Recent scholarship on the historical Jesus has rightly focused upon how Jesus understood his own mission. But no scholarly effort to understand the mission of Jesus can rest content without exploring the historical possibility that Jesus envisioned his own death. In this careful and far-reaching study, Scot McKnight contends that Jesus did in fact anticipate his own death, that Jesus understood his death as an atoning sacrifice, and that his death as an atoning sacrifice stood at the heart of Jesus' own mission to protect his own followers from the judgment of God.

Lesser Feasts and Fasts had not been updated since 2006. This updated edition, adopted at the 79th General Convention (resolution A065), fills that need. Biographies and collects associated with those included within the volume have been updated; a deliberate effort has been made to more closely balance the men and women represented within its pages.

Commentary on Matthew Alpha Edition

The first comprehensive, one-volume reference work to consider the history of world missions and contemporary study of the subject from an evangelical perspective.

A Literary and Biographical History Baylor University Press

Utilizing Erastus's correspondence, this book offers a synthetic treatment of Erastus's career in the Palatinate including his role in the territory's conversion, the Heidelberg Catechism, the church discipline controversy, as well as his refutation of Paracelsus and Johann Weyer.

Jesus and His Death University of Notre Dame Press

The history of Catholicism is the history of Christian faith. Anthony E. Gilles traces its development—from its beginnings in hushed gatherings within the Roman Empire to its current size and influence—in an accessible and enjoyable style. A revised and updated compilation of the history volumes from his best-selling *People of God* series, this book will help you understand how the Church developed in relation to, or in rebellion against, the larger culture. It details centuries of crucial turning points from the development of apostolic succession to the implementation of the reforms of Vatican II. Complete with maps, timelines and special "focus" sections on important events and issues, this valuable resource belongs in the collection of every student of Church history.

The New Open Bible London, Williams

This book investigates the actions of marriage tribunals by analyzing the richest source of marriage suits extant in Italy, those of the Venetian ecclesiastical tribunal, between 1420 and the opening of

the Council of Trent. It offers a strongly representative overview of the changes the Council introduced to centuries-old marriage practices, relegating it to the realm of marginality and deviance and nearly erasing the memory of it altogether. From the eleventh century onward, the Church assured itself of a jurisdictional monopoly over the matter of marriage, operating both in concert and in conflict with secular authorities by virtue of marriage's civil consequences, the first of which regarded the legitimacy of children. Secular tribunals were responsible for patrimonial matters between spouses, though the Church at times inserted itself into these matters either directly, by substituting itself for the secular authority, or indirectly, by influencing Rulings through their own sentences. Lay magistratures, for their part, somewhat eroded the authority of ecclesiastical tribunals by continuing to exercise autonomous jurisdiction over marriage, especially regarding separation and crimes strictly connected to the nuptial bond and its definition, including adultery, bigamy, and rape.

Evangelical Dictionary of World Missions Paulist Press

This book is a compilation of information about the call to ministry and the avenues The United Methodist Church offers to embody that call. It is based in the concept of servant ministry and servant leadership presented by the Council of Bishops.

Philipose Mar Chrysostom, b. 1918, 20th metropolitan of Mar Thoma Syrian Church of Kerala, India.

M.A. Chakko Sapientia Press Ave Maria Univ

Throughout its history the Catholic Church has taken positions on many subjects that are in one sense political, but in another sense are primarily moral, such as contraception, homosexuality, and divorce. One such issue, abortion, has split not only the United States, but Catholics as well. Catholics had to confront these issues within the framework of a democratic society that had no official religion. *Abortion, Religious Freedom, and Catholic Politics* is a study of opposing American Catholic approaches to abortion, especially in terms of laws and government policies. After the ruling of *Roe vs. Wade*, many pro-life advocates no longer felt their sentiments and moral code aligned with Democrats. For the first time, Catholics, as an entire group, became involved in U.S. politics. Abortion became one of the principal points of division in American Catholicism: a widening split between liberal Catholic Democrats who sought to minimize the issue and other Catholics, many of them politically liberal, whose pro-life commitments caused them to support Republicans. James Hitchcock discusses the 2016 presidential campaign and how it altered an already changed political landscape. He also examines the Affordable Care Act, LGBT rights, and the questions they raise about religious liberty.

Flourishing in Faith Church Publishing, Inc.

What kind of natural desire is this? How can there be a natural desire for what can only be supernaturally obtained? How can such a desire be reconciled with the gratuitousness of grace and glory? What are its implications for apologetics? These and similar questions have caused a debate

to rage for centuries over the proper interpretation of the natural desire to see God. This work seeks to determine the nature of this desire and its relationship with the supernatural order through an examination of the thought of St. Thomas and some of his most prominent interpreters, including Scotus, Cajetan, Suárez, and Henri de Lubac.

The Natural Desire to See God According to St. Thomas Aquinas and His Interpreters Bowdoin College

St. Jerome (347-420) has been considered the pre-eminent scriptural commentator among the Latin Church Fathers. His Commentary on Matthew, written in 398 and profoundly influential in the West, appears here for the first time in English translation.

Christian Topography of Cosmas Transaction Publishers

This book is a contemporary, scripture-rich, and visual exploration of the Catholic faith for young adults. There are chapter profiles on Christian role models from both ancient and modern times, and discussions of contemporary events from a Christian perspective. (Adapted from back cover).

The History and Growth of the Mar Thoma Church Franciscan Media

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

Flourishing in Faith: Theology Encountering Positive Psychology explores the fascinating dialogue between two scholarly traditions concerned with personal wellbeing, Christian theology and Positive Psychology, primarily from the perspective of theology. Although each works within different paradigms and brings different fundamental assumptions about the nature of the world, both are oriented toward that which leads to human flourishing and contentment. In such an encounter, can both disciplines learn from one another? Do they challenge each other? How can they enrich and or critique each other? With the widespread emergence of Positive Psychology in educational, church,

and community settings across the world, many of which self-identify with the Christian tradition, many are wondering how this new branch of psychology integrates with traditional Christian belief and practice. This groundbreaking book explores this question from a diversity of perspectives: theology, biblical studies, education, psychology, social work, disability studies, and chaplaincy, from scholars and practitioners working in Australia and the United States.

People of God Gale

These essays offer a historically rigorous dismantling of Western claims about the superiority of celibate priests. Although celibacy is often seen as a distinctive feature of the Catholic priesthood, both Catholic and Orthodox Churches in fact have rich and diverse traditions of married priests. The essays contained in *Married Priests in the Catholic Church* offer the most comprehensive treatment of these traditions to date. These essays, written by a wide-ranging group that includes historians, pastors, theologians, canon lawyers, and the wives and children of married Roman Catholic, Eastern Catholic, and Eastern Orthodox priests, offer diverse perspectives from many countries and traditions on the subject, including personal, historical, theological, and canonical accounts. As a collection, these essays push especially against two tendencies in thinking about married priesthood today. Against the idea that a married priesthood would solve every problem in Catholic clerical culture, this collection deromanticizes and demythologizes the notion of married priesthood. At the same time, against distinctively modern theological trends that posit the superiority, apostolicity, and "ontological" necessity of celibate priests, this collection refutes the claim that priestly ordination and celibacy must be so closely linked. In addressing the topic of married priesthood from both practical and theoretical angles, and by drawing on a variety of perspectives, *Married Priests in the Catholic Church* will be of interest to a wide audience, including historians, theologians, canon lawyers, and seminary professors and formators, as well as pastors, parish leaders, and laypeople. Contributors: Adam A. J. DeVille, David G. Hunter, Dellas Oliver Herbel, James S. Dutko, Patrick Viscuso, Alexander M. Laschuk, John Hunwicke, Edwin Barnes, Peter Galadza, David Meinzen, Julian Hayda, Irene Galadza, Nicholas Denysenko, William C. Mills, Andrew Jarmus, Thomas J. Loya, Lawrence Cross, and Basilio Petrà.
