For trainers free additional material of
this book is available. This can be found
under the "Training Material" tab. Log in
with your trainer account to access the
material. Note: This book is available in
several languages: English, Dutch. An
increasing number of companies are

working in a project-like manner, using
the PRINCE2 project management
method. The advantages of a standard
method are great: a uniform method of
working and terminology makes projects
comparable, transferable and orderly.
Moreover, PRINCE2 has additional
qualities, such as the standard no go/go
decision with each stage, the Business
Case at the centre of the project and
clear agreements about who is
responsible for what. The book gives a
faithful representation of the 2009

Edition of the PRINCE2 methodology, with many lists serving as reference material for all project types and sizes. Furthermore, as the content of the book covers all specs for the PRINCE2 Foundation exams, it can serve as a good basis for the PRINCE2 Foundation exams. The three authors of this title have successfully combined their tremendous experience and made this available in a structured manner to those who are involved in controlling, designing or managing projects. And whatever they missed was added by a team of expert reviewers. The content for this book is also intended for everyone doing projects in real world, it covers more than the minimum reference that is necessary for the Foundation exam. Therefore it is also very useful as a solid

starting point for anyone studying for the PRINCE2 Practitioner exam. Available in English and Dutch.

Struggling to apply the principles of PRINCE2 in practice? Need guidance on adapting the process for smaller projects? PRINCE2 for Practitioners provides the solution. This practical reference, matching the details and requirements of the 2009 PRINCE2 manual, contains new and updated real-life examples and case studies, links between related components and processes, and clear guidance on how to fine-tune the method to help you manage projects successfully, whatever the context and size. An affordable alternative to expensive training, this best-selling handbook by PRINCE2

expert Colin Bentley is an indispensable addition to your project management bookshelf and a companion to the PRINCE2 for Beginners book. If you have passed the PRINCE2 exams, it will help you keep your knowledge and skills up to date to maintain registered status and enable you to apply the theory of PRINCE2 to everyday project work after certification.

Achieve success in your PRINCE2 Foundation 7th Edition Exam on the first try with our new and exclusive preparation book. This New and Exclusive book is designed to help you test your knowledge, providing a collection of the latest questions with detailed explanations and official

references. Save both time and money by investing in this book, which covers all the topics included in the PRINCE2 Foundation 7th Edition exam. This book includes two full-length, highly important practice tests, each with 60 questions, for a total of 120 questions. It also provides detailed explanations for each question and official reference links. Dedicate your effort to mastering these PRINCE2 7 Foundation exam questions, as they offer up-to-date information on the entire exam syllabus. This book is strategically crafted to not only assess your knowledge and skills but also to boost your confidence for the real exam. With a focus on thorough preparation, passing the official PRINCE2 7 Foundation Exam on your first attempt becomes achievable through diligent

study of these valuable resources. The PRINCE2 7 Foundation qualification is designed for project managers and those aiming to become project managers. It is also beneficial for other essential personnel engaged in project design, development, and delivery, such as: project board members (e.g., senior responsible owners), team managers (e.g., product delivery managers), project assurance (e.g., business change analysts), project support (e.g., Project and Programme Office personnel), and operational line managers/staff. Exam Overview: Exam duration: 60 minutes
Examinees who are not native speakers or do not use the exam's language as their primary language may receive an additional 25% of the standard exam time, totaling 75 minutes. There are 60

questions, each valued at 1 mark, and there is no penalty for incorrect answers. To pass the exam, you need to answer 36 questions correctly, which is 60% of the total marks. Question types include Standard, Missing Word, List, and Negative. All questions are in multiple-choice format. Standard questions present a question with four answer options. Negative questions are standard questions with negatively worded stems. Missing Word questions feature a sentence with a missing word, and you must select the correct word from four options. List questions present a list of four statements, and you must choose the two correct statements. The PRINCE2 7 Foundation examination will consist of five (5) sections with the following structure: 1. Understand key concepts

relating to projects and PRINCE2: 3% 2. Understand how the PRINCE2 principles underpin the PRINCE2 method: 8% 3. Understand the importance of people in successful projects: 14% 4. Understand the PRINCE2 practices and how they are applied throughout the project: 60% 5. Understand the PRINCE2 processes and how they are carried out throughout the project: 15% Welcome!

In this book, you will receive a crash course that will introduce you to everything you need to know in order to pass the PRINCE2® Foundation certification exam. This book covers just the essentials with no fluff, filler, or extra material, so you can learn the material quickly and conquer the certification exam with ease. This book assumes that you have no previous experience with the PRINCE2® methodology and will teach you the bare minimum you need to know in order to take and pass the PRINCE2® Foundation certification exam

on your first attempt. This book will NOT teach you everything you need to know to be efficient or effective in implementing the PRINCE2® methodology in your organization, but it will make you familiar with all the principles, themes, and processes that PRINCE2® uses during successful projects. After all, this text is designed to get you to pass the certification exam, not to make you an expert in PRINCE2®. Due to the design of this text, we will move at a very quick pace through the material. If you read this entire book and take the practice exams located at the end of the text (scoring at least an 85% or higher), you will be ready to take and pass the PRINCE2® Foundation exam on your first attempt! This book also includes free

access to our PRINCE2® Foundation: Cram to Pass video course (a \$19.99 value) when you register your copy at our website (DionTraining.com).
