*A Tapestry of
Witches*

This must-
read for lovers
of Stephen
King's *The
Shining* will
leave readers
breathless as
Seda and her
family find
themselves at

the mercy of a
murderer in
an isolated
and
snowbound
hotel. Get
ready for what
Kirkus calls "A
bloody,
wonderfully
creepy scare
ride." When
her mom
inherits an
old, crumbling
mansion,
Seda's almost
excited to
spend the
summer there.
The grounds
are beautiful
and it's fun to
explore the
sprawling
house with its
creepy rooms
and secret
passages.
Except now
her mom
wants to
renovate,
rather than
sell the
estate—which
means they're
not going back

to the city...or Seda's friends and school. As the days grow shorter, Seda is filled with dread. They're about to be cut off from the outside world, and she's not sure she can handle the solitude or the darkness it brings out in her. Then a group of teens get stranded near the mansion during a blizzard. Seda has no choice but to offer them shelter, even though she knows danger lurks in the dilapidated

mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality...

 The story of the aftermath of World War I, a transformative time when a new world seemed possible—told from the vantage of people, famous and ordinary, who lived through the turmoil November 1918. The Great War has left Europe in ruins, but with the end of hostilities, a radical new

start seems not only possible, but essential, even unavoidable. Unorthodox ideas light up the age: new politics, new societies, new art and culture, new thinking. The struggle to determine the future has begun. Sculptor Käthe Kollwitz, whose son died in the war, is translating sorrow and loss into art. Captain Harry Truman is running a men's haberdashery in Kansas City,

hardly expecting he will soon go bankrupt—and then become president of the United States. Moina Michael is about to invent the “remembrance poppy,” a symbol of sacrifice that will stand for generations to come. Meanwhile Virginia Woolf is questioning whether that sacrifice was worth it, and George Grosz is so revolted by the violence on the streets of Berlin that he decides everything is

meaningless. For rulers and revolutionaries, a world of power and privilege is dying—while for others, a dream of overthrowing democracy is being born. With novelistic virtuosity, Daniel Schönplüg describes this watershed time as it was experienced on the ground—open-ended, unfathomable, its outcome unclear. Combining a multitude of acutely observed details, Schönplüg

shows us a world suspended between enthusiasm and disappointment, in which the window of opportunity was suddenly open, only to quickly close shut again.

Mark Bertrand first met in a Houston critique group, they never expected where friendship would take them. She wrote romance; he wrote crime novels. But growing respect for each other's

work culminated in the decision to try blending their talents into this wonderfully engaging story merging romance and mystery. Rylee Monroe walks dogs in old-money Charleston, a part of the city recently targeted by a daring thief. Logan Woods works the crime beat for the local paper but dreams of a life as a nonfiction writer. When the string of robberies takes a strange twist,

Logan sees the making of a once-in-a-lifetime book that seems to circle around this charming, eye-catching dogwalker. But pursuing the truth means ignoring that he seems to be falling for her. And what is she hiding in her past that could crack the story wide open?
