How does it feel to be here and there - at the same time? Maxwell Greyson refers to himself as a project manager but really only makes use of that title in an attempt to mask his ridiculousness, which is something that has plagued him all of his life. He unwittingly embarks on a quest to find what he's always sought. He finds it, or rather he finds something, but doesn't know exactly how to process it or what to do with it. What ensues is a journey that starts at zero and ends up near the edge of the multiverse. Or is it the other way around?

"He Walks with Dragons" takes place when what was, what is, and what shall be were one in the same. Draig, a boy on

the verge of his manhood, is summoned to the majestic mountain by the Great Ones. There he finds out he is about to transcend the ages and risk his life to prevent the destruction of mankind. Born into the naïve innocence of ancient man, Draig lives a simple pastoral existence in a quiet, small village. But one day he is flung on a magical journey into a forbidden new world. There, Draconos, a dragon, befriends the boy, training him in the art of warfare. From this day forward, the young boy finds himself in awe at the wonders the world holds for him. Not only has Draig become a man, but he is living like a dragon and learning their mystical powers. "From the time Man first crawled upon this earth...we found him worthy to take his rightful place among the creatures that walk upon the earth. While hiding in the shadows, we have protected him. We have nurtured him all these many ages. But now man grows in great numbers and makes war on everything he sees." And when the time comes, will Draig be willing to lay down his life for the sake of saving the dragons? And when the dragons are gone, where will he go? He is no longer just a man.

Luis Alberto Urrea's *Across the Wire* offers a compelling and unprecedented

look at what life is like for those refugees living on the Mexican side of the border—a world that is only some twenty miles from San Diego, but that few have seen. Urrea gives us a compassionate and candid account of his work as a member and "official translator" of a crew of relief workers that provided aid to the many refugees hidden just behind the flashy tourist spots of Tijuana. His account of the struggle of these people to survive amid abject poverty, unsanitary living conditions, and the legal and political chaos that reign in the Mexican borderlands explains without a doubt the reason so many are forced to make the dangerous and illegal journey "across the wire" into the United States. More than just an expose, *Across the Wire* is a tribute to the tenacity of a people who have learned to survive against the most impossible odds, and returns to these forgotten people their pride and their identity.

An exceptional, deeply-moving memoir—a classic love story. In the late 1970s, a fragile thread linked a woman living on Park Avenue in Manhattan and a man in a guarded house in West Africa. "I love you very much he whispered softly across 7,000 miles of ocean and up the East River." *Plunge!* is a love story, exquisitely told. Sally was a New York career woman when David showed up in her life. Their first dinner date was July 13, 1977, the night of the New York Blackout. Six weeks later he told her he had accepted a job in Nigeria. After a romantic weekend at the Pierre Hotel, David left the city. "The noise of the engines was muffled through the window, and as the plane taxied to the runway, the sound faded away, like a

love song drawing to a melancholy close." As David struggled to clear a jungle to build a paper mill in West Africa, Sally worked at her fast-paced job, occasionally flew private planes, and led the tenants of her Park Avenue apartment building into battle against her notorious landlord. Over the next nine months, they corresponded—openly, often with humor—and had three brief reunions: in Nigeria, London and New York. "Perhaps the distance that separated us, the lack of instant interaction, helped us both to communicate more thoughtfully, more honestly and even more passionately than we might have otherwise." "An amazing, beautiful literary accomplishment." - Carol Shaben, author of *Into the Abyss* "I can't remember the last book that affected me like *Plunge!* It's very moving and strong and honest and beautifully written. I was drawn in from the start—a gifted writer." - Dalia Pagani, author of *Mercy Road* "So well written and so compelling." - Louise Crowley, Program Director, Vermont College of Fine Arts, MFA in Writing *A Ragamuffin Christmas* Larry Flynn Have you ever questioned life and wonder why you? Can you hear yourself saying, "Is there more to life than this?" I can identify this with you. Did you know? Our brain processes approximately 70,000 thoughts on an average day. Often many wonder why so many give up and quit in life. In this book I will show you how to rise above mediocrity. No more settling for less than God's best and only fantasizing about your heart desires - Its time you Rise Above, Now.

Our lives are spent watching the clock. We go to sleep by it. Wake up to it. Rely on it. Race it.It's easy to forget that we're only given so much.We ignore it because we're convinced we'll always have more.I am proof that we aren't promised anything.The clock owes us nothing.I know this because not only was Time my name, I wasn't given enough of it.Sure I had challenges but I vowed to make the most of it, of my young life.My limitations wouldn't hold me back.Time was on my side.Then I was told otherwise.Now the clock was working against me.I would face this disease alone.Then he walked in and changed everything.He gave me a reason to fight.He helped me prepare.Like others before me, when time slowed I wasn't ready.I begged for more.But the clock, it stopped for no one.On the day my world

went black, I refused to take him with me.Only he didn't listen.I was a doctor.A bringer of bad news.I read the chart.She was fucked.My hands, they were tied.I was a doctor who could not heal what was beyond that door.I had no hope to offer her.But I wanted this over with.The sooner the better.I walked in, looked up and saw color.Not one.All of them.They surrounded her.She was a patient.You did not cross that line.I would not cross that line.I should have kept my eyes closed.Life was easier when you didn't see.But they were open now.They saw her.They saw everything.Suddenly invisible lines ceased to matter.For me, Time mattered.How far would you go to make sure the one you loved had enough of it?Would you challenge the clock?Help them prepare?Could you watch them suffer?Could you accept a life without them in it?Or, would you follow them into the darkness?I did. This is our story.

In high school, everyone's talking about college. What to do. Where to go. Why it's important. Classes are given on it. Books are written about it. But details get left out. Every year, college graduates learn this the hard way as they step into adulthood. I was one of them. After earning a four-year degree, I went through two of the worst years of my life. Not that my situation is unique. I am a part of a generation that was told to go to college first and sort out the details later. Most of us did. We chased the promise of a big shiny future, and we ended up being chased by the mistakes of our past. That's not to say we completely regretted going. This book isn't a list of privileged millennial complaints. It's a collection of wisdom gained in less than pleasant ways. It's a

story of hardship, failure, victory, and perseverance. It's all of the things we wish someone had told us. And it takes place before college, in college, after college, and without college. This is the wild, painful, awkward, hilarious, depressing, & beautiful journey from youth to maturity. This is the college book that no one ever gave us.

Discover the wonder of a life with God you can't contain. The pages of scripture are full of ordinary people who walked with God as he poured himself out through them to a world in need. What if God never changed? What if he is still speaking to us and longing to work miraculously through us? What if it isn't a matter of more training or effort but simply receiving and releasing everything he already purchased? "Life in the Overflow" invites you to know God intimately as your Daddy in a way that spills out of you naturally. Filled with disarming honesty and fervent expectation, this book mirrors a reflection of who you are, who your God is and what he actually longs to do through "ordinary, messy kids" today!

Groomed for a place at a Big Name School since their obsessed, status-conscious helicopter parents passed out cigars at the Stockstill General Hospital Neonatal Unit, the privileged students of Pembrocton College Preparatory are ratcheting up the stakes in the race to get into the nation's most prestigious colleges. The PCP juniors are gloating, jubilant at the rumor that the valedictorian presumptive has received a B on her report card, a grade that will relegate her to in-state hell. Her heir apparent, a three-generation Yale legacy, is the sole mourner at the demise of her future—if only because her thoughtless academic lapse is going to derail his plans to attend MIT. Across

town, in the graffiti-covered halls of Stockstill High School, the students slink to class, praying that they arrive without a knife wound—and dream of ivy-covered walls. And with the help of a take-no-prisoners principal and an enterprising parent, the students at SHS dare to encroach shamelessly on territory normally reserved for their wealthy private school rivals. Join the fray as a memorable cast of characters engages in the latest rage in extracurricular activities: college admissions as a blood sport. Laugh out loud funny, *The Applicants* lampoons the heights we scale—and the depths to which we sink—to get into the “right” college. ?
