The romance between Tessa and Harry continues as forces try to tear them apart. By the author of After Ever Happy and After We Fell. Original.

Hachette UK

The eagerly awaited English translation of Kaddour's award-winning novel of clashing cultures during the French colonial years Gather together French colonialists, young nationalists eager for independence, and local Maghreb leaders in a small North African city of the 1920s. Bring a collection of brash American filmmakers and celebrities into the picture. Dangerous cultural collisions are the inevitable result in Hédi Kaddour's best-selling novel of French colonial rule and its persisting legacy of human chaos and cultural tragedy. In this commanding novel, the author plumbs the contradictions of colonialism and the impact on individual lives. With insight, humor, and a profound sense of irony he introduces Les Prépondérants—"The Preponderants," an unofficial group of peddlers of influence who operate at every level of colonial society. American

"Hollywood" values, Islamic and secular politics, French manners—none of them escapes Kaddour's skewering wit. Filled with rich irony and wonderful characters, this is a novel that grapples forcefully with colonial relations in the Arabic, North African, and French worlds, while also journeying into the simmering Europe and United States of the Roaring Twenties.

A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday,

October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.

**Simple Prayer Book** Scholastic UK

A smart and funny book by a prominent Harvard psychologist, which uses groundbreaking research and (often hilarious) anecdotes to show us why we're so lousy at predicting what will make us happy – and what we can do about it. Most of us spend our lives steering ourselves toward the best of all possible futures, only to find that tomorrow rarely turns out as we had expected. Why? As Harvard psychologist Daniel Gilbert explains, when people try to imagine what the future will hold, they make some basic and consistent mistakes. Just as memory plays tricks on us when we try to look backward in time, so does imagination play tricks when we try to look forward. Using cutting-edge research, much of it original, Gilbert shakes, cajoles, persuades, tricks and jokes us into accepting the fact that happiness is not really what or where we thought it was. Among the unexpected questions he poses: Why are conjoined twins no less happy than the general population? When you go out to eat, is it better to order your favourite dish every time, or to try something new? If Ingrid Bergman hadn't gotten on the plane at the end of Casablanca, would she and Bogey have been better off? Smart, witty, accessible and laugh-out-loud funny, *Stumbling on Happiness* brilliantly describes all that science has to tell us about the uniquely human ability to envision the future, and how likely we are to enjoy it when we get there.

Greene's fine sense of humor is displayed in this warm and far-reaching comic novel, *Travels with My Aunt*, a bestseller when it appeared originally. At his mother's funeral, Henry Pulling, a stuffy, retired bank manager with an interest in dahlias, meets his Aunt Augusta. The indomitable Aunt Augusta pulls Henry along on a whirlwind adventure traveling with an old lover, Wordsworth; Curran, the founder of a doggies' church; O'Toole, the C.I.A. man obsessed by statistics and his counter-culture daughter; and old Mr. Visconti, who has been wanted by Interpol for twenty years. Henry describes their activities with shock and bewilderment, and finally with the tenderness, of a fellow traveler going their way. Copyright © Libri GmbH. All rights reserved.

From the renowned journalist comes this intimate account of his years in the field, traveling for the first time beyond the Iron Curtain to India, China, Ethiopia, and other exotic locales. In the 1950s,

Ryszard Kapuscinski finished university in Poland and became a foreign correspondent, hoping to go abroad – perhaps to Czechoslovakia. Instead, he was sent to India – the first stop on a decades-long tour of the world that took Kapuscinski from Iran to El Salvador, from Angola to Armenia. Revisiting his memories of traveling the globe with a copy of Herodotus' *Histories* in tow, Kapuscinski describes his awakening to the intricacies and idiosyncrasies of new environments, and how the words of the Greek historiographer helped shape his own view of an increasingly globalized world. Written with supreme eloquence and a constant eye to the global undercurrents that have shaped the last half-century, *Travels with Herodotus* is an exceptional chronicle of one man's journey across continents.

L'attività di fund raising costituisce uno dei momenti fondamentali della vita di molte organizzazioni che operano nel non profit, indipendentemente dalle loro dimensioni o dall'ambito in cui queste decidano di agire: soltanto attraverso una raccolta fondi efficiente, infatti, sono possibili la sopravvivenza e lo sviluppo di un ente senza fini di lucro e, quindi, in ultima analisi, il raggiungimento dei suoi scopi. Il libro di Hank Rosso, presentato per la prima volta ai lettori italiani nella sua seconda edizione - curata da Eugene R. Tempel e, per il nostro paese, da Valerio Melandri - è internazionalmente considerato il volume fondamentale in materia di raccolta fondi per le organizzazioni no profit. Il testo illustra tutti i fondamenti concettuali della figura del fundraiser: attraverso numerosi esempi pratici, esamina i principi e le metodologie alla base della professione. Affronta le tecniche di pianificazione e selezione delle strategie per tutte le attività e gli strumenti della raccolta fondi: dalla costruzione della buona causa alla negoziazione con i donatori, fino alla gestione di un database o di una campagna di raccolta, senza tralasciare il dibattito sull'aspetto etico.
