The Time for Turning Alfred Music

American Cycle, a sequence of long poems inspired by our
folklore and past, was written over forty-seven years. Its themes
are love, local mythology, history, justice, memory,
accomplishment, time. "The books are extraordinary, sustained
explosions of authentic American language and energy. Each is
entirely different from the others in style, voice, form and
narrative content; each so rich in imagery and nuance and
texture and event and so finely crafted. . . " —Paul Williams,
author of *Bob Dylan: Performing Artist*. American Cycle holds

Spanish words loaned from Old California, rough colloquialisms in Paul Bunyan, the power of African-American vernacular English in John Henry, bare oratory in Chief Joseph, old west phrases in Wyatt Earp, circus ballyhoo in P. T. Barnum, aviation jargon in Amelia Earhart, backwoods dialect in Blue Ridge. As Walt Whitman says, "I hear America singing, the varied carols. . ."

Dwight's Journal of Music Vocal Warm-ups 200 Exercises for Chorus and Solo Singers

What choral conductor or soloist has not looked around for new ideas for warming up the voice? Here are 200 suggestions all at once! And these creative exercises do more than just warm up the voice: they help to relax the body, train the ear and develop an awareness of dynamics and rhythm. "Klaus Heizmann's collection is a wonderful new resource of ideas and techniques: practical, varied, challenging, relaxing and stimulating. I am always looking for new ideas, as I like to use a different set of warm-ups at every rehearsal with my choirs, and I tend to choose specific exercises to suit the repertoire for the day. This collection gives us 200 excellent "tools-of-the-trade"; they are clearly labeled, intelligently set out, well-designed and extremely useful." (Simon Carrington, Director of Choral Activities, New England Conservatory since 2001; Director of Choral Activities, The University of Kansas 1994-2001; Founder and co-director of the King's Singers 1968-1993)

This arrangement of the Christmas classic is written in the style of a nocturne, with expression marking "andante cantabile con rubato" and featuring an arpeggiated left-hand accompaniment

throughout. The melody in the right hand is stated once with ascending scalar passages and then reharmonized in the repetition.

The study of string instruments should include ensemble playing at the earliest possible stage. There is much to be gained from the playing of duets. Each player learns how to listen to the other, and in a short time develops an awareness of balance, musical phrasing, intonation, and tone quality. This type of training is excellent preparation for participation in large groups. These four volumes of duets for two violins will help fill the need for early ensemble experience in the public schools. They should be used in string classes as a supplement to any of the standard string methods. They will also encourage music making outside of the school, with parents or with other students. These duets are ideal for recitals in the public schools and in public school

festivals. They may be played by two performers, or by multiple performers on each part, with or without piano accompaniment.
