A to Z. To fill the ever-widening gaps in his Ivy League education, A.J. Jacobs sets for himself the daunting task of reading all thirty-two volumes of the Encyclopaedia Britannica. His wife, Julie, tells him it's a waste of time, his friends believe he is losing his mind, and his father, a brilliant attorney who had once

attempted the same feat and quit somewhere around Borneo, is encouraging but, shall we say, unconvinced. With self-deprecating wit and a disarming frankness, *The Know-It-All* recounts the unexpected and comically disruptive effects Operation Encyclopedia has on every part of Jacobs's life -- from his newly minted marriage to his complicated relationship with his father and the rest of his charmingly eccentric New York family to his day job as an editor at *Esquire*. Jacobs's project tests the outer limits of his stamina and forces him to explore the real meaning of intelligence as he endeavors to join Mensa, win a spot on *Jeopardy!*, and absorb 33,000 pages of learning. On his journey he stumbles upon some of the strangest, funniest, and most profound facts about every topic under the sun, all while battling fatigue, ridicule, and the paralyzing fear that attends his first real-life responsibility -- the impending birth of his first child. *The Know-It-All* is an ingenious, mightily entertaining memoir of one man's intellect, neuroses, and obsessions and a soul-searching, ultimately touching struggle between the all-consuming quest for factual knowledge and the undeniable gift of hard-won wisdom.

The Cleaning Encyclopedia Children's A to Z Encyclopedia

Few cities captivate the imagination as does Los Angeles. It is the locus of spectaculars: movies, earthquakes, freeways, riots, sunsets. In this fascinating desk reference, Leonard and Dale Pitt have gathered a sweeping array of information on the City of Angels. Bolstering their historical and humanistic approach with scientific and technical information, the Pitts include alphabetically arranged entries on history, geography, automobile culture, sports, movies, current events, architecture, flora, fauna, scandals, biography, the arts, politics, neighborhoods, and ethnic, racial, and religious groups. Quotations throughout provide provocative and amusing tidbits about the city that has been called "the fulfillment of the American Dream." Copiously illustrated and wonderfully anecdotal, this is a book for anyone with a question, large or small, about Los Angeles. "It's a great place to live, but I wouldn't want to visit there."—Mark Twain "At heart, Los Angeles is a vast cross-section of the Corn Belt set down incongruously in a Maxfield Parrish setting."—Irwin S. Cobb "Hollywood is wonderful. Anyone who doesn't like it is either crazy or sober."—Raymond Chandler "Great weather and automobiles."—Jamal Wilkes

The A to Z Encyclopedia of Serial Killers Hyperion Books

The definitive dictionary of the world's religions, compiled by two of the 20th century's most distinguished religion scholars. This highly accessible resource distills Mircea Eliade's lifework of detailing and comparing humanity's entire religious heritage, providing fascinating insights into the character and worldview of the 33 principal religions. Including Buddhism, Christianity, Jainism, Judaism, Islam, Shinto, Shamanism, Taoism, South American religions, Baltic and Slavic religions, Confucianism, and the religions of Africa and Oceania, *The HarperCollins Concise Guide to World Religions* covers all kinds of religious figures, histories, sacred texts, mythologies, and mystical techniques.

Children's A to Z Encyclopedia Greenwood Publishing Group

A comprehensive guide to information on the assassination of President Kennedy features detailed entries on the 1,400 suspects, victims, witnesses, law enforcement officials, and investigators involved

Encyclopedia of Social Media and Politics Simon and Schuster

A comprehensive reference guide to infectious diseases, describing the disease, available treatments, and more.

Los Angeles A to Z HarperOne

The Encyclopedia of Social Media and Politics explores how the rise of social media is altering politics both in the United States and in key moments, movements, and places around the world. Its scope encompasses the disruptive technologies and activities that are changing basic patterns in American politics and the amazing transformations that social media use is rendering in other political systems heretofore resistant to democratization and change. In a time when social media are revolutionizing and galvanizing politics in the United States and around the world, this encyclopedia is a must-have reference. It reflects the changing landscape of politics where old modes and methods of political communication from elites to the masses (top down) and from the masses to elites (bottom up) are being displaced rapidly by social media, and where activists are building new movements and protests using social media to alter mainstream political agendas. **Key Features** This three-volume A-to-Z encyclopedia set includes 600 short essays on high-interest topics that explore social media's impact on politics, such as "Activists and Activism," "Issues and Social Media," "Politics and Social Media," and "Popular Uprisings and Protest." A stellar array of world renowned scholars have written entries in a clear and accessible style that invites readers to explore and reflect on the use of social media by political candidates in this country, as well as the use of social media in protests overseas. Unique to this book is a detailed appendix with material unavailable anywhere else tracking and illustrating social media usage by U.S. Senators and Congressmen. This encyclopedia set is a must-have general, non-technical resource for students and researchers who seek to understand how the changes in social networking through social media are affecting politics, both in the United States and in selected countries or regions around the world.

Encyclopedia of Public Health Storey Publishing

Today's children stand on the threshold of a new millennium that promises incredible scientific and technological advances. The need to understand basic scientific principles has never been greater and these principles are brought within the grasp of every child by *The Kingfisher Science Encyclopedia*. This encyclopedic tome covers every aspect of Madonna's life

and career: music, movies, TV, love life, family, tours and more.

The Encyclopedia of Me University of California Press

NATIONAL BESTSELLER A unique, unfiltered memoir from the NBA champion and fifteen-time all-star ahead of his induction into the Hall of Fame. Kevin Garnett was one of the most dominant players the game of basketball has ever seen. He was also one of its most outspoken. Over the course of his illustrious twenty-one-year NBA career, he elevated trash talk to an art form and never shied away from sharing his thoughts on controversial subjects. In *KG A to Z*, published ahead of Garnett's induction into the Basketball Hall of Fame, he looks back on his life and career with the same raw candor. Garnett describes the adversity he faced growing up in South Carolina before ultimately relocating to Chicago, where he became one of the top prospects in the nation. He details his

headline-making decision to skip college and become the first player in two decades to enter the draft directly from high school, starting a trend that would be followed by future superstars like Kobe Bryant and LeBron James. He shares stories of playing with and against Bryant, James, Michael Jordan, and other NBA greats, and he chronicles his professional ups and downs, including winning a championship with the Boston Celtics. He also speaks his mind on a range of topics beyond basketball, such as fame, family, racism, spirituality, and music. Garnett's draft decision wasn't the only way he'd forever change the game. His ability to play on the perimeter as a big man foreshadowed the winning strategy now universally adopted by the league. He applies this same innovative spirit here, organizing the contents alphabetically as an encyclopedia. If you thought Kevin Garnett was exciting, inspiring, and unfiltered on the court, just wait until you read what he has to say in these pages.
