"I've fought every kind of barbarian, but the Britons are by far the worst..." Marcus is excited about travelling to Britannia, the island at the edge of the world. But the Britons are savages who tattoo themselves and take the heads of their enemies in battle. They won't bow down to the rule of Rome. As Marcus travels to meet his father he meets a barbarian chief instead and his destiny is changed forever, along with that of Britannia...

A Sourcebook in Roman Social History Cambridge University Press

Learn why the Roman Republic collapsed -- and how it could have continued to thrive -- with this insightful history from an award-winning author. In *Mortal Republic*, prize-winning historian Edward J. Watts offers a new history of the fall of the Roman Republic that explains why Rome exchanged freedom for autocracy. For centuries, even as Rome grew into the Mediterranean's premier military and political power, its governing institutions, parliamentary rules, and political customs successfully fostered negotiation and compromise. By the 130s BC, however, Rome's leaders increasingly used these same tools to cynically pursue individual gain and obstruct their opponents. As the center decayed and dysfunction grew, arguments between politicians gave way to political violence in the streets. The stage was set for destructive civil wars -- and ultimately the imperial reign of Augustus. The death of Rome's Republic was not inevitable. In *Mortal Republic*, Watts shows it died because it was allowed to, from thousands of small wounds inflicted by Romans who assumed that it would last forever.

As the Romans Did Anchor

The Romans: An Introduction, 3rd edition engages students in the study of ancient Rome by exploring specific historical events and examining the evidence. This focus enables students not only to learn history and culture but also to understand how we recreate this picture of Roman life. The thematic threads of individuals and events (political, social, legal, military conflicts) are considered and reconsidered in each chapter, providing continuity and illustrating how political, social, and legal norms change over time. This new edition contains extensive updated and revised material designed to evoke the themes and debates which resonate in both the ancient and modern worlds: class struggles, imperialism, constitutional power (checks & balances), the role of the family, slavery, urbanisation, and religious tolerance. Robust case studies with modern parallels push students to interpret and analyze historical events and serve as jumping off points for multifaceted discussion. New features include: Increased emphasis on developing skills in interpretation and analysis which can be used across all disciplines. Expanded historical coverage of Republican history and the Legacy of Rome. An expanded introduction to the ancient source materials, as well as a more focused and analytical approach to the evidence, which are designed to engage the reader further in his/her interaction and interpretation of the material. A dedicated focus on specific events in history that are revisited throughout the book that fosters a richer, more in-depth understanding of key events. New maps and a greater variety of illustrations have been added, as well as updated reading lists. A further appendix on Roman nomenclature and brief descriptions of Roman authors has also been provided. The book's successful website has been updated with additional resources and images, including on-site videos from ancient sites and case studies which provide closer "tutorial" style treatment of specific topics and types of evidence. Those with an interest in classical language and literature,

ancient history, Roman art, political and economic systems, or the concept of civilization as a whole, will gain a greater understanding of both the Romans and the model of a civilization that has shaped so many cultures.

A Brief History of the Romans Psychology Press

A concise and accessible account of one of the largest, longest-lasting, and most influential empires in world history, ancient Rome. This one-volume history of the Roman world begins with the early years of the republic and carries the story nearly a thousand years forward to 476, when Romulus Augustus, the last Western Roman emperor, was deposed. Brian Campbell, respected scholar and teacher, presents a fascinating and wide-ranging introduction to Rome, drawing on an array of ancient sources and covering topics of interest to readers with little prior background in Roman history as well as those already familiar with the great civilization. Campbell explores several themes, including the fall of the republic, the impact of colorful and diverse emperors on imperial politics, the administrative structure of empire, and the Roman army and how warfare affected the Roman world. He also surveys cultural and social life, including religion and the rise of Christianity. Generously enhanced with maps and illustrations, this book is a rich and inspiring account of a mighty civilization and the citizens who made it so. "A lucid survey of Roman history." —Adam Kirsch, *New Yorker* "One of the great joys of Campbell's unfailingly readable account is the readiness with which it returns to the Roman record, drawing on ancient sources to give a lively and immediate feel for Roman life and culture." —Michael Kerrigan, *Scotsman* "[Campbell] masterfully discusses military affairs (as expected from this scholar) . . . Excellent translations of ancient sources enliven the text. . . . Rare will be the scholar who also does not learn from Campbell." —P.B. Harvey Jr., *Choice* Final Judgments University of Chicago Press

"The Twelve Tables" by Anonymous (translated by Paul R. Coleman-Norton). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Discourses on Livy Oxford University Press, USA

In this book, Andrew Riggsby surveys the main areas of Roman law, and their place in Roman life.

Why We're All Romans Yale University Press

Today's information technology often seems to take on a life of its own, spreading into every part of our lives. In the Roman world things were different. Technologies were limited to small, scattered social groups. By examining five technologies—lists, tables, weights and measures, artistic perspective, and mapping—*Mosaics of Knowledge* demonstrates how the Romans broke up a world we might have imagined them to unite. That is, the recording, storage, and recall of information in physical media might be expected to bind together persons distant in time and space. More often than not, however, Roman instances serve to create or reinforce the isolation of particular groups. Persons in different "locations"—whether those are geographical, social, or occupational—had access to quite different informational resources, and the overall situation is thus not controlled by the needs of any particular class or group. On the one hand, these constraints on use in turn constrain the development and power of individual technologies. Development is slow, scattered, and far from one-directional. On the other, seeming technological

weaknesses can turn out to be illusory if we set them in actual use-contexts. Romans deploy no more but also no less "computing" power than needed for very narrowly defined goals. This study combines detailed readings of a wide variety of evidence (inscriptions, small archeological finds, artworks, literary texts) with theoretical consideration of the social, cognitive, and material contexts for their use to present a unique portrait of Roman IT capabilities, limitations, and habits.

A Sourcebook Rowman & Littlefield Publishers

"From kimchi to bibimbap, Joo—who hosts a show on the Cooking Channel—breaks down intimidating dishes."—Entertainment Weekly In *Korean Food Made Simple*, Judy Joo, host of the Cooking Channel's show of the same name and Food Network regular, brings Korean food to the masses, proving that it's fun and easy to prepare at home. As a Korean-American, Judy understands how to make dishes that may seem exotic and difficult accessible to the everyday cook. The book has over 100 recipes including well-loved dishes like kimchi, sweet potato noodles (japchae), beef and vegetable rice bowl (bibimbap), and Korean fried chicken, along with creative, less-traditional recipes like Spicy Pork Belly Cheese Steak, Crazy Korean Burgers, and Fried Fish with Kimchi Mayo and Sesame Mushy Peas. In addition, there are chapters devoted to sauces, desserts, and drinks as well as a detailed list for stocking a Korean pantry, making this book a comprehensive guide on Korean food and flavors.

Enjoying the spotlight as the hot Asian cuisine, Korean food is on the rise, and Judy's bold and exciting recipes are go-tos for making it at home. "This is a stunning book. Forget for a moment it's about the food of Korea. It's just so impressive on many levels. I already crave the Disco fries and Korean eggplant and I won't rest until I have the Korean fried chicken! Judy has written a beautiful, timely, and truly impressive tome, both mouthwatering and so very informative. Julia Child just got a new and wonderful neighbor on my bookshelf."—Geoffrey Zakarian, *Iron Chef*

A Source Book in Roman Social History Simon and Schuster Revised to include new selections and updated bibliographical material, the second edition of this popular sourcebook offers a rich, revealing look at everyday Roman life. It provides clear, lively translations of a fascinating array of documents drawn from Latin and Greek source material—from personal letters, farming manuals, medical texts, and recipes to poetry, graffiti, and tombstone inscriptions. Each selection has been translated into readable, contemporary English. This edition includes more than 50 additional selections that introduce new topics and expand coverage of existing topics. In addition, the commentary on all the selections has been revised to reflect the recent scholarship of social and cultural historians. Extensive annotations, abundant biographical notes, maps, appendices, cross-references to related topics, and a newly-updated bibliography provide readers with the historical and cultural background material necessary to appreciate the selections. Arranged thematically into chapters on family life, housing, education, entertainment, religion, and other important topics, the translations reveal the ambitions and aspirations not only of the upper class, but of the average Roman citizen as well. They tell of the success and failure of Rome's grandiose imperialist policies and also of the pleasures and hardships of everyday life. Wide-ranging and lively, the second edition of *As the Romans Did* offers the most lucid account available of Roman life in all its diversity. Ideal for courses in Ancient Roman History, Social History of Rome, Roman Civilization, and Classics, it will also appeal to readers interested in ancient history.

We Are the Romans Routledge

A celebration of the character and style of one of the world's

most spectacular cities! This vibrant insider's view of the most mature city on earth is the perfect companion for anyone who loves anything Italian. In 1995, after a twenty-year love affair with Italy, Alan Epstein fulfilled his dream to live in Rome. In *As the Romans Do*, he celebrates the spirit of this stylish, dramatic, ancient city that formed the hub of a far-flung empire and introduced the Mediterranean culture to the rest of the world. He also reveals today's Roman men and women in all their appealing contradictions: their gregarious coffee culture; inborn artistic flair; passionate appreciation of good food; instinctive mistrust of technology; showy sex appeal; ingrained charm and expressiveness; surprisingly unusual attitudes toward marriage and religion; and much, much more. Are We Rome? Bloomsbury Academic

Learn Latin from the Romans is the only introductory Latin textbook to feature texts written by ancient Romans for Latin learners. These texts, the 'colloquia', consist of dialogues and narratives about daily life similar to those found in modern-language textbooks today, introducing learners to Roman culture as well as to Latin in an engaging, accessible, and enjoyable way. Students and instructors will find everything they need in one complete volume, including clear explanations of grammatical concepts and how Latin works, both British and American orders for all noun and adjective paradigms, 5,000 easy practice sentences, and over 150 longer passages (from the colloquia and a diverse range of other sources including inscriptions, graffiti, and Christian texts as well as Catullus, Cicero, and Virgil). Written by a leading Latin linguist with decades of language teaching experience, this textbook is suitable for introductory Latin courses worldwide.

A Short Introduction Mitchell Beazley

This lively and original guidebook is the first to show students new to the subject exactly what Roman social history involves, and how they can study it for themselves. After presenting a short history of the development and current position of the discipline, the author discusses the kinds of evidence that can be used, and the full range of resources available. Two case-studies provide practical examples of how to approach sources, and what we can learn from them. Clear, concise and accessible, with all text extracts translated into English, this is the ideal introduction to an increasingly popular subject.

The Christians as the Romans Saw Them Good Press

Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell

A Sourcebook in Roman Social History William Morrow

Step back in time to Ancient Rome and meet some of the many people who lived, worked, and played during that time. From a young slave boy to a fierce gladiator, a washerwoman to a

wealthy lady, and a mosaic artist to the emperor himself - each one will share with you the story of their own daily life. Together, they are the Romans. Featuring 19 different characters from Roman times, as well as an introduction to the Roman world, a map of the empire and a timeline of key events, this book provides a new angle on a classic subject, bringing the ancient world to life.
