An insightful new biography of Joseph Goebbels, Propaganda Minister of the 'Third Reich' and one of the most important and troubling figures of the twentieth century. The first account to use all of Goebbels' surviving diaries, it sheds new light on his personality, private life and political convictions, as well as his relationship with Hitler.

The sheer magnitude of the Holocaust has commanded our attention for the past sixty years. The extent of atrocities, however, has overshadowed the calculus Nazis used to justify their deeds. According to German wartime media, it was German citizens who were targeted for extinction by a vast international conspiracy. Leading the assault was an insidious, belligerent Jewish clique, so crafty and powerful that it managed to manipulate the actions of Roosevelt, Churchill, and Stalin. Hitler portrayed the Holocaust as a defensive act, a necessary move to destroy the Jews before they destroyed Germany. Joseph Goebbels, Minister of Propaganda, and Otto Dietrich's Press Office translated this fanatical vision into a coherent cautionary narrative, which the Nazi propaganda machine disseminated into the recesses of everyday life. Calling on impressive archival research, Jeffrey Herf recreates the wall posters that Germans saw while waiting for the streetcar, the radio speeches they heard at home or on the street, the headlines that blared from newsstands. *The Jewish Enemy* is the first extensive study of how anti-Semitism pervaded and shaped Nazi propaganda during World War II and the Holocaust, and how it pulled together the diverse elements of a delusory Nazi worldview. Here we find an original and haunting exposition of the ways in which Hitler legitimized war and genocide to his own people, as necessary to destroy an allegedly omnipotent Jewish foe. In an era when both anti-Semitism and conspiracy theories continue to influence world politics, Herf offers a timely reminder of their dangers along with

a fresh interpretation of the paranoia underlying the ideology of the Third Reich.

The Twisted Beliefs that Drove the Third Reich Oxford University Press

Joseph Goebbels, born in 1897, aspired to be an author, obtained a Ph.D from the University of Heidelberg in 1921. He joined the Nazi Party in 1924. After the Nazi seizure of power in 1933, Goebbels' Propaganda Ministry quickly gained and exerted controlling supervision over the news media, arts, and information in Germany. In 1943, Goebbels began to pressure Hitler to introduce measures that would produce "total war," including closing businesses not essential to the war effort, conscripting women into the labor force, and enlisting men in previously exempt occupations into the Wehrmacht. Hitler finally appointed him as Reich Plenipotentiary for Total War on 23 July 1944, whereby Goebbels undertook largely unsuccessful measures to increase the number of people available for armaments production and the Wehrmacht. As the war drew to a close and Nazi Germany faced defeat, his wife Magda and their children joined him in Berlin. They moved into Hitler's bunker. Hitler committed suicide on April 20, 1945. In accordance with Hitler's will, Goebbels succeeded him as Reichschancellor; he served one day in this post. The following day, Goebbels and his wife committed suicide, after poisoning their six children with cyanide. Stephen R. Pastore is a novelist, playwright, poet and literary biographer/bibliographer. Born in New York City, he is the author of *The Art of Adolf Hitler*, *The Complete Paintings of Adolf Hitler*, *Adolf Before He Was Hitler* and is the editor of *Mein Kampf: A Descriptive Bibliography*.

Summary: Among those who aided and made possible Hitler's rise to power was Joseph Goebbels. In fact, although Goebbels initially

disagreed with Hitler's views, in the end Goebbels was key to the establishment of the Third Reich.

After Hitler Simon and Schuster

This is a truly unique account of Nazi Germany at war and of one man's struggle against totalitarianism. A mid-level official in a provincial town, Friedrich Kellner kept a secret diary from 1939 to 1945, risking his life to record Germany's path to dictatorship and genocide and to protest his countrymen's complicity in the regime's brutalities. Just one month into the war he notes how soldiers on leave spoke openly about the extermination of the Jews and the murder of POWs while he also documents the Gestapo's merciless rule at home from euthanasia campaigns against the handicapped and mentally ill to the execution of anyone found listening to foreign broadcasts. This essential testimony of everyday life under the Third Reich is accompanied by a foreword by Alan Steinweis and the remarkable story of how the diary was brought to light by Robert Scott Kellner, Friedrich's grandson.

At age thirty in 1919, Adolf Hitler had no accomplishments. He was a rootless loner, a corporal in a shattered army, without money or prospects. A little more than twenty years later, in autumn 1941, he directed his dynamic forces against the Soviet Union, and in December, the Germans were at the gates of Moscow and Leningrad. At that moment, Hitler appeared--however briefly--to be the most powerful ruler on the planet. Given this dramatic turn of events, it is little wonder that since 1945 generations of historians keep trying to explain how it all happened. This richly illustrated history provides a readable and fresh approach to the complex history of the Third Reich, from the coming to power of the Nazis in 1933 to the final collapse in 1945. Using photographs, paintings, propaganda images, and a host of other such materials from a wide range of sources, including official documents, cinema, and the photography of contemporary amateurs, foreigners, and the Allied armies, it distills our ideas about the period and provides a balanced and accessible account of the whole era.

Charisma and Community Simon and Schuster

For more than 80 years, images of the Third Reich have appeared in newsreels, documentaries, and fictional stories—from comedies and musicals to war, horror and science fiction films. Many of these representations say as much about the filmmakers as they do about Nazism itself. Hollywood often used the brutal Nazi as an all-purpose villain in escapist adventures set during and after the war, but just as often used him to attack the evil he symbolized. Drawing on studio files, correspondence of the Production Code office and the writings of noted historians and critics, this book describes the making of many such films produced in Hollywood, Nazi Germany, the Soviet Union and Eastern Bloc nations. Biographies of several military and political figures who served as the basis for Nazi characters compare the cinematic and real-life versions.

National Book Award Winner: The definitive account of Nazi Germany and “one of the most important works of history of our time” (The New York Times). When the Third Reich fell, it fell swiftly. The Nazis had little time to destroy their memos, their letters, or their diaries. William L. Shirer’s sweeping account of the Third Reich uses these unique sources, combined with his experience living in Germany as an international correspondent throughout the war. The Rise and Fall of the Third Reich earned Shirer a National Book Award and continues to be recognized as one of the most important and authoritative books about the Third Reich and Nazi Germany ever written. The diaries of propaganda minister Joseph Goebbels, as well as evidence and other testimony gained at the Nuremberg Trials, could not have found more artful hands. Shirer gives a clear, detailed, and well-documented account of how it was that Adolf Hitler almost succeeded in conquering the world. With millions of copies in print, The Rise and Fall of the Third Reich is a chilling and illuminating portrait of mankind’s darkest hours. “A monumental work.” —Theodore H. White

Party is an indispensable guide to the history of the Nazi party between its initial electoral breakthrough in 1930 and its victory in 1933. Joseph Goebbels was the most notorious demagogue of the twentieth century, and Hitler’s closest confidant. This book uses his complete diary from 1923-1945, only recently released from the Soviet Union, to present a challenging new interpretation of his life. It charts Goebbels’ rise from provincial obscurity in the Rhineland, through his emergence as the most dynamic speaker of the Nazi Party and the Gauleiter of Berlin in the 1920s, to his appointment as Hitler’s Propaganda Minister in 1933. Combining analysis of Goebbels’ relationships with women and of his political career, it argues that there were clear threads running through his life, from a turbulent adolescence through to his death. Goebbels’ love of German culture, his obsession with ‘sacrifice’, his fascination for Hitler, and his hatred of the Jews led him into a fatal involvement with German politics which culminated in his suicide, together with his wife and six children, in Hitler’s bunker in 1945.

Doctor Goebbels RosettaBooks

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE TELEGRAPH • From renowned German Holocaust historian Peter Longerich comes the definitive one-volume biography of Adolf Hitler’s malevolent minister of propaganda. In life, and in the grisly manner of his death, Joseph Goebbels was one of Adolf Hitler’s most loyal acolytes. By the end, no one in the Berlin bunker was closer to the Führer than his devoted Reich minister for public enlightenment and propaganda. But how did this

clubfooted son of a factory worker rise from obscurity to become Hitler’s most trusted lieutenant and personally anointed successor? In this ground-breaking biography, Peter Longerich sifts through the historical record—and thirty thousand pages of Goebbels’s own diary entries—to provide the answer to that question. Longerich, the first historian to make use of the Goebbels diaries in a biographical work, engages and challenges the self-serving portrait the propaganda chief left behind. Spanning thirty years, the diaries paint a chilling picture of a man driven by a narcissistic desire for recognition who found the personal affirmation he craved within the virulently racist National Socialist movement. Delving into the mind of his subject, Longerich reveals how Goebbels’s lifelong search for a charismatic father figure inexorably led him to Hitler, to whom he ascribed almost godlike powers. This comprehensive biography documents Goebbels’s ascent through the ranks of the Nazi Party, where he became a member of the Führer’s inner circle and launched a brutal campaign of anti-Semitic propaganda. Though endowed with near-dictatorial control of the media—film, radio, press, and the fine arts—Longerich’s Goebbels is a man dogged by insecurities and beset by bureaucratic infighting. He feuds with his bitter rivals Hermann Göring and Alfred Rosenberg, unsuccessfully advocates for a more radical line of “total war,” and is thwarted in his attempt to pursue a separate peace with the Allies during the waning days of World War II. This book also reveals, as never before, Goebbels’s twisted personal life—his mawkish sentimentality, manipulative nature, and voracious sexual appetite. A harrowing look at the life of one of history’s greatest monsters, Goebbels delivers fresh insight into how the Nazi message of hate was conceived, nurtured, and disseminated. This complete portrait of the man behind that message is sure to become a standard for historians and students of the Holocaust for decades to come. Praise for Goebbels “Peter Longerich . . . has delved into rarely accessed material from his subject’s diaries, which span thirty years, to paint a remarkable portrait of the man who became one of Hitler’s most trusted lieutenants.”—The Daily Telegraph Praise for Heinrich Himmler “There have been several studies of this enigmatic man, but Peter Longerich’s massive biography, grounded in exhaustive study of the primary sources, is now the standard work and must stand alongside Ian Kershaw’s Hitler, Ulrich Herbert’s Best and Robert Gerwarth’s Hitler’s

Hangman: The Life of Heydrich as one of the landmark Nazi biographies. As the author of a celebrated study of the Holocaust, Longerich is better able than his predecessors to situate Himmler within the vast machinery of genocide. And he brings to his task a gift for capturing those mannerisms that are the intimate markers of personality."—London Review of Books "[An] excellent and comprehensive biography."—The New York Review of Books

"Up to the last moment, his overwhelming, despotic authority aroused false hopes and deceived his people and his entourage. Only at the end, when I watched the inglorious collapse and the obstinacy of his final downfall, was I able suddenly to fit together the bits of mosaic I had been amassing for twelve years into a complete picture of his opaque and sphinx like personality. If my contemporaries fail to understand me, those who came after will surely profit from this account."—Otto Dietrich

When Otto Dietrich was invited in 1933 to become Adolf Hitler's press chief, he accepted with the simple uncritical conviction that Adolf Hitler was a great man, dedicated to promoting peace and welfare for the German people. At the end of the war, imprisoned and disillusioned, Otto Dietrich sat down to write what he had seen and heard in twelve years of the closest association with Hitler, requesting that it be published after his death. Dietrich's role placed him in a privileged position. He was hired by Hitler in 1933, was his confidant until 1945, and he worked—and clashed—with Joseph Goebbels. His direct, personal experience of life at the heat of the Reich makes for compelling reading.

From the Kaiserhof to the Reich Chancellery The History Press

The Berlin newspaper *Der Angriff* (The Attack), founded by Joseph

Goebbels in 1927, was a significant instrument for arousing support for Nazi ideas. Berlin was the center of the political life of the Weimar Republic, and Goebbels became an actor upon this frenetic stage in 1926, becoming Gauleiter of Berlin's Nazis. Focusing on the period from 1927 to 1933, a time the Nazis later called "the blood years," Russel Lemmons examines how *Der Angriff* was used to promote support for Nazism. Some of the most important propaganda motifs of the Third Reich first appeared in the pages of *Der Angriff*. Horst Wessel, murdered by the German Communist Party in 1930, became the archetypal Nazi hero; much of his legend began on the pages of *Der Angriff*. Other Nazi propaganda themes—the "Unknown SA man" and the "myth of resurrection and return"—made their first appearances in this newspaper. How could the Germans, seemingly among the most cultured people in Europe, hand over their fate to the Nazis? As this book demonstrates, *Der Angriff* had much to do with the rise of National Socialism in Berlin and the cataclysmic results.

Joseph Goebbels Simon and Schuster

Quite possibly the most dangerous and intelligent member of the Nazi hierarchy, Joseph Goebbels's flair for propaganda and spectacular organization ensured the fu"hrer's rise to power. As founder of the Reich Chamber of Culture, gauleiter of Berlin, and architect of complex machinery of modern totalitarian propaganda, Goebbels is considered one of the most evil figures of the twentieth century. It was through his understanding of the instruments of "public enlightenment" that the dictatorship was built and maintained. Through interviews with his friends and family and with information from his own unpublished diary, a remarkable picture of Goebbels emerges.

[How Jews Foiled Nazi Plots Against Hollywood and America](#) Oxford University Press, USA

A true account of Hitler's rise to power in Germany, from Pre-WWI Germany up to Hitler's invasion of Poland in 1939. The book includes accounts of historical events including the reign of Otto von Bismarck, aspects of the Holy Roman Empire, events of WWI, Weimar Republic, formation of the Soviet Union, and other historical events of the era. Adolf Hitler understood the power of perception, and specifically concerning the manner in which humans process such perceptions in our never-ending pursuit of contentment. Perceptions define who we are, our beliefs, our values, who we love and who we hate, and all within perceptual spatial proximity of others, and as such can be used to control us. The ability of government leaders to use this knowledge in creating a leadership environment that portends to support our definitions of contentment thus have the power of bohemian persuasion over us.
