John Wiley & Sons

For the first time a book finally combines field experience with the fundamentals of turf science to help you understand the concepts involved in proper grown-in management, and to troubleshoot problems on-site throughout the management process. A major goal of this unique handbook is to outline and detail the numerous quality control issues that face golf course superintendents and managers--to serve as a guideline for the multitude of questions that need to be addressed before, during and after construction. It stresses the magnitude and importance of finish construction and grow-in as it relates to turf maintenance, turf performance and the playability of the course--from its opening into the future. A great resource to help educate owners and developers about the details of the grow-in sequence and its budgetary requirements.

The dean of American golf writers pays tribute to the nation's greatest tournament. Over the course of his forty-year career at the *New Yorker* and *Sports Illustrated*, Herbert Warren Wind covered the game of golf from many different angles, providing readers with eloquent insights on the iconic courses of Scotland as well as Bing Crosby's lifelong love affair with the sport. But no aspect of golf was closer to Wind's heart, or more intimately associated with his name, than the annual Masters Tournament at Augusta National Golf Course. Recounting Arnold Palmer's victory in 1958, Wind coined the phrase "Amen Corner" to describe the fateful stretch of golf course including the 11th, 12th, and 13th holes. To celebrate the fiftieth anniversary of the first Augusta National Invitation, held in 1934, Wind eloquently recounted a half-century's worth of highlights, from Bobby Jones's original vision of an informal competition between his old friends and the game's rising stars, to Ben Crenshaw's impressive defeat of Tom Watson in the 1984 tournament. Full of the grand traditions—including green jackets, purple azaleas, and white jumpsuits—and dramatic moments that have made the Masters the most entertaining of the four major championships, *America's Gift to Golf* brings the history of this majestic tournament to vivid life and testifies to the enduring legacy of Herbert Warren Wind.
