Feeling guilty, Kat decides to return it, but before she can do this she drops it in front of a group of visitors, and a media frenzy ensues. Soon the mining town is filled with gold seekers. In order to save the dragon and his gold, Kat and her brother must venture back into the mine to warn him.

But will they get there in time? This fast-paced, beautifully told modern fantasy tale by children's book illustrator Troy Howell will keep readers spellbound. Praise for The Dragon of Cripple Creek "Writing in Kat's first-person narrative, which is wry and funny, clipped and eloquent, Howell, best known as an illustrator, mixes fantasy adventure with a moving conservation story in a

debut that blends sadness, secrecy, and pure fun." -Booklist

 I'm good at two things: finding treasure and killing demons. Lying low is a close third-but not because I want to be good at hiding. I have to be. I'm a FireSoul, one of the unlucky few to inherit a piece of the dragon's soul. Being born with the dragon's covetousness should be a sweet gig - I

have the power to find and steal any type of treasure, including the powers of other supernaturals. But it doesn't come without a price - stealing powers requires that I kill, and others would destroy me if they discover what I am. In a world full of magic, hiding my species is the only way to survive. Finding magical artifacts is the only way to pay the bills. It's a dangerous job

when you can barely use your magic, but that's one of the things I like about it. When Aidan Merrick, the most powerful shifter in the city, hired me to find an ancient scroll, I didn't want to take the job. His immense amount of power reminds me of too much of murky memories from a past I can't remember. But I don't have a choice. The scroll reveals what I am. And if anyone finds

out, I'm dead.

We all know that "there was an old lady" who swallowed lots of things. Now meet the old dragon who swallows pretty much an entire kingdom! Will

he ever learn a little moderation?! This rollicking rhyme is full to bursting with sight gags, silly characters, and plenty of burps! Parents and kids alike will delight in Ben Mantle's precisely funny illustrations and in Penny Parker Klostermann's wacky rhymes. "Klostermann's debut is a rollicking and warped Medieval take on the well-worn cumulative rhyme. Prolific British

animator and illustrator Mantle's expressive and bright cartoon illustrations of the red, horned dragon (and the contents of his stomach) are a perfect match. . . . No matter how many swallowed-fly titles you own, this one belongs on your shelf too." - Kirkus

A Cooked-Up Fairy Tale

Abrams
 This enhanced eBook features read-along narration. On a beautiful day at the

beach, a young boy brings his bucket, shovel, and imagination, and builds a perfect sand castle. Right away, a dragon moves in. The boy decides to befriend his dragon and they spend time roaming the shore, flying a kite, braving the waves, defying bullies, and roasting marshmallows—all while Dad is busy sunbathing and Mom is engrossed in her book. Unfortunately,

no one believes the boy when he tries to share the news of this magnificent creature. That's when the mischief begins, and the dragon becomes a force to be reckoned with. While adults will recognize the naughty antics as a ploy for attention, children will dissolve into giggles as the dragon devours every last sandwich, blows bubbles in the lemonade, and leaves claw prints in

the brownies. Maybe the dragon really is running amok on the beach, or maybe it's a little boy's imagination that is running wild.

destroys them all. There is more to the creature than meets the eye, however, and when danger comes it is not from the dragon, but from one of their own.
