France's fate hangs in the balance! In this second part of Dumas' classic, our heroes must race across Europe to save the day. It all begins with Queen Anne of France, who is having an affair with the English Duke of Buckingham. Hoping to expose the tryst, and thereby enrage King Louix XIII into declaring war, Cardinal Richelieu plans a

ball. He suggests the Queen wear a necklace that the King gifted her. But the necklace is with Buckingham. The Musketeers' mission is to bring back the jewellery, doing battle with agents of the Cardinal along the way. It's a breathless adventure, set across 17th Century Paris, Calais, and London. And this volume also introduces D'Artagnan's infatuation with the mysterious Milady. Alexandre Dumas (1802 - 1870) was a hugely popular 19th century French writer. Born of mixed French and Haitian heritage, Dumas first rose to prominence in Paris as a playwright, but later gained international fame with his historical fiction. Often co-authored with other writers, these stories wove together swashbuckling adventure, romance, and real events from France's past. Among the best known are "The Three Musketeers", and its sequels "Twenty Years After", and "Le Vicomte de Bragelonne: Ten Years Later". Set across four decades, this trilogy follows the rise of the dashing D'Artagnan—from hot-headed soldier to trusted captain under Louis XIV. Dumas' other novels include "The Count

of Monte Cristo" and "The Black Tulip". His works have been adapted into more than 200 movies, including The Man in the Iron Mask starring Leonardo DiCaprio. PREFACE The present tale is founded more largely on testimony—oral and written—than any other in this series. The external incidents which direct its course are mostly an unexaggerated reproduction of the recollections of old persons well known to the author in childhood, but now long dead, who were eye-witnesses of those scenes. If wholly transcribed their recollections would have filled a volume thrice the length of 'The Trumpet-Major.' Down to the

middle of this century, and later, there were not wanting, in the neighbourhood of the places more or less clearly indicated herein, casual relics of the circumstances amid which the action moves—our preparations for defence against the threatened invasion of England by Buonaparte. An outhouse door riddled with bullet-holes, which had been extemporized by a solitary man as a target for firelock practice when the landing was hourly expected, a heap of bricks and clods on a beacon-hill, which had formed the chimney and walls of the hut occupied by the beacon-keeper, worm-eaten shafts and iron heads of pikes for the use of those who had no better weapons, ridges on the down thrown up during the encampment, fragments of volunteer uniform, and other such lingering remains, brought to my imagination in early childhood the state of affairs at the date of the war more vividly than volumes of history could have done.

Great Expectations (1861), one of Dickens s later novels is more mature and serious than his earlier works and less harsh and critical of Victorian society that Dickens is known to caricature. This novel, whose hero Pip is an orphan, reads more like a detective story. The story

opens with little Pip meeting an escaped convict in the churchyard on a cold December evening in an almost surreal setting. As the story unfolds, we find Pip asked to wait upon a strange old lady, Miss Havisham, and becoming infatuated with her beautiful ward, Estella. Soon thereafter, Pip inherits a handsome property left to him by an unknown benefactor. He leaves for London, soon forgets his childhood friends and leads a life of leisure. After Pip s twenty-fifth birthday, his benefactor makes himself known and Pip realises the irony of his good fortune. With the unravelling of his own position, Pip grows in moral stature. Great Expectations is the story of Pip s coming of age.
