Sensing Hands Grove/Atlantic, Inc. For more than thirty years the Monks of New Skete have been among America's most trusted authorities on dog training, canine behavior, and the animal/human bond. In their two now-classic bestsellers, *How to be Your Dog's Best Friend* and *The Art of Raising a Puppy*, the Monks draw on their experience as long-time breeders of German shepherds and as trainers of dogs of all breeds to provide--brilliantly distilled--the indispensable information and advice that every dog owner needs. This new edition of *The Art of Raising a Puppy* features new photographs throughout, along with updated chapters on play, crating, adopting dogs from shelters and rescue organizations, raising dogs in an

urban environment, and the latest developments in canine health and canine behavioral theory.

*Gulliver's Travels* Imb Publishing  
 Traducere de Casia Zaharia Această carte clasică a părintelui etologiei moderne se deschide cu întrebarea: Cum s-a născut prietenia dintre om și câine? Cândva în epoca de piatră, arată Lorenz, foamea și nevoia i-au împins pe om și pe strămoșul câinelui domestic să intre într-un parteneriat reciproc avantajos, din care avea să se dezvolte în decursul mileniilor o relație cum nu mai e alta între două specii. La casa sa din Altenberg, de lângă Viena, Lorenz a ținut fel de fel de animale, de la câini și găște până la maimuțe și pești. Reunind într-un mod fericit puterea de observație a omului de știință cu empatia iubitorului de animale, autorul descifrează resorturile subtile ale comportamentului canin în situații cunoscute de noi toți.

Dintr-o suită de întâmplări hazlii, adorabile, aflăm ce transmit expresiile faciale și corporale ale câinilor (și pisicilor), cum putem explica emoțiile și reacțiile lor, ce anume înțeleg ei din limbajul omenesc sau cum se raportează la copii și la puii congenerilor lor. Revelatoare pentru comportamentul companionilor noștri patrupezi, fermecătoare prin scenele relatate, cartea lui Konrad Lorenz a captivat, de la apariția ei în 1950, milioane de cititori din întreaga lume.

 The Monks of New Skete THE ART OF RAISING A PUPPY The authors of the

classic guide *How to Be Your Dog's Best Friend* now tell you everything you need to know about the crucial first months of your puppy's life. From the decision to adopt a pup through the practical steps of choosing the right breed, preparing your home, caring for your new charge, and practicing basic obedience exercises, the Monks of New Skete offer clear, compassionate guidelines for raising a puppy. Renowned for breeding German shepherds, the Monks train their own beautiful dogs, and dogs of any breed, according to a unique program based on understanding canine behavior and enhancing the bond between dog and owner. This communion begins in puppyhood and is based on deep respect and affection. Improper care, poor training, or a lack of attention during the early months can lead to problem behaviors that become increasingly difficult to alter as your dog matures. By learning to gently assert your dominance from the start, you'll build a lasting and loving relationship with your pup. This complete guide, illustrated with more than eighty black-and-white photographs, explains the stages of puppy development, how to communicate with your pup, how to begin a complete training program, and how to deal with common problems like chewing, jumping up, and paper-training. The kind of fulfillment a solid relationship with your pup can bring is demonstrated in the stories of three dogs who have assumed special places in their owners' lives. *The Art of Raising a Puppy* is an essential source of wisdom, information, and inspiration for anyone who loves and cares for a puppy. As a community, the Monks of New Skete have been breeding, raising, and training dogs for more than twenty years. New Skete Monastery is located in Cambridge, New York.

*White Fang* is a novel by American author Jack London and the name of the book's eponymous character, a wild wolf-dog. Much of *White Fang* is written from the viewpoint of the titular canine character, enabling London to explore how animals view their world and how they view humans. *White Fang* examines the violent world of wild animals and the equally violent world of humans. The book also explores complex themes including morality and redemption. The story begins before the three-quarters wolf-dog hybrid is born, with two men and their sled dog team on a journey to deliver a coffin to a remote town named Fort McGurry in the higher area of the Yukon Territory, Canada. The men, Bill and Henry, are stalked by a large pack of starving wolves over the course of several days. Finally, after all of their dogs and Bill have been eaten, four more teams find Henry trying to escape from the wolves; the wolf pack scatters when they hear the large group of people coming. The story then follows the

pack, which has been robbed of its last prey. When the pack finally brings down a moose, the famine is ended; they eventually split up, and the story now follows a she-wolf and her mate, One Eye. The she-wolf gives birth to a litter of five cubs by the Mackenzie River, and all but one die from hunger. One Eye is killed by a lynx while trying to rob its den for food for the she-wolf and her cub; his mate later discovers his remains near the lynx's den. The surviving cub and the she-wolf are left to fend for themselves. Shortly afterward, the she-wolf kills all the lynx kittens, prompting the lynx to track her down, and a vicious fight breaks out. The she-wolf eventually kills the lynx but suffers severe injury; the lynx carcass is devoured over a period of seven days.

From the Man Booker Prize-nominated author of *Sleeping on Jupiter* and “one of India’s greatest living authors” (O, The Oprah Magazine), a poignant and sweeping novel set in India during World War II and the present day about a son’s quest to uncover the truth about his mother. In my childhood, I was known as the boy whose mother had run off with an Englishman. The man was in fact German, but in small-town India in those days, all white foreigners were largely thought of as British. So begins the “gracefully wrought” (Kirkus Reviews) story of Myshkin and his mother, Gayatri, who rebels against tradition to follow her artist’s instinct for freedom. Freedom of a different kind is in the air across India. The fight against British rule is reaching a critical turn. The Nazis have come to power in Germany. At this point of crisis, two strangers arrive in Gayatri’s town, opening up to her the vision of other possible lives. What took Myshkin’s mother from India and Dutch-held Bali in the 1930s, ripping a knife through his comfortingly familiar universe? Excavating the roots of the world in which he was abandoned, Myshkin comes to understand the connections between the anguish at home and a war-torn universe overtaken by patriotism. Evocative and moving, “this mesmerizing exploration of the darker consequences of freedom, love, and loyalty is an astonishing display of Roy’s literary prowess” (Publishers Weekly).

From the Israeli author of *Love Life*: “a highly polished and . . . beautifully written story that carries great weights of meaning” (Kirkus Reviews). Zeruya Shalev achieved international literary stardom with her novel *Love Life*, which The Washington Post Book World called “a brutally honest and often brilliant tour of individual and family psychology.” In *Husband and Wife*, she takes us into the heartbreak and compromise of a diseased marriage that may or may not be capable of healing. Na’ama and Udi Newman, together with their young daughter Noga, lead a quiet domestic life. But their idyll abruptly ends when Udi—a perfectly healthy man—wakes up one morning unable to move his legs. The doctors can find no physical explanation for his

paralysis. It appears to be a symptom, not of illness, but of something far more insidious. This mysterious disruption soon reveals a vicious cycle of jealousy, paranoia, resentment, and accumulated injuries that now threaten to tear their small family apart. In a rush of hallucinogenic imagery, *Husband and Wife* captures the vulnerability and deceptive comforts of lives intertwined, offering “an acutely intimate portrait of a relationship” (Donna Rifkind, *The Baltimore Sun*).

“Nearly impossible to look away from.”
