Cry to Heaven Children Are from Heaven Positive Parenting Skills for Raising Cooperative, Confident, and Compassionate Children Newbery Honor-winning, New York Times–bestselling, and as full of fun and adventure as it is of deeper family issues. School’s out

for summer, and Penny and her cousin Frankie have big plans to eat lots of butter pecan ice cream, swim at the local pool, and cheer on their favorite baseball team—the Brooklyn Dodgers! But sometimes things don’t go according to plan. Penny’s mom doesn’t want her to swim because she’s afraid Penny will get polio. Frankie is constantly getting into trouble, and Penny feels caught between the two sides of her family. But even if the summer doesn’t exactly start as planned . . . things can work out in the most unexpected ways! Set just after World War II, this thought-provoking novel also highlights the prejudice Penny’s Italian American family must confront because people of Italian descent were “the enemy” not long ago. Inspired by three-time

Newbery Honor winner Jennifer Holm's own Italian American family, *Penny from Heaven* is a story about families—about the things that tear them apart and the things that bring them back together. Includes an author's note with photographs and background on World War II, internment camps, and 1950s America, as well as additional resources and websites. Booklist: "Holm impressively wraps pathos with comedy in this coming-of-age story, populated by a cast of vivid characters."

NATIONAL BESTSELLER • From the author of *Into the Wild* and *Into Thin Air*, this extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God; some 40,000 people still practice polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

Soon after his popular *A Travel Guide to Heaven* was published, bestselling author Anthony DeStefano recognized that children also have many questions about heaven. In celebration of the tenth anniversary of that book, Anthony wrote this fun-filled, action story about a little boy named Joey who gets to take a whirlwind tour of heaven with his guardian angel, Gabby. Artist Erwin Madrid's stunning illustrations bring the story to life, showing heaven to be a place where everyone is happy, the animals all get along, and God's glory is more amazing than anything Joey had ever seen in his whole life. This long-awaited children's edition will quickly become a favorite for the reader and the child alike. Imagine the comfort and peace children will experience when they hear about this incredible place God has prepared for them.

Raising Good Children Bookbaby

Raising children is life's greatest gift and accomplishment, but it can also come with an overwhelming amount of stressors, anxiety and self-doubt. Am I modeling the type of person I want my child to become? Am I doing enough to prepare my child to strive in an ever-changing world? Are my children happy and confident in themselves? In *The Tapping Solution for Parents, Children & Teenagers*, Nick Ortner encourages readers to first take a look at their own stressors and worry as parents, reminding readers that self-care is vital to helping others. In the first section of the book, parents are guided on using the revolutionary technique known as EFT (Emotional Freedom Techniques) Tapping to release parental overwhelm, quiet worry, manage conflict and transform their experience of parenthood. In the second section, Nick explores specific uses for Tapping with children, ranging from releasing negative emotions like anger, fear and phobias, sadness, grief, guilt, and shame, to overcoming specific challenges such as anxiety disorders, sleep, nightmares,

performance anxiety, bullying, school jitters, divorce and much more. Through the use of diagrams, links to videos, and Tapping tips, *The Tapping Solution for Parents, Children & Teenagers* is an easy-to-use resource to solve everyday issues taking place in our homes.

Book Five of 'The Wheel of Time' Scholastic Inc.

Children ask a lot of questions. When a death occurs in their family or circle of friends, those questions inevitably turn toward heaven. Is heaven real? Where is it? What will we do there? How do we get there? And more. Parents and grandparents often find themselves at a loss to explain a place that they suddenly may realize they don't know much about either. Colorfully illustrated and using simple concepts and language that children ages 4-7 can understand, *A Place Called Heaven for Kids* provides answers to 10 of these common questions. In doing so, it gives children peace of mind about their lost loved one as well as a comforting, biblical picture of their forever home. For parents, grandparents, and caregivers, it offers a positive, constructive way to grieve, hope, and grow with the children in their lives.

The author of the most well-known and trusted relationship book of all time returns with an updated guide for today's generation. Two decades ago, *Men Are from Mars, Women Are from Venus* revolutionized the way we thought about love and partnership. John Gray's work has helped countless readers improve and even save their relationships. But as society evolves, relationships do, too. It's time to move beyond Mars and Venus, toward a new

relationship model for modern couples. Today, men and women are no longer trapped by rigid societal roles. Now more than ever, we have the freedom to be our authentic selves. Women can access their masculine side, and men can embrace their feminine side. This new freedom is a good thing, but it also brings new challenges. Men and women still need the right tools and skills to help build stronger relationships. While previous generations sought "role mate" relationships, based on the more rigid gender roles of the time, today's couples need a new kind of relationship: a "soul mate" relationship. These more emotionally satisfying relationships require a deeper understanding of our partners' individual needs. In *Beyond Mars and Venus*, Gray teaches you how to strengthen your bond and grow in love together, so you and your loved one can meet each other's needs in the best way possible, bringing you lasting happiness and a fulfilling partnership.
