Fun science  
meets humor  
and heart in  
this adventure  
about a boy

who is searching for his mother . . . in a parallel universe. Stephen Albie Bright leads a happy, normal life. Well, as normal as it gets with two astrophysicist parents who named their son after their favorite scientists, Stephen Hawking and Albert Einstein. But then Albie's mother dies of cancer, and his world is shattered. When his father explains that she might be alive in a parallel

universe, Albie knows he has to find her. So, armed with a box, a laptop, and a banana, Albie sets out to do just that. Of course, when you're universe-hopping for the very first time, it's difficult to find the one you want. As Albie searches, he discovers some pretty big surprises about himself and our universe(s), and stumbles upon the answers to life's most challenging questions. A poignant, funny, and

heartwarming adventure, this extraordinary novel is for anyone who has ever been curious. Praise for *The Many Worlds of Albie Bright*: "A big book with a big brain, big laughs, and a big, big heart." —FRANK COTTRELL BOYCE, *New York Times* bestselling author of *Millions* and *Cosmic* "Hilarious and full of heart." —PIERS TORDAY, author of *The Last Wild* "I'd love this book

in all the worlds. Heartbreaking , heartwarming, heartstopping. Amazing.” —HOLLY SMALE, author of the award-winning Geek Girl series “Heartwarming.” —The Guardian “Proves the theory that novels about science can be enormous fun.” —The Times Children’s Book of the Week (UK) “Moving, and exploding with scientific ideas and wonder.” —The Herald (UK) **Civilizations**

**and Historical Patterns. An Approach to the Comparative Study of History** Humanitas SA [Italiano]: In un momento così significativo per la storia europea e mondiale, questo volume vuole essere la raccolta di riflessioni scientifiche condotte sui rapporti tra le scelte politiche, le azioni militari e la fisionomia delle città e del paesaggio urbano, sull’evoluzione delle strutture

e delle tecniche di difesa, sulla rappresentazione della guerra e dei suoi effetti sull’immagine urbana, sul recupero delle tracce della memoria cittadina. Da una parte il campo delle Digital Humanities apre nuove prospettive per studiare l’immagine della città prima, durante e dopo la guerra, dall’altro le tecnologie digitali impegnano studiosi e ricercatori di

varie discipline: in particolare nell'ambito del disegno viene esplorato il ruolo della rappresentazione nella formulazione dei progetti urbani di difesa e nella documentazione degli eventi bellici e delle tracce lasciate dai conflitti, mentre nell'ambito del restauro vengono approfondite le sfide teoriche e pratiche imposte dai danni arrecati dai conflitti ai centri storici,	passando in rassegna casi studio, soluzioni e dibattiti relativi alla conservazione del patrimonio urbano coinvolto in azioni di guerra, con un'attenzione particolare all'identità e alla memoria collettiva./[English]: At such a significant moment in European and world history, this volume aims to be a collection of scientific reflections about the relationships between political choices,	military actions and the physiognomy of cities and the urban landscape, about the evolution of defence structures and techniques, about the representation of war and its effects on the urban image, and about the recovery of the traces of city memory. On the one hand the field of Digital Humanities opens up new perspectives to study the image of the city before, during and after the war,
--	--	---

on the other hand digital technologies engage academics and researchers from various disciplines: In particular, in the area of drawing, the role of representation in the formulation of urban defence projects and in the documentation of wartime events and the traces left behind by conflicts is explored, while in the area of conservation, the theoretical and practical challenges

imposed by the damage caused by conflicts to historic centres are explored, reviewing case studies, solutions and debates relating to the conservation of urban heritage involved in wartime actions, with a focus on identity and collective memory.

**O scurta istorie a romanilor povestita celor tineri**

Vintage  
An engrossing biography of the notorious Russian

dictator by an author whose knowledge of Soviet-era archives far surpasses all others. Josef Stalin exercised supreme power in the Soviet Union from 1929 until his death in 1953. During that quarter-century, by Oleg Khlevniuk's estimate, he caused the imprisonment and execution of no fewer than a million Soviet citizens per year. Millions more were victims of famine directly

resulting from Stalin's policies. What drove him toward such ruthlessness? This essential biography offers an unprecedented, fine-grained portrait of Stalin the man and dictator. Without mythologizing Stalin as either benevolent or an evil genius, Khlevniuk resolves numerous controversies about specific events in the dictator's life while assembling many hundreds of previously

unknown letters, memos, reports, and diaries into a comprehensive, compelling narrative of a life that altered the course of world history. In brief, revealing prologues to each chapter, Khlevniuk takes his reader into Stalin's favorite dacha, where the innermost circle of Soviet leadership gathered as their *vozhday* dying. Chronological chapters then illuminate major themes:

Stalin's childhood, his involvement in the Revolution and the early Bolshevik government under Lenin, his assumption of undivided power and mandate for industrialization and collectivization, the Terror, World War II, and the postwar period. At the book's conclusion, the author presents a cogent warning against nostalgia for the Stalinist era. "This brilliant,

authoritative, opinionated biography ranks as the best on Stalin in any language.”—Martin McCauley East-West Review “A historiographical and literary masterpiece.”—Mark Edele, Australian Book Review “A very digestible biography, yet one packed with revelations.”—Paul E. Richardson, Russian Life Magazine <i>A Concise History of Romanians</i> Grup Editorial	Litera A comprehensive and engaging new history charting Romania's development over 2000 years from its establishment to the present day. <b>Città e guerra : difese, distruzioni, permanenze delle memorie e dell'immaginario urbana.</b> <b>Tomo II : tracce e patrimoni</b> Catapult Autor al unor erudite studii de istorie și filozofie a istoriei	apărute în Franța, premiat de Academia Franceză, profesorul Neagu Djuvara lasă la o parte de data aceasta tonul academic, pentru a povesti tinerilor – și celor mai puțin tineri – istoria românilor. Cartea e o privire sintetică și originală asupra momentelor-cheie din trecutul nostru, fără tabuuri sau prejudecăți, scoțând la lumină

întâmplări mai puțin cunoscute, dar revelatoare.  
A Concise History of Romania  
Central European University Press  
"A gripping, meticulously researched account of Lenin's fateful rail journey from Zurich to Petrograd, where he ignited the Russian Revolution and forever changed the world. In April 1917, as the Russian Tsar Nicholas II's abdication sent shockwaves

across war-torn Europe, the future leader of the Bolshevik revolution Vladimir Lenin was far away, exiled in Zurich. When the news reached him, Lenin immediately resolved to return to Petrograd and lead the revolt. But to get there, he would have to cross Germany, which meant accepting help from the deadliest of Russia's adversaries. Germany saw an opportunity to further

destabilize Russia by allowing Lenin and his small group of revolutionaries to return. Now, drawing on a dazzling array of sources and never-before-seen archival material, renowned historian Catherine Merridale provides a riveting, nuanced account of this enormously consequential journey--the train ride that changed the world--as well as the underground conspiracy and

subterfuge that went into making it happen. Writing with the same insight and formidable intelligence that distinguished her earlier works, she brings to life a world of counter-espionage and intrigue, wartime desperation, illicit finance, and misguided utopianism. This was the moment when the Russian Revolution became Soviet, the genesis of a system of tyranny and faith that changed the course of Russia's history forever and transformed the international political climate"--

*Lenin on the Train*

CreateSpace Based on the idea that there is a considerable difference between reality and discourse, the author points out that history is constantly reconstructed, adapted and sometimes mythicized from the perspectives of the present day, present states of mind and ideologies. He closely examines historical culture and conscience in nineteenth and twentieth century Romania, particularly concentrating on the impact of the national ideology on history. Boia's innovative analysis identifies several key mythical configurations and shows how Romanians have reconstituted their own

highly ideologized history over the last two centuries. The strength of History and Myth in Romanian Consciousness lies in the author's ability to fully deconstruct the entire Romanian historiographi c system and demonstrate the increasing acuteness of national problems in general, and in particular the exploitation of history to support national ideology. <i>O scurtă</i>	<i>istorie a românilor, volumul II Skyhorse Toate sintezele de istorie a românilor, și cele mai cuprinzătoare, și cele mai modeste, realizate până acum, s-au limitat în fond la spațiul românesc de la vest la Prut. Nu intrăm în dezbaterea motivelor care au afirmat o astfel de înțelegere a istoriei românilor, știut fiind faptul că ea a fost impusă, împotriva voinței isoricilor</i>	români, de anumite situații și orientări politice, potrivnice interesului nostru național. Dar timpurile care au impus astfel de atitudini au dispărut, ceea ce înseamnă că acum ne putem asuma sarcina de a scrie, în sfârșit, o istorie a tuturor românilor, mai ales și în primul rând al celor care trăiesc în cele două state somânești, România și Republica Moldova. Asta
---	---	---

<p>am vrut să facem și asta am și făcut. Am încercat o abordare a ideii de sinteză a istoriei românilor, renunțând la modelul tradițional, care mizează mai cu seamă pe istoria politică și militară, pe când relatarea despre fenomenele culturale se rezumă la o expunere statistică. De aceea, în încercarea de a depăși această viziune, am rezervat un spațiu restrâns</p>	<p>evenimentelor politice și mai ales celor militare, lărgind în schimb considerabil, față de practica de până acum, partea de text dedicată istoriei culturii. Ion Turcanu <i>O scurtă istorie ilustrată a românilor</i> FedOA - Federico II University Press 2,000 years of all of Germany's history in one riveting afternoon, followed by The Shortest History of</p>	<p>China A country both admired and feared, Germany has been the epicenter of world events time and again: the Reformation, both World Wars, the fall of the Berlin Wall. It did not emerge as a modern nation until 1871—yet today, Germany is the world's fourth-largest economy and a standard- bearer of liberal democracy. “There's no point studying the past unless it sheds</p>

Delacorte Press  
Când este însoțită de ilustrații, o carte de istorie e mai bună, iar materia sa e și mai lesne de înțeles și de

reținut. Imaginile spun ele însele o poveste sau o completează, iar impactul lor e mai puternic decât orice demonstrație. Documentele iconografice din această ediție au fost selectate astfel încât cititorul, purtat de farmecul inconfundabil al lui Neagu Djuvara, să și-i apropie, ca și cum ar privi într-un album de familie alcătuit de mai multe generații, pe oamenii din trecut: împărații

romani, domnii și regii români, cu aliații și dușmanii lor, politicienii, buni și răi, cum i-am avut, în momente de triumf sau de mare restriște, și uneori chiar oamenii e rând, pe care istoriile adesea îi uită. Împreună, textul și imaginile alcătuiesc o minunată istorie ilustrată a românilor.  
O scurtă istorie a Germaniei  
Harper Collins  
What will planet Earth be like in

twenty years?  
At mid-  
century? In  
the year  
2100?  
Prescient and  
convincing,  
this book is a  
must-read for  
anyone  
concerned  
about the  
future. Never  
has the world  
offered more  
promise for  
the future and  
been more  
fraught with  
dangers. Attali  
anticipates an  
unraveling of  
American  
hegemony as  
transnational  
corporations  
sever the ties  
linking free  
enterprise to  
democracy.  
World  
tensions will

be primed for  
horrific  
warfare for  
resources and  
dominance.  
The ultimate  
question is:  
Will we leave  
our children  
and  
grandchildren  
a world that is  
not only viable  
but better, or  
in this nuclear  
world  
bequeath to  
them a planet  
that will be a  
living hell?  
Either way, he  
warns, the  
time to act is  
now.

„O lectură  
obligatorie" -  
The Economist  
„Cea mai  
provocatoare  
carte a anului"  
- Der Spiegel  
De citit într-o  
după-amiază,  
de reținut  
pentru o viață  
O țară  
deopotrivă  
admirată și  
temută,  
Germania s-a  
situat în  
epicentrul  
evenimentelor  
mondiale nu  
de puține ori:  
Reforma, cele  
două Războaie  
Mondiale,  
căderea  
Zidului  
Berlinului. S-a  
conturat ca  
națiune  
modernă de-  
abia în 1871 -  
și totuși,

astăzi, Germania este a patra economie a lumii și purător de stindard al democrației liberale. „Nu are rost să studiezi trecutul dacă acesta nu luminează prezentul”, scrie James Hawes în această concisă istorie care a captivat deja sute de mii de citori în mai multe țări. Astăzi, poate mai mult decât oricând, avem mare nevoie să înțelegem, după cum spune autorul,	„adevărata istorie a Germaniei”. <u>The Many Worlds of Albie Bright</u> Editura Universității din București - Bucharest University Press In June 1961, Nikita Khrushchev called Berlin "the most dangerous place on earth." He knew what he was talking about. Much has been written about the Cuban Missile Crisis a year later, but the Berlin Crisis of 1961 was more decisive in	shaping the Cold War-and more perilous. It was in that hot summer that the Berlin Wall was constructed, which would divide the world for another twenty-eight years. Then two months later, and for the first time in history, American and Soviet fighting men and tanks stood arrayed against each other, only yards apart. One mistake, one nervous soldier, one overzealous commander- and the
--	---	---

tripwire would be sprung for a war that could go nuclear in a heartbeat. On one side was a young, untested U.S. president still reeling from the Bay of Pigs disaster and a humiliating summit meeting that left him grasping for ways to respond. It would add up to be one of the worst first-year foreign policy performances of any modern president. On the other side, a Soviet premier

hemmed in by the Chinese, East Germans, and hardliners in his own government. With an all-important Party Congress approaching, he knew Berlin meant the difference not only for the Kremlin's hold on its empire—but for his own hold on the Kremlin. Neither man really understood the other, both tried cynically to manipulate events. And so, week by week, they crept closer to the brink.

Based on a wealth of new documents and interviews, filled with fresh—sometimes startling—insights, written with immediacy and drama, *Berlin 1961* is an extraordinary look at key events of the twentieth century, with powerful applications to these early years of the twenty-first. Includes photographs

understood.  
*The First Nazi  
Istros*

How is the Holocaust remembered in Romania since the fall of communism? Alexandru Florian and an international group of contributors unveil how and why Romania, a place where large segments of the Jewish and Roma populations perished, still fails to address its recent past. These essays focus on the roles of government and public actors that choose to

promote, construct, defend, or contest the memory of the Holocaust, as well as the tools—the press, the media, monuments, and commemorations—that create public memory. Coming from a variety of perspectives, these essays provide a compelling view of what memories exist, how they are sustained, how they can be distorted, and how public remembrance

of the Holocaust can be encouraged in Romanian society today. The History of the World in Bite-Sized Chunks Editura Cuantic Here's your chance to introduce yourself to the full spectrum of world history. *Scurtă istorie a românilor* Editura Universității din București - Bucharest University Press "This volume is the first work to cover post-Communist

developments in historical studies in six Eastern European countries (Hungary, Poland, Czech Republic, Slovakia, Romania, and Bulgaria) from a comparative and critical perspective, written by scholars from the region itself. It is a building block for scholars of the history of European and global historical studies, and a useful pedagogical tool for classes on the history of historical

studies. Each individual chapter is in itself a guide to further research through a wealth of detailed notes and references."--  
BOOK JACKET.  
*The Storm of War* Central European University Press  
And, in the shadow of the major civilization, before it disappeared in its turn, how many other cultures have perished without a trace? This immense tragedy is being lived

now by many cultures, with great intensity. One has to belong to such a culture in course of extinction or dying slowly even before its flourishing, to understand the infinite distress of those who are helplessly watching the inexorable disappearance of their most precious values. With each dying culture, it is a unique flower that is withering never to bloom again, an incomparable

fragrance that fades away forever. There is in the smallest idioms, there is in the “Weltanschauung” of the smallest tribe doomed to extinction treasures of wisdom and poetry. Lost...lost for all eternity. In the life of peoples, as in the whole Creation, the most striking thing that actually shocks the mind is the infinite waste of Nature. Those who at present are fortunate enough to

belong to the universal cultures, may still live with the illusion of their perpetuity. But for how long? Indeed what is left of Ancient Egypt, of Mesopotamia, of Crete, of Mexico and of Peru? And how can we be sure that our conceited race that for centuries extends its domination over peoples and things will not also fall one day in torpor and become apathetic? Neagu Djuvara

**O scurtă istorie a românilor, volumul I, Ed.II** W. W. Norton & Company  
This is not an ordinary history book. As readers will realise quite early on, Neagu Djuvara has the audacity to tackle some of the most delicate and controversial issues in Romanian history under the guise of light storytelling. With the addition of illustrations, the book becomes better and

easier to understand: we are offered the chance to see how ancient artefacts discovered by archaeologists actually look like, or catch a glimpse of the world of barbarians and medieval warriors depicted in wonderful illuminated manuscripts. As we get nearer to the modern age, the imagery becomes even richer and we get to know Romania's princes and monarchs, their allies and their enemies, the politicians - good and bad - their triumphs, tribulations or even tragedies; and sometimes even the common people going about their daily lives. The photographic discourse focuses on the most important documents, even if their condition is not optimal. You will also find images of pottery, jewellery and weaponry, some of them from unexpected sources, often unknown to the public, accompanied by detailed captions that complement the information provided in the text itself. Together, the story and illustrations intertwine to form a new, enhanced historical account - and hopefully, one not lacking in originality.
