JAZLYN KENDRA

Fabric of a Nation University of Georgia Press
Herman Melville and Nathaniel Hawthorne met in 1850 and enjoyed for sixteen months an intense but brief friendship. Taking advantage of new interpretive tools such as queer theory, globalist studies, political and social ideology, marketplace analysis, psychoanalytical and philosophical applications to literature, masculinist theory, and critical studies of race, the twelve essays in this book focus on a number of provocative personal, professional, and literary ambiguities existing between the two writers. Jana L. Argersinger and Leland S. Person introduce the volume with a lively summary of the known biographical facts of the two writers' relationship and an overview of the relevant scholarship to date. Some of the essays that follow broach the possibility of sexual dimensions to the relationship, a question that "looms like a grand hooded

phantom" over the field of Melville-Hawthorne studies. Questions of influence--Hawthorne's on Moby-Dick and Pierre and Melville's on The Blithedale Romance, to mention only the most obvious instances--are also discussed. Other topics covered include professional competitiveness; Melville's search for a father figure; masculine ambivalence in the marketplace; and political-literary aspects of nationalism, transcendentalism, race, and other defining issues of Hawthorne and Melville's times. Roughly half of the essays focus on biographical issues; the others take literary perspectives. The essays are informed by a variety of critical approaches, as well as by new historical insights and new understandings of the possibilities that existed for male friendships in nineteenth-century American culture.

The Federalist Papers Stanford University Press

One of Commonwealth Editions' perennials: Bonnie McGrath's photos of Walden matched with quotations from Thoreau's Walden.

A Discourse Concerning Western Planting Teachers College Press
Before the 99% occupied Wall Street... Before the concept of

social justice had impinged on the social conscience... Before the social safety net had even been conceived... By the turn of the 20th Century, the era of the robber barons, Andrew Carnegie (1835-1919) had already accumulated a staggeringly large fortune; he was one of the wealthiest people on the globe. He guaranteed his position as one of the wealthiest men ever when he sold his steel business to create the United States Steel Corporation. Following that sale, he spent his last 18 years, he gave away nearly 90% of his fortune to charities, foundations, and universities. His charitable efforts actually started far earlier. At the age of 33, he wrote a memo to himself, noting ..".The amassing of wealth is one of the worse species of idolatry. No idol more debasing than the worship of money." In 1881, he gave a library to his hometown of Dunfermline, Scotland. In 1889, he spelled out his belief that the rich should use their wealth to help enrich society, in an article called "The Gospel of Wealth" this book. Carnegie writes that the best way of dealing with wealth inequality is for the wealthy to redistribute their surplus means in a responsible and thoughtful manner, arguing that surplus wealth produces the greatest net benefit to society when it is administered carefully by the wealthy. He also argues against extravagance, irresponsible spending, or self-indulgence, instead promoting the administration of capital during one's lifetime toward the cause of reducing the stratification between the rich and poor. Though written more than a century ago, Carnegie's words still ring true today, urging a better, more equitable world through greater social consciousness.

Society, Politics, and the Market Revolution, 1815-1848 W. W. Norton & Company

Equip your students to excel on the AP® United States History Exam, as updated for 2016 Features "flexibility designed to use in a one-semester or one-year course "divided into nine chronological periods mirroring the structure of the new AP® U.S. College Board Curriculum Framework, the text reflects the Board's effort to focus on trends rather than isolated facts "each period features a one-page overview summarizing the major developments of the period and lists the three featured Key Concepts from the College Board Curriculum Framework "each Think As a Historian feature focuses on one of the nine historical thinking skills that the AP® exam will test "each chapter narrative concludes with Historical Perspectives, a feature that addresses the College Board emphasis on how historians have interpreted the events of the chapter in various ways "the chapter conclusion features a list of key terms, people, and events organized by theme, reflecting the College Board's focus on asking students to identify themes, not just events "chapter assessments include eight multiple-choice items, each tied to a source as on the new AP® exam, as well as four short-answer questions "period reviews include both long-essay questions and Document-Based Questions in the format of those on the AP® exam, as updated for 2016

5 Steps to a 5: AP U.S. History 2021

The Oxford History of the United States is by far the most respected multi-volume history of our nation. In this Pulitzer prize-winning, critically acclaimed addition to the series, historian Daniel Walker Howe illuminates the period from the battle of New Orleans to the end of the Mexican-American War, an era when the United States expanded to the Pacific and won control over

the richest part of the North American continent. A panoramic narrative, *What Hath God Wrought* portrays revolutionary improvements in transportation and communications that accelerated the extension of the American empire. Railroads, canals, newspapers, and the telegraph dramatically lowered travel times and spurred the spread of information. These innovations prompted the emergence of mass political parties and stimulated America's economic development from an overwhelmingly rural country to a diversified economy in which commerce and industry took their place alongside agriculture. In his story, the author weaves together political and military events with social, economic, and cultural history. Howe examines the rise of Andrew Jackson and his Democratic party, but contends that John Quincy Adams and other Whigs--advocates of public education and economic integration, defenders of the rights of Indians, women, and African-Americans--were the true prophets of America's future. In addition, Howe reveals the power of religion to shape many aspects of American life during this period, including slavery and antislavery, women's rights and other reform movements, politics, education, and literature. Howe's story of American expansion culminates in the bitterly controversial but brilliantly executed war waged against Mexico to gain California and Texas for the United States. Winner of the New-York Historical Society American History Book Prize Finalist, 2007 National Book Critics Circle Award for Nonfiction *The Oxford History of the United States* The Oxford History of the United States is the most respected multi-volume history of our nation. The series includes three Pulitzer Prize winners, a New York Times bestseller, and winners of the Bancroft and Parkman Prizes. The

Atlantic Monthly has praised it as "the most distinguished series in American historical scholarship," a series that "synthesizes a generation's worth of historical inquiry and knowledge into one literally state-of-the-art book." Conceived under the general editorship of C. Vann Woodward and Richard Hofstadter, and now under the editorship of David M. Kennedy, this renowned series blends social, political, economic, cultural, diplomatic, and military history into coherent and vividly written narrative.

strategies, and two full-length practice tests with detailed answers explanations.

Give Me Liberty!, 6th Brief Edition (Volume 1) Perfection Learning
Students preparing for the Advanced Placement U.S. History exam will welcome this revised and updated set of flash cards. The cards encompass the entire AP course and offer students the flexibility to study American history in ways not available with textbooks and study guides. The 500 cards run chronologically from the Colonial era of the early 1600s to the present day, and are divided into seven general categories: Arts and Sciences, Domestic Policies, Presidential Matters, Wars and Foreign Relations, Economy and Business, Legal Issues, and Society and Culture. They are numbered and labeled so that students can arrange them within a chronological time frame or according to any of the above-noted categories. Students can use the enclosed metal ring to rearrange the cards in any order that fits their study needs. Each card has a small corner punch hole to accommodate the ring.

American Government: Stories of a Nation Read Books Ltd

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their

many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Walden Pond W. W. Norton

The leading U.S. history textbook, with a new focus on "Who is an American?"

Letter Of Christopher Columbus To Rafael Sanchez, Written On Board The Caravel While Returning From His First Voyage Gray Rabbit Publishing

The leading U.S. history textbook, with a new focus on "Who is an American?"

America's History Commonwealth Editions

A political history of how the fledgling American republic developed into a democratic state offers insight into how historical beliefs about democracy compromised democratic progress and identifies the roles of key contributors.

U.S. History Macmillan Higher Education

American history is people, events, places, documents, art, inventions, literature. In other words - American history is everything about the adventures of all Americans - past and present ... [This book] helps you learn about your nation's past by organizing its history around 10 themes. [These] themes help you understand events in the past and how they affect you today.-p. xvi.

The Americans W. W. Norton

Reprint of the original, first published in 1859. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.

Washington's Farewell Address to the People of the United States, 1796 McGraw Hill Professional

U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both

the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.
