In this hilarious collection of observations, Cosby brings us more of his wonderful and wacky

insights into the human condition that are sure to become classics. In the tradition of Fat Albert, I DIDN'T ASK TO BE BORN offers a host of new characters, including Peanut Armhouse and Old Mother Harold. Not since Mushmouth, Dumb Donald, Bucky and the Cosby Kids has there been such a memorable cast. Over the past century few entertainers have achieved the legendary status of William H. Cosby Jr. His success spans five decades and virtually all media-remarkable accomplishments for a kid who emerged from humble beginnings in a Philly housing project. In the tradition of his bestselling books, Fatherhood and Cosbyology, the doctor of comedy holds forth on everything from first love to the Bible. Bill Cosby may not have asked to be born, but we're sure glad he was.

This is Barth's most distinguished masterpiece. This modern classic is a hilarious tribute to all the

most insidious human vices, with a hero who is "one of the most diverting...to roam the world since Candide." "A feast. Dense, funny, endlessly inventive (and, OK, yes, long-winded) this satire of the 18th-century picaresque novel-think Fielding's Tom Jones or Sterne's Tristram Shandy -is also an earnest picture of the pitfalls awaiting innocence as it makes its unsteady way in the world. It's the late 17th century and Ebenezer Cooke is a poet, dutiful son and determined virgin who travels from England to Maryland to take possession of his father's tobacco (or "sot weed") plantation. He is also eventually given to believe that he has been commissioned by the third Lord Baltimore to write an epic poem, The Marylandiad. But things are not always what they seem. Actually, things are almost never what they seem. Not since Candide has a steadfast soul witnessed so many strange scenes or faced so many perils. Pirates, Indians, shrewd prostitutes, armed insurrectionists - Cooke endures them all, plus assaults on his virginity from both women and men. Barth's language is impossibly rich, a wickedly funny take on old English rhetoric and American self-appraisals. For good measure he throws in stories within stories, including the funniest retelling of the Pocahontas tale -revealed to us in the "secret" journals of Capt. John Smith - that anyone has ever dared to tell." —Time Magazine

The busy people are on their way to work. But what do they all do all day? This book answers that question and gives readers a look at hundreds of different jobs and the busy people who do them, like the clock fixer and the lighthouse keeper.

**The Sot-Weed Factor** Golden Books

This exploration of effective practices to support lesbian, gay, bisexual, transgender, queer (LGBTQ) and gender-diverse students in elementary, middle, and high school contexts focuses on curriculum, pedagogy, and school environment. Narratives and artwork from the field are framed by sociocultural and critical theory as well as research-based elaboration on the issues discussed. Applications of antidiscrimination law and policy, as well as learning skills like creativity, collaboration, and critical thinking help teachers tackle some of the most significant educational challenges of our time. The stories of real-world practices offer encouragement for building inclusive environments and enhancing social-emotional relationships among youth, families, and schools. Gender Diversity and LGBTQ Inclusion in K-12 Schools provides a helpful roadmap for educators hoping to create safe and empowering spaces for LGBTQ and gender-diverse students and families.

This whimsical story of a little girl who wakes one morning to discover she has grown antlers has delighted children since it was first published 15 years ago. The perfect Christmas present for any kid looking forward to a visit from Santa's reindeer--or any reader looking for some year-long fun! The family doctor, the school principal, and even Imogene's know-it-all brother, Norman, fail to resolve her dilemma. Imogene, the cook, and the kitchen maid, however, make the best of things, finding unusual uses for Imogene's new horns. Meanwhile, the problem appears to be solved when Imogene awakes the next morning antler-free. But the family (and the reader) are in for a surprise when Imogene comes down to breakfast. . . .

This conference represents the first time in my life when I felt it was a misfortune, rather than a major cause of my happiness, that I do conservation work in New Guinea. Yes, it is true that New Guinea is a fascinating microcosm, it has fascinating birds and people, and it has large expanses of undisturbed rainforest. In the course of my work there, helping the Indonesian government and World Wildlife Fund set up a comprehensive national park system, I have been able to study animals in areas without any human population. But New Guinea has one serious drawback: it has no primates, except for humans. Thus, I come to this conference on primate conservation as an underprivileged and emotionally deprived observer, rather than as an involved participant.

Nevertheless, it is easy for anyone to become interested in primate conservation. The public cares about primates. More specifically, to state things more realistically, many people care some of the time about some primates. Primates are rivaled only by birds, pandas, and the big cats in their public appeal. For some other groups of animals, the best we can say is that few people care about them, infrequently. For most groups of animals, no one cares about them, ever.

"MY SCHOOL STARTS in one week so—I have SEVEN DAYS to go. Mom says be patient, do not worry. But I can't wait! I'm in a hurry!" In this delightful book a little girl counts off the days by naming what she'll do in kindergarten. "I'll be ready, I'll be smart. I will get a running start. I'll say thank you, I'll say please. I will say my ABCs!" And deciding what to wear and what to take are all part of her preparation for that exciting first day. With bouncy read-aloud rhyme, bright, fun illustrations, and hidden objects to find on each page, Kindergarten Countdown gets children off on the right foot.

**Busiest People Ever** Routledge

This set of exercises has been created expressly for students and teachers of conservation biology

and wildlife management who want to have an impact beyond the classroom. The book presents a set of 32 exercises that are primarily new and greatly revised versions from the book's successful first edition. These exercises span a wide range of conservation issues: genetic analysis, population biology and management, taxonomy, ecosystem management, land use planning, the public policy process and more. All exercises discuss how to take what has been learned and apply it to practical, real-world issues. Accompanied by a detailed instructor's manual and a student website with software and support materials, the book is ideal for use in the field, lab, or classroom. Also available: Fundamentals of Conservation Biology, 3rd edition (2007) by Malcolm L Hunter Jr and James Gibbs, ISBN 9781405135450 Saving the Earth as a Career: Advice on Becoming a Conservation Professional (2007) by Malcolm L Hunter Jr, David B Lindenmayer and Aram JK Calhoun, ISBN 9781405167611

The grotesque - the exaggerated, the deformed, the monstrous - has been a well-considered subject for students of comparative literature and art. In a major addition to the literature of art, cultural criticism and feminist studies, Mary Russo re-examines the grotesque in the light of gender, exploring the works of Angela Carter David Cronenberg Bahktin Kristeva Freud Zizek. Mary Russo looks at the portrayal of the grotesque in Western culture and by combining the iconographic and the historical, locates the role of the woman's body in the discourse of the grotesque.

Here's Hank stars the same Hank as in the bestselling Hank Zipzer series, only this time he's in 2nd grade! Hank is a kid who doesn't try to be funny, but he somehow always makes the kids in his class laugh. He's pretty bad at memorizing stuff, and spelling is his worst subject. (But so are math and reading!) In the second book in this new series, Hank has finally persuaded his dad to get the family a dog, and Hank couldn't be more excited! Mesmerized by a little wiener dog chasing his tail (making him look like a Cheerio) at the animal shelter, Hank declares him to be the new Zipzer dog. But when Cheerio gets loose in the park, Mr. Zipzer furiously announces that the dog must go. Can Hank convince his father that he wasn't the one who let Cheerio off his leash, or will he really lose his new pet and best friend?

It was bedtime. Chris and his father sat down side by side on Chris's bed. They talked of Chris's friend Alexander, the red horse with green stripes. "Alexander was a pretty bad horse today," Chris said. "He wouldn't eat his cereal. He wouldn't sit up at the table and he spilled his milk." "That's too bad," said Chris's father. "What else happened?" The ensuing conversation of Alexander's bad day makes for an entertaining read, along with its priceless ending.
